		Notes:				

Student Attendance	
Big Sky School	Glendale School
August: 99.5%	August: 95.4%
September: 99.3%	September: 97.3%
October: 99.1%	October: 94.9%
November: 97.6%	November: 99.1%
December: 96.9%	December: 97.8%
January: 93.9%	January: 93.1%
February:	February:
March:	March:

April:	April:
May:	May:

### **Staff Attendance:**

August-81%  
September-98%  
October-81%  
November-96%  
December-95%  
January-97%

### **Strengths:**

The strength of both Glendale & Big Sky Schools is the staff and student attendance. Both schools consistently to have staff attendance above 95% and student attendance is also averaging above 95%.

### **Concerns/Needs:**

With two teacher retirements at the end of the 24-25 school year, the colony schools will need two replacement teachers for 25-26. The rural nature of these schools makes it difficult to recruit and retain highly qualified staff with experience in a multi-grade setting.

We have had a 93% attendance rate for the second quarter. All report cards were handed out. We were able to complete the Aimsweb testing and the second MAST test. The students made checkerboards. Students who were familiar with the game taught the students who were new to it. Then we had a checkers tournament.

The rangers took our students snowshoeing. We had great weather for it and the students really enjoyed themselves. The first through fourth graders have been learning and comparing the planets in our solar system. They have recorded their information in booklets. They are excited to show their work.

Respectfully submitted,  
Mrs. Gregoire  
Mrs. Christoferson
