Preface

Parents and Students:

Welcome to the new school year!

Education is a team effort, and students, parents, teachers, and other staff members working together can make this a successful year.

The Marble Falls ISD Student Handbook is a general reference guide that is divided into two sections:

Section I: Parental Rights will help you respond to school-related issues regarding curriculum and the school environment.

Section II: Other Important Information for Parents and Students is organized alphabetically by topic. Where applicable, it is divided by age and/or grade level.

Note: Unless otherwise noted, the term “parent” refers to the parent, legal guardian, any person granted some other type of lawful control of a student, or any other person who has agreed to assume school-related responsibility for a student.

The Student Handbook is designed to align with board policy and the Student Code of Conduct, a board-adopted document intended to promote school safety and an atmosphere for learning. The Student Handbook is **not** meant to be a complete statement of all policies, procedures, or rules in any given circumstance.

In case of conflicts between board policy (including the Student Code of Conduct) and any Student Handbook provision, the district will follow board policy and the Student Code of Conduct.

Therefore, parents and students should become familiar with the Marble Falls ISD Student Code of Conduct. To review the Code of Conduct, visit the district’s website at www.mfisd.org State law requires that the Code of Conduct be prominently displayed or made available for review at each campus.

A hard copy of either the Student Code of Conduct or Student Handbook can be requested at any MFISD Campus or at the administration office.

The Student Handbook is updated annually; however, policy adoption and revisions may occur throughout the year. The district encourages parents to stay informed of proposed policy changes by attending board meetings and reviewing newsletter and other communications explaining changes in policy or other rules that affect Student Handbook provisions. The district reserves the right to modify the Student Handbook at any time. Notice of revisions will be provided as is reasonably practical.

Although the Student Handbook may refer to rights established through law or district policy, it does not create additional rights for parents and students. It does not, nor is it intended to, represent a contract between any parent or student and the district.

For questions about the material in this handbook, please contact a campus administrator.

Please review your selections in regard to the following items that were part of your student online registration process:

- Acknowledgment of Electronic Distribution of Student Handbook,
- Notice Regarding Directory Information and Parent's Response Regarding Release of Student Information,
- Parent's Objection to the Release of Student Information to Military Recruiters and Institutions of Higher Education (if you choose to restrict the release of information to these entities), and
- Consent/Opt-Out Form.

[See **Objecting to the Release of Directory Information** on page 13 and **Consent Required Before Student Participation in a Federally Funded Survey, Analysis, or Evaluation** on page 14 for more information.]

Note: References to board policy codes are included for ease of reference. The hard copy of the district's official policy manual is available for review in the Superintendent's office, and an unofficial electronic copy is available at www.mfisd.org.

Accessibility

If you have difficulty accessing this handbook because of a disability, please contact the administrative office at 830-693-4357.

Section I: Parental Rights

This section describes certain parental rights as specified in state or federal law.

Consent, Opt-Out, and Refusal Rights

Consent to Conduct a Psychological or Psychiatric Evaluation

Unless required under state or federal law, a district employee or contractor of the district will not conduct a psychological or psychiatric examination, test, or treatment without obtaining prior written parental consent.

Note: An evaluation may be legally required under special education rules or by the Texas Education Agency for child abuse investigations and reports.

Consent to Human Sexuality Instruction

Annual Notification

As a part of the district's curriculum, students receive instruction related to human sexuality. The School Health Advisory Council (SHAC) makes recommendations for course materials, and the school board adopts the materials and determines the specific content of the instruction.

Marble Falls ISD, with guidance from the School Health Advisory Council (SHAC), has approved curriculum that will be used to teach this topic and has determined grade level(s) that will receive instruction on this topic.

The grades 4 & 5 lessons are from the Quaver state adopted resource with girls and boys receiving instruction separately. The grades 6-8 lessons are from the Goodheart Wilcox, state adopted resource.

As a parent/guardian, you have the right to preview the curriculum. Please contact the school counselor for an appointment if you wish to review the content/lessons.

As required by law, the District must obtain written consent before a student can be provided human growth and development/human sexuality instruction. Letters will be sent at least 14 days before instruction for parent permission to opt-in their child to human growth and development/human sexuality instruction. Instruction in human growth and development/human sexuality will happen in May of each school year. Students not permitted to participate in the human growth and development/human sexuality instruction will be assigned an alternative instructional activity.

If you have questions, please reach out to your child's school counselor.

A parent is entitled to review the curriculum materials. In addition, a parent may remove his or her child from any part of the human sexuality instruction without academic, disciplinary, or other penalties. A parent may also choose to become more involved with the development of this curriculum by becoming a member of the district's SHAC. (See the campus principal for details.)

For further information, see the district's human sexuality instruction website at www.mfisd.org

In accordance with state law, a parent may:

- Review, receive a copy of, or purchase a copy of curriculum materials depending on the copyright of the materials.
- Remove his or her child from any part of the human sexuality instruction without academic, disciplinary, or other penalties.
- Become involved in the development of this curriculum by becoming a member of the district's SHAC or attending SHAC meetings. (See the campus principal for details.)
- Use the district's grievance procedure concerning a complaint. See **Complaints and Concerns (All Grade Levels)** on page 52 and FNG(LOCAL).

State law also requires that instruction related to human sexuality, sexually transmitted diseases, or human immunodeficiency virus (HIV) or acquired immune deficiency syndrome (AIDS):

- Present abstinence from sexual activity as the preferred choice in relationship to all sexual activity for unmarried persons of school age;
- Devote more attention to abstinence from sexual activity than to any other behavior;

- Emphasize that abstinence, if used consistently and correctly, is the only method that is 100 percent effective in preventing pregnancy, sexually transmitted infections, and the emotional trauma associated with adolescent sexual activity;
- Direct adolescents to abstain from sexual activity before marriage as the most effective way to prevent pregnancy and sexually transmitted diseases; and
- If included in the content of the curriculum, teach contraception and condom use in terms of human use reality rates instead of theoretical laboratory rates.

[See **Consent to Instruction of Prevention of Child Abuse, Family Violence, Dating Violence, and Sex Trafficking** on page 9.]

Consent Before Human Sexuality Instruction

Before a student receives human sexuality instruction, the parent must give written consent. Parents will be sent a request for written consent at least 14 days before the instruction will begin.

Annual Notification

Students receive instruction related to the prevention of child abuse, family violence, dating violence, and sex trafficking. The School Health Advisory Council (SHAC) makes recommendations for curriculum materials, and the school board adopts the materials and determines the specific content of the instruction.

Marble Falls ISD, with guidance from the School Health Advisory Council (SHAC), has approved the curriculum that will be used to teach each of these topics and has determined the grade level(s) that will receive instruction on each of the topics. Parents/guardians must provide consent before their child can receive instruction in the specified topics. Without opt-in consent, students will be unable to participate in the lessons.

Parents/guardians have the right to preview the materials at any time and may request to review curriculum materials in advance of instruction by contacting the school counselor at each campus. At least 14 days before instruction, parents will receive permission forms with additional information, including parent preview opportunities.

Adopted materials:

- Prekindergarten, Three Year Old's
 - School counselor read aloud book "We Ask Permission", by Lydia Bowers, with scripted lesson.
 - School counselor read aloud book "We Can Say No", by Lydia Bowers, with scripted lesson.
- Prekindergarten, Four Year Old's

- School counselor read aloud book “We Ask Permission”, by Lydia Bowers, with scripted lesson.
- School counselor read aloud book “We Can Say No”, by Lydia Bowers, with scripted lesson.
- **Play It Safe** lesson for prekindergarten led by campus school counselor.
- Kindergarten – Grade 8
 - **Play It Safe** lessons targeted at each grade level.
 - The curriculum in grades kindergarten thru grade 8 is provided by and facilitated through a community partner, **Hill Country Children’s Advocacy Center.**
- Grades 9-12
 - **Not A Number** lessons led by school counselors with student groups

For further information, see the district’s abuse prevention instruction website at www.mfisd.org

In accordance with state law, a parent may:

- Review, receive a copy of, or purchase a copy of curriculum materials depending on the copyright of the materials. As required by law, any curriculum materials in the public domain used in this instruction will be posted on the district’s website at the location indicated above.
- Remove his or her child from any part of this instruction without academic, disciplinary, or other penalties.
- Become involved in the development of this curriculum by becoming a member of the district’s SHAC or attending SHAC meetings. (See the campus principal for details.)
- Use the district’s grievance procedure concerning a complaint. See **Complaints and Concerns (All Grade Levels)** on page 52 and FNG for information on the grievance and appeals process.

[See [Consent to Human Sexuality Instruction](#), [Dating Violence](#); and [Child Abuse, Neglect, School Staff Misconduct, Trafficking, and Other Maltreatment of Children](#) (All grade Levels) on page 40]

Consent Before Instruction on Prevention of Child Abuse, Family Violence, Dating Violence, and Sex Trafficking

Before a student receives instruction on the prevention of child abuse, family violence, dating violence and sex trafficking, the district must obtain written consent from the

student's parent. Parents will be sent a request for written consent at least 14 days before the instruction will begin.

Consent to Provide a Mental-Health Care Service

The district will not provide a mental health care service to a student or conduct a medical screening of a student as part of the district's intervention procedures except as permitted by law.

The district has established procedures for recommending to a parent an intervention for a student with early warning signs of mental health concerns, substance abuse, or suicide risk. The district's mental health liaison will notify the student's parent within a reasonable amount of time after the liaison learns that a student has displayed early warning signs and provide information about available counseling options.

Once a staff has learned of a student outcry, a campus counselor or administrator will begin the process of administering a Risk Assessment. Parents will be contacted and further steps and procedures will be followed. The district has also established procedures for staff to notify the mental health liaison regarding a student who may need intervention. The mental health liaison, Kaitlin Puckett, MFISD Social Worker, 830-693-4357 can provide further information regarding these procedures as well as educational materials on identifying risk factors, accessing resources for treatment or support on- and off-campus, and accessing available student accommodations provided on campus.

The district has also established procedures for staff to notify the mental health liaison regarding a student who may need intervention.

The mental health liaison can be reached at:

Kaitlin Puckett, 1800 Colt Circle, Marble Falls, TX 78654, 830-693-4357,
kpuckett@mfisd.org

The mental health liaison can provide further information regarding these procedures as well as curriculum materials on identifying risk factors, accessing resources for treatment or support on and off campus, and accessing available student accommodations provided on campus.

For further information, see Mental Health Support on page 59.

Consent to Display a Student's Original Works and Personal Information

Teachers may display a student's work in classrooms or elsewhere on campus as recognition of student achievement without seeking prior parental consent. These displays may include personally identifiable student information. Student work includes:

- Artwork,
- Special projects,

- Photographs,
- Original videos or voice recordings, and
- Other original works.

However, the district will seek parental consent before displaying a student's work on the district's website, a website affiliated or sponsored by the district (such as a campus or classroom website), or in district publications, which may include printed materials, videos, or other methods of mass communication.

Consent to Video or Audio Record a Student when Not Already Permitted by Law

State law permits the school to make a video or voice recording without parental permission when the recording is to be used for:

- School safety
- Classroom instruction or a cocurricular or extracurricular activity
- Media coverage of the school
- Promotion of student safety as provided by law for a student receiving special education services in certain settings.

In other circumstances, the district will seek written parental consent before making a video or voice recording of a student.

Please note that parents and visitors to a classroom, both virtual and in person, may not record video or audio or take photographs or other still images without permission from the teacher or other school official.

Opting Out of Advanced Mathematics in Grades 6-8

The district will automatically enroll a student in grade 6 in an advanced mathematics course if the student performed in the top 60 percent on the grade 5 mathematics STAAR or in the top 40 percent on a local measure that demonstrates proficiency in the student's grade 5 mathematics course work.

Enrollment in an advanced mathematics course in grade 6 will enable students to enroll in Algebra I in grade 8 and advanced mathematics in grades 9-12.

The student's parent may opt the student out of automatic enrollment in an advanced mathematics course.

Prohibiting the Use of Corporal Punishment

Corporal punishment—spanking or paddling a student—may be used as a discipline management technique in accordance with the Student Code of Conduct and district policy FO(LOCAL).

However, in accordance with law, the district may not administer corporal punishment if a student's parent submits a signed, written statement prohibiting its use.

Included in the Student Online Registration process is a section where you will indicate whether you wish to allow or not allow corporal punishment to be administered to your child as a method of student discipline. At any time during the school year should you decide to revoke the prohibition of corporal punishment as a means of discipline for your student you may do so by providing a signed statement to the campus principal. However, district personnel may choose to use discipline methods other than corporal punishment even if the parent request that this method be used with the student.

- District personnel may use discipline methods other than corporal punishment if a parent requests that corporal punishment not be used.
- If the district knows that a student is in temporary or permanent custody of the state (through foster care, kinship care, or other arrangements), corporal punishment will not be administered, even when the student's caregiver or caseworker has not submitted a signed statement prohibiting its use.

Limiting Electronic Communications between Students and District Employees

The district permits teachers and other approved employees to use electronic communications with students within the scope of professional responsibilities, as described by district guidelines.

For example, a teacher may create a social networking page for his or her class to relay information regarding class work, homework, and tests. A parent is welcome to such a page.

However, text messages sent to an individual student are only allowed if a district employee with responsibility for an extracurricular activity must communicate with a student participating in that activity.

The employee is required to include the student's parent as a recipient on all text messages.

A parent who does not want his or her child to receive one-to-one electronic communications from a district employee should contact the campus principal.

Objecting to the Release of Directory Information

The Family Educational Rights and Privacy Act, or FERPA, permits the district to disclose appropriately designated “directory information” from a student’s education records without written consent.

“Directory information” is information that, if released, is generally not considered harmful or an invasion of privacy. Examples include:

- A student’s photograph (for publication in the school yearbook);
- A student’s name and grade level (for communicating class and teacher assignments);
- The name, weight, and height of an athlete (for publication in a school athletic program);
- A list of student birthdays (for generating schoolwide or classroom recognition);
- A student’s name and photograph (posted on a district-approved and managed social media platform); and
- The names and grade levels of students submitted by the district to a local newspaper or other community publication (to recognize the A/B honor roll for a specific grading period.)

Directory information will be released to anyone who follows procedures for requesting it.

However, a parent or eligible student may object to the release of this information. This objection must be made in the student online registration process where you will be given the option to allow or not allow the district to release this information in regard to your student. [See Notice Regarding Directory Information and Parent’s Response Regarding Release of Student Information, in the online enrollment process]

The district requests that families living in a shelter for survivors of family violence or trafficking notify district personnel that the student currently resides in such a shelter. Families may want to opt out of the release of directory information so that the district does not release any information that might reveal the location of such a shelter.

As allowed by state law, the district has identified two directory information lists—one for school-sponsored purposes and the second for all other requests. For all district publications and announcements, the district has designated the following as directory information: student name, address, telephone listing, photograph, grade level, participation in officially recognized activities and sports, degrees, honors and awards received at school, and weight and height of members of athletic teams. If you do not object to the use of your child’s information for these limited school-sponsored purposes, the school will not need to ask your permission each time the district wishes to use the information for the school-sponsored purposes listed above.

For all other purposes, the district has identified the following as directory information: student name, address, telephone listing, and grade level. If a parent does not object to

the use of the student's information for these purposes, the school must release this information when requested by an outside entity or individual.

Note: Review **Authorized Inspection and Use of Student Records** on page 19.

Objecting to the Release of Student Information to Military Recruiters and Institutions of Higher Education

(Secondary Grade Levels Only)

Unless a parent has advised the district not to release his or her student's information, the Every Student Succeeds Act (ESSA) requires the district to comply with requests by military recruiters or institutions of higher education to provide the following information about students:

- Name,
- Address, and
- Telephone listing.

The option to not provide this information to military recruiters is available in the online student registration process.

Participation in Third-Party Surveys

Consent Required Before Student Participation in a Federally Funded Survey.

The Protection of Pupil Rights Amendment (PPRA) provides parents certain rights regarding participation in surveys, the collection and use of information for marketing purposes, and certain physical exams.

A parent has the right to consent before a student is required to submit to a survey funded by the U.S. Department of Education that concerns any of the following protected areas:

- Political affiliations or beliefs of the student or the student's parent;
- Mental or psychological problems of the student or the student's family;
- Sex behavior or attitudes;
- Illegal, antisocial, self-incriminating, or demeaning behavior;
- Critical appraisals of individuals with whom the student has a close family relationship;
- Legally recognized privileged relationships, such as with lawyers, doctors, and ministers.
- Religious practices, affiliations, or beliefs of the student or parent; or

- Income, except when the information is required by law and will be used to determine the student’s eligibility to participate in or receive financial assistance under a program.

A parent may inspect the survey or other instrument and any corresponding instructional materials used in connection with such a survey. [For more information, see policy EF(LEGAL).]

“Opting Out” of Participation in Other Types of Surveys or Screenings and the Disclosure of Personal Information

The PPRA gives parents the right to receive notice and an opportunity to opt a student out of:

- Activities involving the collection, disclosure, or use of personal information gathered from the child for the purpose of marketing, selling, or otherwise disclosing that information to others.
- Any nonemergency, invasive physical examination or screening required as a condition of attendance, administered and scheduled by the school in advance, and not necessary to protect the immediate health and safety of the student.

Exceptions are hearing, vision, or spinal screenings, or any physical examination or screening permitted or required under state law. [See policies EF and FFAA.]

A parent may inspect:

- Protected information surveys of students and surveys created by a third party;
- Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
- Instructional material used as part of the educational curriculum.

The ED provides extensive information about the [Protection of Pupil Rights Amendment](#), including a [PPRA Complaint Form](#).

Removing a Student from Instruction or Excusing a Student from a Required Component of Instruction

See **Consent to Human Sexuality Instruction** and [Consent to Instruction on Prevention of Child Abuse, Family Violence, Dating Violence, and Sex Trafficking](#) for information on a parent’s right to remove a student from such instruction.

Reciting a Portion of the Declaration of Independence in Grades 3–12

State law designates the week of September 17 as Celebrate Freedom Week and requires all social studies classes provide the following:

- Instruction concerning the intent, meaning, and importance of the Declaration of Independence and the U.S. Constitution, and
- A specific recitation from the Declaration of Independence for students in grades 3–12.

Per state law, a student may be excused from recitation of a portion of the Declaration of Independence if any of the following apply:

- A parent provides a written statement requesting that his or her child be excused,
- The district determines that the student has a conscientious objection to the recitation, or
- A parent is a representative of a foreign government to whom the U.S. government extends diplomatic immunity.

[See policy EHBK(LEGAL).]

Reciting the Pledges to the U.S. and Texas Flags

A parent may request that his or her child be excused from participation in the daily recitation of the Pledge of Allegiance to the U.S. flag and the Pledge of Allegiance to the Texas flag. The request must be made in writing.

State law, however, requires that all students participate in one minute of silence following recitation of the pledges.

[See **Pledges of Allegiance and a Minute of Silence** on page 101 and policy EC(LEGAL).]

Religious or Moral Beliefs

A parent may remove his or her child temporarily from the classroom if a scheduled instructional activity conflicts with the parent's religious or moral beliefs.

The removal may not be used to avoid a test and may not extend for an entire semester. The student must also satisfy grade-level and graduation requirements as determined by the school and by state law.

Tutoring or Test Preparation

A teacher may determine that a student needs additional targeted assistance for the student to achieve mastery in state-developed essential knowledge and skills based on:

- Informal observations,
- Evaluative data such as grades earned on assignments or tests, or
- Results from diagnostic assessments.

The school will always attempt to provide tutoring and strategies for test-taking in ways that prevent removal from other instruction as much as possible.

In accordance with state law and policy EC, districts must obtain parental permission before removing a student from a regularly scheduled class for remedial tutoring or test preparation for more than ten percent of the days the class is offered.

If a district offers tutorial services to students, state law requires a student with a grade below 70 for a reporting period to attend.

[For questions about school-provided tutoring programs, see policies EC and EHBC, and contact the student's teacher. See **Standardized Testing** for information regarding required accelerated instruction after a student fails to perform satisfactorily on certain state-mandated tests.]

Right of Access to Student Records, Instructional Materials, and District Records / Policies

Parent Review of Instructional Materials and Plan

A parent has the right to review teaching materials, textbooks, and other teaching aids and instructional materials used in the curriculum, and to examine tests that have been administered whether instruction is delivered in-person, virtually, or remotely.

The district will make instructional materials available for parent review no later than 30 days before the school year begins and for at least 30 days after the school year ends. However, tests that have not yet been administered will not be made available for parent examination.

The district will provide login credentials to each student's parent for any learning management system or online learning portal used in instruction to facilitate parent access and review.

A parent is also entitled to request that the school allow the student to take home instructional materials the student uses. The school may ask the student to return the materials at the beginning of the next school day.

A school must provide printed versions of electronic instructional materials to a student if the student does not have reliable access to technology at home.

[For information about parental access to any online library catalog and library materials, including records of their child's checked out library materials, see **Library (All Grade Levels)**.]

District Review of Instructional Materials

A parent may request that the district conduct an instructional material review in a math, English Language Arts, science, or social studies class in which the parent's student is

enrolled to determine alignment with state standards and the level of rigor for the grade level.

The district is not required to conduct an instructional material review for a specific subject area or grade level at a specific campus more than once per school year.

For more information about requesting an instructional material review contact the campus principal.

Notices of Certain Student Misconduct to Noncustodial Parent

A noncustodial parent may request in writing that he or she be provided, for the remainder of the school year, a copy of any written notice usually provided to a parent related to his or her child's misconduct that may involve placement in a disciplinary alternative education program (DAEP) or expulsion. [See policy FO(LEGAL) and the Student Code of Conduct.]

Participation in Federally Required, State-Mandated, and District Assessments

In accordance with the Every Student Succeeds Act (ESSA), a parent may request information regarding any federal, state, or district policy related to his or her child's participation in required assessments.

Student Records

Accessing Student Records

A parent may review his or her child's records, including

- Attendance records,
- Test scores,
- Grades,
- Disciplinary records,
- Counseling records,
- Psychological records,
- Applications for admission,
- Health and immunization information,
- Other medical records,
- Teacher and school counselor evaluations,
- Reports of behavioral patterns,

- Records relating to assistance provided for learning difficulties, including information collected regarding any intervention strategies used with the child, as the term “intervention strategy” is defined by law,
- Records relating to school library materials the child obtains from a school library [See Library (All Grade Levels) for more information.]
- State assessment instruments that have been administered to the child, and
- Teaching materials and tests used in the child’s classroom.

Authorized Inspection and Use of Student Records

The Family Educational Rights and Privacy Act (FERPA) affords parents and eligible students certain rights regarding student education records.

For purposes of student records, an “eligible” student is anyone age 18 or older or who attends a postsecondary educational institution. These rights, as discussed here and at **Objecting to the Release of Directory Information** on page 13, are the right to:

- Inspect and review student records within 45 days after the day the school receives a request for access;
- Request an amendment to a student record the parent or eligible student believes is inaccurate, misleading, or otherwise in violation of FERPA;
- Provide written consent before the school discloses personally identifiable information from the student’s records, except to the extent that FERPA authorizes disclosure without consent; and
- File a complaint(<https://studentprivacy.ed.gov/file-a-complaint>) with the U.S. Department of Education concerning failures by the school to comply with FERPA requirements.

Both FERPA and state laws safeguard student records from unauthorized inspection or use and provide parents and eligible students certain rights of privacy.

Before disclosing personally identifiable information from a student’s records, the district must verify the identity of the person, including a parent or the student, requesting the information.

Virtually all information pertaining to student performance—including grades, test results, and disciplinary records—is considered confidential educational records.

Inspection and release of student records is restricted to an eligible student or a student’s parent unless the school receives a copy of a court order terminating parental rights or the right to access a student’s education records. A parent’s rights regarding access to student records are not affected by the parent’s marital status.

Federal law requires that control of the records goes to the student as soon as the student meets at least one of the following criteria:

- Reaches the age of 18,

- Is emancipated by a court
- Enrolls in a postsecondary educational institution.

However, the parent may continue to have access to the records if the student is a dependent for tax purposes and, under limited circumstances, when there is a threat to the health and safety of the student or other individuals.

FERPA permits the disclosure of personally identifiable information from a student's education records without written consent of the parent or eligible student when district officials have what federal law refers to as a "legitimate educational interest" in a student's records.

Legitimate educational interest may include:

- Working with the student;
- Considering disciplinary or academic actions, the student's case, or an individualized education program for a student with disabilities;
- Compiling statistical data;
- Reviewing an educational record to fulfill the official's professional responsibility; or
- Investigating or evaluating programs.
- School officials may include:
 - Board members and employees, such as the superintendent, administrators, and principals;
 - Teachers, school counselors, diagnosticians, and support staff (including district health or medical staff);
 - A person or company with whom the district has contracted or allowed to provide a specific institutional service or function (such as an attorney, consultant, third-party vendor that offers online programs or software, auditor, medical consultant, therapist, school resource officer, or volunteer);
 - A person appointed to serve on a team to support the district's safe and supportive school program;
 - A parent or student serving on a school committee; or
 - A parent or student assisting a school official in the performance of his or her duties.

FERPA also permits the disclosure of personally identifiable information without written consent:

- To authorized representatives of various governmental agencies, including juvenile service providers, the U.S. Comptroller General's office, the U.S. Attorney General's office, the U.S. Secretary of Education, the Texas Education Agency, the U.S.

Secretary of Agriculture’s office, and Child Protective Services (CPS) caseworkers or, in certain cases, other child welfare representatives.

- To individuals or entities granted access in response to a subpoena or court order.
- To another school, district/system, or postsecondary educational institution to which a student seeks or intends to enroll or in which the student already is enrolled.
- In connection with financial aid for which a student has applied or has received.
- To accrediting organizations to carry out accrediting functions.
- To organizations conducting studies for, or on behalf of, the school to develop, validate, or administer predictive tests; administer student aid programs; or improve instruction.
- To appropriate officials in connection with a health or safety emergency.
- When the district discloses directory information-designated details. [To prohibit this disclosure, see **Objecting to the Release of Directory Information** on page 13.]

Release of personally identifiable information to any other person or agency—such as a prospective employer or for a scholarship application—will occur only with parental or student permission as appropriate.

The principal is custodian of all records for currently enrolled students at the assigned school. The superintendent is the custodian of all records for students who have withdrawn or graduated.

A parent or eligible student who wants to inspect the student’s records should submit a written request to the records custodian identifying the records he or she wants to inspect.

Records may be reviewed in person during regular school hours. The records custodian or designee will be available to explain the record and to answer questions.

A parent or eligible student who submits a written request and pays copying costs of ten cents per page may obtain copies. If circumstances prevent inspection during regular school hours and the student qualifies for free or reduced-price meals, the district will either provide a copy of the records requested or make other arrangements for the parent or student to review the records.

The address of the superintendent’s office is 1800 Colt Circle, Marble Falls, TX 78654

The contact information for each campus principal is as follows:

- Marble Falls High School- 2101 Mustang Drive, Marble Falls, TX 78654 830-693-4375
- Falls Career High School-1800 Colt Circle, Marble Falls, TX 78654 830-693-4357
- Marble Falls Middle School- 1511 Pony Circle, Marble Falls, TX 78654 830-693-4439
- Colt Elementary School- 2200 Manzano Mile, Marble Falls, TX 78654 830-693-3474
- Marble Falls Elementary School- 901 Avenue U, Marble Falls, TX 78654 830-693-2385

- Highland Lakes Elementary School- 8200 Hwy 1431 W, Marble Falls, TX 78654
830-798-3650
- Spicewood Elementary School- 1005 Spur 191, Spicewood, TX 78669 830-798-3675

A parent or eligible student may inspect the student's records and request a correction or amendment if the records are considered inaccurate, misleading, or otherwise in violation of the student's privacy rights.

A request to correct a student's record should be submitted to the appropriate custodian of records. The request must clearly identify the part of the record that should be corrected and include an explanation of how the information is inaccurate. If the district denies the request to amend the records, the parent or eligible student has the right to request a hearing. If after the hearing the records are not amended, the parent or eligible student has 30 school days to place a statement in the student's record.

Although improperly recorded grades may be challenged, contesting a student's grade in a course or on an examination is handled through the complaint process found in policy FNG(LOCAL). A grade issued by a teacher can be changed only if the board of trustees determines that the grade is arbitrary, erroneous, or inconsistent with the district's grading guidelines. [See Finality of Grades at FNG(LEGAL), **Report Cards/Progress Reports and Conferences** on page 104, and **Complaints and Concerns** on page 52.]

The district's student records policy is found at policy FL(LEGAL) and (LOCAL) and is available at the principal's or superintendent's office or on the district's website at www.mfisd.org.

Note: The parent's or eligible student's right of access to and copies of student records does not extend to all records. Materials that are not considered educational records—such as a teacher's personal notes about a student shared only with a substitute teacher—do not have to be made available.

Teacher and Staff Professional Qualifications

A parent may request information regarding the professional qualifications of his or her child's teachers, including whether the teacher:

- Has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction,
- Has an emergency permit or other provisional status for which state requirements have been waived, and
- Is currently teaching in the field of discipline of his or her certification.

The parent also has the right to request information about the qualifications of any paraprofessional who may provide services to the child.

A Student with Exceptionalities or Special Circumstances

Children of Military Families

The [Interstate Compact on Educational Opportunities for Military Children](#) entitles children of military families to flexibility regarding certain district and state requirements, including:

- Immunization requirements;
- Grade level, course, or educational program placement;
- Eligibility requirements for participation in extracurricular activities;
- Enrollment in virtual or hybrid courses offered by the district or another district or school and
- Graduation requirements.
- The district will excuse absences related to a student visiting a parent, including a stepparent or legal guardian, who is:
 - Called to active duty,
 - On leave, or
 - Returning from a deployment of at least four months.

The district will permit **no more than five** excused absences per year for this purpose. For the absence to be excused, the absence must occur no earlier than the 60th day before deployment or no later than the 30th day after the parent's return from deployment.

Additional information may be found at Military Family Resources at the Texas Education Agency (<https://tea.texas.gov/about-tea/other-services/military-family-resources>).

Parental Role in Certain Classroom and School Assignments

Multiple-Birth Siblings

State law permits a parent of multiple-birth siblings (e.g., twins, triplets) assigned to the same grade and campus to request in writing that the children be placed in either the same classroom or separate classrooms.

Written requests must be submitted by the 14th day after the students' enrollment. [See policy FDB(LEGAL).]

Safety Transfers / Assignments

The board or its designee will honor a parent's request to transfer his or her child to another classroom or campus if the district has determined that the child has been a victim of bullying, including cyberbullying, as defined by Education Code 37.0832.

The board may transfer a student who has engaged in bullying to another classroom. The board will consult with the parent of a child who has engaged in bullying before deciding to transfer the child to another campus.

Transportation is not provided for a transfer to another campus. See the [superintendent or principal] for more information.

[See Bullying on page 40, and policies FDB and FFI for more information.]

The district will honor a parent's request for the transfer of his or her child to a safe public school in the district or a neighboring district if the child attends a school identified by the Texas Education Agency as persistently dangerous or if the child has been a victim of a violent criminal offense while at school or on school grounds.

[See policy FDE for more information.]

The board will honor a parent's request for the transfer of his or her child to another district campus or a neighboring district if the child has been the victim of sexual assault by another student assigned to the same campus, whether the assault occurred on or off campus, and that student has been convicted of or placed on deferred adjudication for the assault. In accordance with policy FDE, if the victim does not wish to transfer, the board will transfer the assailant.

Student Use of a Service / Assistance Animal

A services animal must meet eligibility under law and/or Board Policy FBA(LEGAL). A parent of a student who uses a service/assistance animal because of the student's disability must submit a written request to the principal for approval before bringing the service/assistance animal on campus. The district will try to accommodate a request as soon as possible but will do so within ten district business days.

A Student in the Conservatorship of the State (Foster Care)

In an effort to provide educational stability, the district will provide enrollment and registration assistance, as well as other educational services throughout the student's enrollment, to any student who is currently placed or newly placed in foster care (temporary or permanent custody of the state, sometimes referred to as substitute care), with the provision of a valid and signed 2085 form.

A student in the conservatorship (custody) of the state who enrolls in the district after the beginning of the school year will be allowed credit-by-examination opportunities at any point during the year.

The district will assess the student's available records to determine transfer of credit for subjects and courses taken before the student's enrollment in the district.

The district will award partial course credit when the student only passes one half of a two- half course. [For provisions on partial course credit for students who are not in the conservatorship of the state, see EI(LOCAL).]

A student in the conservatorship of the state who is moved outside the district's or school's attendance boundaries—or who is initially placed in the conservatorship of the state and moved outside the district's or school's boundaries—is entitled to remain at the school the student was attending prior to the placement or move until the student reaches the highest grade level at that particular school, or to attend the school their current placement is zoned for.

If a student in grade 11 or 12 transfers to another district but does not meet the graduation requirements of the receiving district, the student can request a diploma from the previous district if the student meets its graduation criteria.

For a student in the conservatorship of the state who is eligible for a tuition and fee exemption under state law and likely to be in care on the day preceding the student's 18th birthday, the district will:

- Assist the student with the completion of applications for admission or financial aid;
- Arrange and accompany the student on campus visits;
- Assist in researching and applying for private or institution-sponsored scholarships;
- Identify whether the student is a candidate for appointment to a military academy;
- Assist the student in registering and preparing for college entrance examinations, including (subject to the availability of funds) arranging for the payment of examination fees by the Texas Department of Family and Protective Services (DFPS); and
- Coordinate contact between the student and a liaison officer for students formerly in the conservatorship of the state.

If you have any questions please contact Kaitlin Puckett at 830-693-4357 or kpucket@mfisd.org.

[See **Credit by Examination for Advancement/Acceleration** on page 56, **Course Credit** on page 56.)

A Student Who Is Homeless

A parent is encouraged to inform the district if his or her child is experiencing homelessness. District staff can share resources that may be able to assist families.

A student who is homeless will be provided flexibility regarding certain district provisions, including:

- Proof of residency requirements;

- Immunization requirements;
- Educational program placement (if the student is unable to provide previous academic records or misses an application deadline during a period of homelessness);
- Credit-by-examination opportunities at any point during the year (if the student enrolled in the district after the beginning of the school year), per State Board of Education (SBOE) rules;
- Assessment of the student’s available records to determine transfer of credit for subjects and courses taken before the student’s enrollment in the district;
- Awarding partial credit when a student passes only one half of a two-half course;
- Eligibility requirements for participation in extracurricular activities; and
- Graduation requirements.

Federal law allows a homeless student to remain enrolled in the “school of origin” or to enroll in a new school in the attendance area where the student is currently residing.

If a homeless student in grade 11 or 12 transfers to another district but does not meet the graduation requirements of the receiving district, state law allows the student to request a diploma from the previous district if the student meets the criteria to graduate from the previous district.

A student or parent who is dissatisfied by the district’s eligibility, school selection, or enrollment decision may appeal through policy FNG(LOCAL). The district will expedite local timelines, when possible, for prompt dispute resolution.

For more information please contact Kaitlin Puckett, MFISD Social Worker at 830-693-4357 or kpuckett@mfisd.forg.

[See **Credit by Examination for Advancement/Acceleration** on page 56, **Course Credit** on page 56, and **Homeless Students** for more information.]

A Student Who Has Learning Difficulties or Who Needs Special Education or Section 504 Services

For those students who are having difficulty in the regular classroom, all school districts must consider tutorial, compensatory, and other academic or behavior support services that are available to all students through the district’s multi-tiered system of academic and behavioral supports (MTSS). The provision of these intervention and support services, which might include (RTI) process, can have an impact on the ability of district to meet the needs of all students.

If a student is experiencing learning difficulties, his or her parent may contact the individuals listed below to learn about the school’s overall general education referral or screening system for support services.

This system links students to a variety of support options, including making a referral for a special education evaluation or for a Section 504 evaluation to determine whether the

student needs specific aids, accommodations, or services. A parent may request an evaluation for special education or Section 504 services at any time.

Special Education Referrals

If a parent makes a **written request** for an initial evaluation for special education services to the director of special education services or to a district administrative employee of the school district, the district must respond no later than **15 school days** after receiving the request. At that time, the district must give the parent prior written notice of whether it agrees or refuses to evaluate the student, along with a copy of the Notice of Procedural Safeguards. If the district agrees to evaluate the student, it must also give the parent the opportunity to give written consent for the evaluation.

Note: A request for a special education evaluation may be made verbally; it does not need to be made in writing. Districts must still comply with all federal prior-written notices and procedural safeguard requirements as well as the requirements for identifying, locating, and evaluating children who are suspected of having a disability and in need of special education. However, a verbal request does not require the district to respond within the 15 school-day timeline.

If the district decides to evaluate the student, it must complete the student's initial evaluation and evaluation report no later than 45 school days from the day it receives a parent's written consent. However, if the student is absent from school during the evaluation period for three or more school days, the evaluation period will be extended by the number of school days equal to the number of school days that the student is absent.

There is an **exception** to the 45-school-day timeline. If the district receives a parent's consent for the initial evaluation at least 35 but less than 45 school days before the last instructional day of the school year, it must complete the written report and provide a copy of the report to the parent by June 30 of that year. However, if the student is absent from school for three or more days during the evaluation period, the June 30 due date no longer applies. Instead, the general timeline of 45 school days plus extensions for absences of three or more days will apply.

Upon completing the evaluation, the district must give the parent a copy of the evaluation report at no cost.

Additional information regarding special education is available from the school district in a companion document titled Parent's Guide to the Admission, Review, and Dismissal Process.

Contact Person for Special Education Referrals

The contact person regarding options for a student experiencing learning difficulties or regarding a referral for evaluation for special education services is Dr. Shana Fancher at 830-693-4357, 1800 Colt Circle, Marble Falls TX 78654, sbunch-fancher@mfisd.org

For questions regarding post-secondary transitions, including the transition from education to employment, for students receiving special education services, contact the district's transition and employment designee: Dr. Shana Fancher at 830-693-4357, 1800 Colt Circle, Marble Falls TX 78654, sbunch-fancher@mfisd.org.

Section 504 Referrals

Each school district must have standards and procedures in place for the evaluation and placement of students in the district's Section 504 program. Districts must also implement a system of procedural safeguards that includes:

- Notice,
- An opportunity for a parent or guardian to examine relevant records,
- An impartial hearing with an opportunity for participation by the parent or guardian and representation by counsel, and
- A review procedure.

Contact Person for Section 504 Referrals

The designated person to contact regarding options for a student experiencing learning difficulties or regarding a referral for evaluation for Section 504 services is Dr. Shana Fancher at 830-693-4357, 1800 Colt Circle, Marble Falls TX 78654, sbunch-fancher@mfisd.org

[See **A Student with Physical or Mental Impairments Protected under Section 504** on page 29.]

Notification to Parents of Intervention Strategies for Learning Difficulties Provided to Students in General Education

In accordance with state law, the district will annually notify parents if their child receives assistance for learning difficulties. Details of such assistance can include intervention strategies. This notice is not intended for those students already enrolled in a special education program.

Texas Driving with Disability Program

In accordance with state law, the district will provide notification of the Texas Driving with Disability Program to students who have a health condition or disability that may impede effective communication with a peace officer and receive special education or are covered by Section 504 of the Rehabilitation Act of 1973. This notification will be provided annually to an eligible student aged 16 years or older until the student's graduation or 21st birthday and to the student's parents.

The Texas Driving with Disability Program focuses on improving the interaction between law enforcement and drivers with disabilities that have unique communication needs.

A Student Who Receives Special Education Services with Other School-Aged Children in the Home

If a student is receiving special education services at a campus outside his or her attendance zone, state law permits the parent or guardian to request that other students residing in the household be transferred to the same campus—if the grade level for the transferring student is offered on that campus.

The student receiving special education services would be entitled to transportation; however, the district is not required to provide transportation to other children in the household.

The parent or guardian should contact the school principal regarding transportation needs prior to requesting a transfer for other children in the home. [See policy FDB(LOCAL).]

A Student Who Speaks a Primary Language Other than English

A student may be eligible to receive specialized support if his or her primary language is not English, and the student has difficulty performing ordinary class work in English.

If the student qualifies for these services, the Language Proficiency Assessment Committee (LPAC) will determine the types of services the student needs, including accommodations or modifications related to classroom instruction, local assessments, and state-mandated assessments.

(See Emergent Bilingual Students and Special Programs)

A Student with Physical or Mental Impairments Protected under Section 504

A student with a physical or mental impairment that substantially limits a major life activity, as defined by law—and who does not otherwise qualify for special education services—may qualify for protections under Section 504 of the Rehabilitation Act.

Section 504 is a federal law designed to prohibit discrimination against individuals with disabilities.

When an evaluation is requested, a committee will be formed to determine whether the student needs services and supports under Section 504 in order to receive a free appropriate public education (FAPE), as defined in federal law.

[See policy FB.]

[See **A Student Who Has Learning Difficulties or Who Needs Special Education or Section 504 Services** on page 26 for more information.]

Section II:

Other Important Information for Parents and Students

This section contains important information on academics, school activities, and school operations and requirements.

It is organized alphabetically to serve as a quick-reference guide. Where applicable, the topics are further organized by grade level.

Parents and children should take a moment together to become familiar with the issues addressed in this section. For guidance on a particular topic, please contact a campus administrator.

Absences / Attendance

Regular school attendance is essential for a student to make the most of his or her education—to benefit from teacher-led and school activities, to build each day's learning on the previous day's, and to grow as an individual. Absences from class may result in serious disruption of a student's mastery of the instructional materials; therefore, the student and parent should make every effort to avoid unnecessary absences. Two important state laws are discussed below, one dealing with the required presence of school-aged children in school, e.g., compulsory attendance, the other with how a student's attendance affects the award of a student's final grade or course credit—are of special interest to students and parents.

Compulsory Attendance

Prekindergarten and Kindergarten

Students enrolled in prekindergarten or kindergarten are required to attend school and are subject to the compulsory attendance requirements as long as they remain enrolled.

Between Ages 6 and 18

State law requires that a student between the ages of 6 and 19 attend school, as well as any applicable accelerated instruction program, extended year program, or tutorial session, unless the student is otherwise excused from attendance or legally exempt.

A student will be required to attend any assigned accelerated instruction program, which may occur before or after school or during the summer, if the student does not meet the passing standards on the state assessment for his or her grade level and/or applicable subject area.

Age 19 and Older

A student who voluntarily attends or enrolls after his or her 19th birthday is required to attend each school day until the end of the school year. If a student age 19 or older has more than five unexcused absences in a semester, the district may revoke the student's enrollment. The student's presence on school property thereafter would be unauthorized and may be considered trespassing. [See policy FEA.]

Compulsory Attendance-Exemptions

All Grade Levels

State law allows exemptions to the compulsory attendance requirements as long as the student makes up all work for the following activities and events:

- Religious holy days;
- Required court appearances;
- Appearing at a governmental office to obtain U.S. citizenship;
- Taking part in a US Naturalization Oath Ceremony
- Serving as an Election Clerk
- Health-care appointments for the student or a child of the student, including absences related to autism services and mental health appointments
- Absences resulting from a serious or life-threatening illness or related treatment that makes a student's attendance infeasible, with certification by a physician on the district's form;
- Absences for attendance in a released time course in religious instruction;
- For students in the conservatorship (custody) of the state,
 - An activity required under a court-ordered service plan; or
 - Any other court-ordered activity, provided it is not practicable to schedule the student's participation in the activity outside of school hours.

For children of military families, absences of up to five days will be excused for a student to visit a parent, stepparent, or legal guardian going to, on leave from, or returning from certain deployments. [See **Children of Military Families**]

Note that documented health-care appointments may include telehealth appointments. Students who are physically on campus will not be allowed to participate in telehealth or other online appointments without specific authorization from an appropriate administrator. Students should not use district-issued technology, including WIFI or internet, for telehealth appointments because use of district-owned equipment and its network systems is not private and may be monitored by the district. For more information, **see Telecommunication and Other Electronic Devices**.

Secondary Grade Levels

The district will allow a student who is 15 years of age or older to be absent for one day to obtain a learner license and one day to obtain a driver's license. The student will be required to provide documentation of his or her visit to the driver's license office for each absence and must make up any work missed. [See **Driver License Attendance Verification.**]

The district will allow junior and senior students to be absent for up to two days per year to visit a college or university, if the following conditions are met:

- The board has authorized such excused absences under policy FEA(LOCAL);
- The principal has approved the student's absence; and
- The student follows campus procedures to verify the visit and makes up any work missed.

The district will allow a student to be absent for up to two days during the student's junior year and two days during the student's senior year for a career investigation day to visit a professional at that individual's workplace to determine the student's interest in pursuing a career in the professional's field, provided the student verifies these activities to the district.

The district will allow a student to be absent for up to two days per school year to serve as:

- An early voting clerk, provided the district's board has authorized this in policy FEA(LOCAL), the student notifies his or her teachers, and the student receives approval from the principal prior to the absences; or
- An election clerk, if the student makes up any work missed.

The district will allow a student in grades 6–12 to be absent for the purpose of sounding "Taps" at a military honors funeral for a deceased veteran.

Compulsory Attendance-Failure to Comply

All Grade Levels

School employees must investigate and report violations of the state compulsory attendance law. A student who is absent without permission from school; from any class; from required special programs, such as additional special instruction, termed "accelerated instruction" by the state; or from required tutorials will be considered in violation of the compulsory attendance law and subject to disciplinary action.

Students with Disabilities

If a student with a disability is experiencing attendance issues, the student's ARD committee or Section 504 committee will be notified, and the committee will determine whether the attendance issues warrant an evaluation, a reevaluation, and/or modifications to the student's individualized education program or Section 504 plan, as appropriate.

Between Ages 6 and 18

When a student between ages 6 and 18 incurs unexcused absences for three or more days or parts of days within a four-week period, the school will send a notice to the student's parent, as required by law, to remind the parent that it is the parent's duty to monitor the student's attendance and to require the student to come to school. The notice will also inform the parent that the district will initiate truancy prevention measures and request a conference between school administrators and the parent. These measures will include a behavior improvement plan, school-based community service, or referrals to either in-school or out-of-school counseling or other social services. Any other measures considered appropriate by the district will also be initiated.

The truancy prevention facilitator for the district is Cord Woerner at 830-693-4357. If you have questions about your student and the effect of his or her absences from school, please contact the facilitator or any other campus administrator.

A court of law may also impose penalties against a student's parent if a school-aged student is deliberately not attending school. A complaint against the parent may be filed in court if the student is absent without excuse from school on ten or more days or parts of days within a six-month period in the same school year.

If a student ages 12–18 incurs unexcused absences on ten or more days or parts of days within a six-month period in the same school year, the district, in most circumstances, will refer the student to truancy court.

[See policies FEA(LEGAL) and FED(LEGAL).]

Age 19 and Older

After a student age 19 or older incurs a third unexcused absence, the district will send the student a letter as required by law explaining that the district may revoke the student's enrollment for the remainder of the school year if the student has more than five unexcused absences in a semester. As an alternative to revoking a student's enrollment, the district may implement a behavior improvement plan.

Attendance for Credit or Final Grade (All Grade Levels)

To receive credit or a final grade in a class, a student must attend at least 90 percent of the days the class is offered. A student who attends fewer than 90 percent of the days the class is offered will be referred to the attendance review committee to determine whether there are extenuating circumstances for the absences and how the student can regain credit or a final grade lost because of absences. [See policy FEC.]

Except for absences due to serious or life-threatening illness or related treatment, all absences, excused or unexcused, may be held against a student's attendance requirement. To determine whether there were extenuating circumstances for any absences, the attendance committee will consider.

- Whether the student has mastered the essential knowledge and skills and maintained passing grades in the course or subject.
- Whether the student has completed makeup work satisfactorily. If the student completes makeup work, absences listed under **Compulsory Attendance—Exemptions** and absences for extracurricular activities will be considered extenuating circumstances.
- Whether the student or the student's parent had any control over the absences.
- Any information presented by the student or parent to the committee about the absences.

The student or parent may appeal the committee's decision to the board by following policy FNG(LOCAL).

Official Attendance-Taking Time (All Grade Levels)

The district must submit attendance of its students to the TEA reflecting attendance at a specific time each day. Official attendance is taken every day as follows: **High School campus is 10:30am. Middle School, Falls and all Elementary Campuses 10:00am.**

A student absent for any portion of the day, including at the official attendance-taking time, should follow the procedures below to provide documentation of the absence.

Documentation after an Absence (All Grade Levels)

When a student is absent from school, the student—upon arrival or return to school—must bring a note signed by the parent that describes the reason for the absence. A note signed by the student, even with the parent's permission, will not be accepted unless the student is age 18 or older or is an emancipated minor under state law. A phone call from the parent may be accepted, but the district reserves the right to require a written note.

The campus will document in its attendance records for the student whether the absence is considered by the district to be excused or unexcused.

Note: Unless the absence is for a statutorily allowed reason under compulsory attendance laws, the district is not required to excuse any absence, even if the parent provides a note explaining the absence. A note from a doctor or health clinic may be accepted to receive an excused absence.

Doctor's Note after an Absence for Illness (All Grade Levels)

A student absent for more than 3 consecutive days because of a personal illness must bring a statement from a doctor or health clinic verifying the illness or condition that caused the student's extended absence from school. Otherwise, the student's absence may be considered unexcused and, if so, would be considered to be in violation of compulsory attendance laws.

Should the student develop a questionable pattern of absences, the principal or attendance committee may require a statement from a doctor or health clinic verifying the illness or condition that caused the student's absence from school to determine whether the absence or absences will be excused or unexcused.

[See policy FEC(LOCAL).]

Certification of Absence Due to Severe Illness or Treatment

If a student is absent because of a serious or life-threatening illness or related treatment that makes a student's attendance infeasible, a parent must provide certification from a physician licensed to practice in Texas specifying the student's illness and the anticipated period of absence related to the illness or treatment on the district's form. A parent may access the required form by contacting the school nurse.

Driver License Attendance Verification (Secondary Grade Levels Only)

A currently enrolled student seeking a driver's license shall submit the Texas Department of Public Safety Verification of Enrollment and Attendance Form (VOE), signed by the parent, to the campus central office at least 10 days before it is needed. The district will issue a VOE only if the student meets class credit or attendance requirements. The VOE form is available at:

<https://www.tdlr.texas.gov/driver/forms/VOE.pdf>.

Further information may be found on the Texas Department of Public Safety website:
<https://www.dps.texas.gov/section/driver-license>.

Accountability under State and Federal Law (All Grade Levels)

Marble Falls ISD and each of its campuses are held to certain standards of accountability under state and federal law. A key component of the accountability requirements is the dissemination and publication of certain reports and information, which include:

- The Texas Academic Performance Report (TAPR) for the district, compiled by TEA, the state agency that oversees public education, based on academic factors and ratings;
- A School Report Card (SRC) for each campus in the district compiled by TEA based on academic factors and ratings;
- The district's financial management report, which will include the financial accountability rating assigned to the district by TEA; and
- Information compiled by TEA for the submission of a federal report card that is required by federal law.

This information can be found on the district's website at www.mfisd.org. Hard copies of any reports are available upon request to the district's administration office.

TEA also maintains additional accountability and accreditation information at [TEA Performance Reporting Division](#).

Armed Services Vocational Aptitude Battery Test

A student in grades 10–12 will be offered an opportunity to take the Armed Services Vocational Aptitude Battery test and consult with a military recruiter.

Please contact the principal or school counselor for information about this opportunity.

Awards and Honors (All Grade Levels)

Awards and honors vary for each campus in Marble Falls ISD. Student excellence in many different endeavors is awarded and honored. For campus specific information, contact the campus office.

Bullying (All Grade Levels)

The district strives to prevent bullying, in accordance with the district's policies, by promoting a positive school culture; building healthy relationships between students and staff; encouraging reporting of bullying incidents, including anonymous reporting; and investigating and addressing reported bullying incidents.

Bullying is defined in state law as a single significant act or a pattern of acts by one or more students directed at another student that exploits an imbalance of power and involves engaging in written or verbal expression, expression through electronic means, or physical conduct that:

- Has the effect or will have the effect of physically harming a student, damaging a student's property, or placing a student in reasonable fear of harm to the student's person or of damage to the student's property;
- Is sufficiently severe, persistent, or pervasive enough that the action or threat creates an intimidating, threatening, or abusive educational environment for a student;
- Materially and substantially disrupts the educational process or the orderly operation of a classroom or school; or
- Infringes on the rights of the victim at school.

Bullying includes cyberbullying. Cyberbullying is defined by state law as bullying that is done through the use of any electronic communication device, including using any cellular or other type of telephone, a computer, a camera, electronic mail, instant messaging, text messaging, a social media application, an internet website, or any other internet-based communication tool.

The district is required to adopt policies and procedures regarding:

- Bullying that occurs on or is delivered to school property or to the site of a school-sponsored or school-related activity on or off school property;
- Bullying that occurs on a publicly or privately-owned school bus or vehicle being used for transportation of students to or from school or a school-sponsored or school-related activity; and
- Cyberbullying that occurs off school property or outside of a school-sponsored or school-related activity if the cyberbullying interferes with a student's educational opportunities or substantially disrupts the orderly operation of a classroom, school, or school-sponsored or school-related activity.

Bullying is prohibited by the district and could include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name-calling, rumor-spreading, or ostracism.

The district will integrate into instruction research-based content designed to reduce bullying that is appropriate for students' age groups.

Students in elementary grades will participate in:

- Instruction designed so that students can recognize bullying behaviors and how to report them
- Age-appropriate discussions that encourage peers to intervene when they observe bullying occur

- Instruction that characterizes bullying as a behavior that results from the student's need to acquire more mature social or coping skills, not an unchangeable trait

Students in secondary grades will participate in:

- Instruction on the brain's ability to change and grow so the student recognizes bullying behavior can come from a developmental need to acquire more social skills, can change when the brain matures and learns better ways of coping, and is not an unchangeable trait
- Discussions that portray bullying as undesirable behavior and a means for attaining or maintaining social status at school, and that discourage students from using bullying as a tool for social status
- Instruction designed so that students recognize the role that reporting bullying behaviors plays in promoting a safe school community

The district will use an age-appropriate survey regarding school culture that includes relevant questions on bullying to identify and address student concerns.

Each campus has a committee that addresses bullying by focusing on prevention efforts and health and wellness initiatives. The committee will include parents and secondary students. For more information on this committee, including interest in serving on the committee, contact any campus or district administrator.

If a student believes that he or she has experienced bullying or has witnessed bullying of another student, it is important for the student or parent to notify a teacher, school counselor, principal, or another district employee as soon as possible. Any district employee aware of a report of a bullying incident will relay the report to an appropriate administrator. Procedures for reporting allegations may be found on the district's website.

A student may anonymously report an alleged incident of bullying by going to our website at www.mfisd.org and clicking the "Stay Alert" Tab.

The administration will investigate any allegations of bullying or other related misconduct. The district will also provide notice to the parent of the alleged victim and the parent of the student alleged to have engaged in bullying.

If the results of an investigation indicate that bullying has occurred, the administration will take appropriate disciplinary action and may, in certain circumstances, notify law enforcement. Disciplinary or other action may be taken even if the conduct did not meet the definition of bullying. The district will provide research-based interventions, which may include counseling options, for students who engage in bullying behaviors, students who are targeted by bullying behaviors, and any student who witnessed bullying behaviors. Any action taken in response to bullying will comply with state and federal law regarding students with disabilities.

Any retaliation against a student who reports an incident of bullying is prohibited.

Upon the recommendation of the administration, the board may, in response to an identified case of bullying, decide to transfer a student found to have engaged in

bullying to another classroom at the campus. In consultation with the student's parent, the board may transfer the student to another campus in the district. The parent of a student who has been determined by the district to be a victim of bullying may request that the student be transferred to another classroom or campus within the district. [See **Safety Transfers/Assignments** on page 24.]

A copy of the district's policy is available in the principal's office, superintendent's office, and on the district's website, and is included at the end of this handbook in the form of an appendix.

A student or parent who is dissatisfied with the outcome of an investigation may appeal through policy FNG(LOCAL).

[See **Safety Transfers/Assignments** on page 24, **Dating Violence, Discrimination, Harassment, and Retaliation** on page 58, **Hazing** on page 81, policy FFI, the district's Student Code of Conduct, and the district improvement plan, a copy of which can be viewed in the campus office.]

Career and Technical Education (CTE) Programs (Secondary Grade Levels Only)

The district offers career and technical education programs in the following areas: Engineering, Plant Science, Animal Science, Agriculture Technology and Mechanical Systems (Welding), Carpentry, Digital Communications, Graphic Design and Interactive Media, Entrepreneurship, Travel, Tourism & Attractions, Marketing and Sales, Teaching and Training, and Diagnostic/Therapeutic Services (Health Science).

The district offers work-based programs in Career Preparation I & II, Teaching and Training, and Health Services.

Admission to these programs is based on student choice.

District policy prohibits discrimination on the basis of race, color, national origin, sex, or handicap in its vocational programs, services, or activities, and provides equal access to the Boy Scouts and other designated youth groups as required by Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972; and Section 504 of the Rehabilitation Act of 1973, as amended.

District policy also prohibits discrimination on the basis of race, color, national origin, sex, handicap, or age in its employment practices as required by Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972; the Age Discrimination Act of 1975, as amended; and Section 504 of the Rehabilitation Act of 1973, as amended.

The district will take steps to assure that lack of English language skills will not be a barrier to admission and participation in all educational and vocational programs.

For information about your rights or grievance procedures, contact the Title IX coordinator and the ADA/Section 504 coordinator.

[See **Nondiscrimination Statement** on page 98 for the name and contact information for the Title IX coordinator and ADA/Section 504 coordinator, who will address certain allegations of discrimination.]

Celebrations (All Grade Levels)

Although a parent or grandparent is not prohibited from providing food for a school-designated function or for children in the child's or grandchild's classroom for his or her birthday, please be aware that children in the school may have severe allergies to certain food products. Discuss any classroom allergy with the teacher before any food is brought into the classroom for any purpose. Occasionally, the school or a class may host certain functions or celebrations tied to the curriculum that will involve food. The school or teacher will notify students and parents of any known food allergies when soliciting potential volunteers for bringing food products. It is strongly encouraged that birthday treat items and items brought for school-designated functions be store-bought with ingredient labels brought to the campus for allergen review. If bringing "Home Made" items to school, please provide a list of ingredients to the teacher/campus for allergen review. When school-designated functions or birthdays are being celebrated, please refrain from bringing decorations, party favors or gifts. Any food brought for a birthday will be distributed to the class at the end of the school day.

[See **Food Allergies** on page 90.]

Child Abuse, Neglect, School Staff Misconduct, Trafficking, and Other Maltreatment of Children (All Grade Levels)

The district has established a plan for addressing child abuse, neglect, school staff misconduct, trafficking, and other maltreatment of children which may be initiated by contacting the Department of Family and Protective Services (DFPS)/Child Protective Services (CPS). The plan is available at www.mfisd.org. Abuse includes physical abuse, including sexual abuse, and mental and emotional abuse. Trafficking includes both sex and labor trafficking.

Duty to Report

Anyone who suspects that a child has been or may be abused or neglected has a legal responsibility, under state law, to report the suspected abuse or neglect to law enforcement or to Child Protective Services (CPS). See below for information about how to report and respond to allegations of child abuse or neglect.

Possible Warning Signs of Child Abuse, Neglect, School Staff Misconduct, Trafficking, and Other Maltreatment of Children

Physical abuse

Possible warning signs of physical abuse include:

- Frequent injuries such as bruises, cuts, black eyes, or burns without adequate explanations
- Frequent complaints of pain without apparent injury
- Burns or bruises in unusual patterns that may indicate the use of an instrument or human bite; cigarette burns on any part of the body
- Lack of reaction to pain
- Extreme fear of going home or seeing parents
- Injuries that appear after a child has not been seen for several days
- Unseasonable clothing that may hide injuries to arms or legs

Sexual Abuse

Possible warning signs of sexual abuse include:

- Physical signs of sexually transmitted diseases
- Evidence of injury to the genital area
- Pregnancy in a young girl
- Difficulty in sitting or walking
- Extreme fear of being alone with adults of a certain sex
- Sexual comments, behaviors, or play beyond what is considered age-appropriate behavior
- Knowledge of sexual relations beyond what is expected for a child's age
- Sexual victimization of other children

Children and adolescents who have experienced dating violence may show similar physical, behavioral, and emotional warning signs. [See Dating Violence, Discrimination, Harassment, and Retaliation (All Grade Levels) and Consent to Instruction on Prevention of Child Abuse, Family Violence, Dating Violence, and Sex Trafficking]

Emotional Abuse

Possible warning signs of emotional abuse include:

- Over-compliance or low self-esteem caused by scapegoating or verbal abuse by caregivers
- Severe depression, anxiety, or aggression
- Lag in physical, emotional, and intellectual development
- Indicators of a caregiver who belittles the child, withholds love, and seems unconcerned about the child's problems
- Significant changes to behavior, such as withdrawal or over-aggression
- Significant changes to weight, such as substantial weight gain or weight loss

Neglect

Possible warning signs of neglect include:

- Obvious malnourishment
- Consistent lack of personal hygiene that poses a health risk
- Stealing or begging for food
- Child unattended for long periods of time
- Unaddressed need for dental care or other medical attention

School Staff Misconduct

Possible warning signs of school staff misconduct include:

- Inappropriate boundaries or communications with a student, including inappropriate relationships
- Violating school or district communication policies, such as improper use of messaging apps or social media
- Showing favoritism toward certain students in a way that compromises fairness or student well being
- Creating, using, or sharing inappropriate AI-generated images involving students or staff
- Neglecting, abusing, or physically harming a student
- Providing alcohol or drugs to a student
- Being under the influence of alcohol or drugs while on school property or during school activities
- Possessing a weapon on school property or during school activities
- Committing a felony
- Engaging in fraudulent or deceptive practices involving the school system or State Board of Education Certification (SBEC)

Description and Warning Signs of Trafficking (All Grade Levels)

Child trafficking of any sort is prohibited by the Penal Code. Sex trafficking involves forcing a person, including a child, into sexual abuse, assault, indecency, prostitution, or pornography. Labor trafficking involves forcing a person, including a child, to engage in forced labor or services.

Traffickers are often trusted members of a child's community, such as friends, romantic partners, family members, mentors, and coaches, although traffickers frequently contact victims online.

Possible warning signs of sexual trafficking in children include:

- Changes in school attendance, habits, friend groups, vocabulary, demeanor, and attitude;
- Sudden appearance of expensive items (for example, manicures, designer clothes, purses, technology);
- Tattoos or branding;
- Refillable gift cards;
- Frequent runaway episodes;
- Multiple phones or social media accounts;
- Provocative pictures posted online or stored on the phone;
- Unexplained injuries;
- Isolation from family, friends, and community;
- Older romantic partners

Additional warning signs of labor trafficking in children include:

- Being unpaid, paid very little, or paid only through tips;
- Being employed but not having a school-authorized work permit;
- Being employed and having a work permit but clearly working outside the permitted hours for students;
- Owing a large debt and being unable to pay it off;
- Not being allowed breaks at work or being subjected to excessively long work hours;
- Being overly concerned with pleasing an employer and/or deferring personal or educational decisions to a boss;
- Not being in control of his or her own money;
- Living with an employer or having an employer listed as a student's caregiver; and
- A desire to quit a job but not being allowed to do so.

[See Consent to Instruction on Prevention of Child Abuse, Family Violence, Dating Violence, and Sex Trafficking on page 6.]

Reporting and Responding to Child Abuse, Neglect, Sex Trafficking, and Other Maltreatment of Children (All Grade Levels)

A child who has experienced any type of abuse or neglect should be encouraged to seek out a parent or trusted adult. Children may be reluctant to disclose abuse and may only disclose sexual abuse indirectly. As a parent or trusted adult, it is important to be calm and comforting if your child or another child confides in you. Reassure the child that they did the right thing by telling you.

If your child is a victim of abuse, neglect, trafficking, or other maltreatment, the school counselor or principal will provide information regarding counseling options for you and your child available in your area. DFPS also manages early intervention counseling programs.

To find out what services may be available in your county, see [Texas Department of Family and Protective Services, Programs Available in Your County](#) (Reports of abuse, trafficking, or neglect may be made to: The CPS division of the DFPS (1-800-252-5400 or on the web at [Texas Abuse Hotline Website](#)).

Further Resources on Sexual Abuse, Sex Trafficking, and Other Maltreatment of Children (All Grade Levels)

The following websites include resources to help increase awareness of child abuse and neglect, sexual abuse, sex trafficking, and other maltreatment of children:

<https://gov.texas.gov/organization/cjd/childsextrafficking>
- Human Trafficking of School-aged Children
<https://tea.texas.gov/about-tea/other-services/human-trafficking-of-school-aged-children>

Class Rank / Highest-Ranking Student (Secondary Grade Levels Only)

The Marble Falls ISD weighted rank point chart is detailed in the Marble Falls High School Course Description Guide and in board policy EIC(LOCAL). The chart is used to calculate a student's weighted cumulative rank average and is not reflected in the actual numerical grade recorded for each course on the academic achievement record (transcript) or the report card. Actual numerical semester grades are reported on transcripts and reports cards, but are converted to the weighted rank points according to the chart (course description guide) for purposes of denoting ranking. Students will receive higher "weighted" rank points for the more rigorous level courses. For example: A student who takes English I Honors with a semester grade of 85 would earn rank points of 3.5 for that course.

The average used to calculate class rank is the sum of the total weighted rank points divided by the total number of **ranked** semester courses taken in high school. Under this rank point system, a student who takes English I (on-level) with a semester actual grade

of 85 would earn a rank point of 2.5 as compared to an English I Honors rank point of 3.5. This is to reflect the level of challenge in a given course.

The calculation of class rank shall exclude grades earned in: summer school; any distance learning course, unless the course is offered through the district as a course option along with traditional courses; any correspondence course; any local credit course; any course for which a pass/fail grade is assigned; any course for which credit is earned through examination, with or without prior instruction; any assigned remediation or tutoring course; any course earned in middle school; any dual credit course not open to all students; and any course for which credit is earned outside the regular school day or regular school year. Weighted grade points will only be assigned upon full completion of each semester of applicable courses. If a student does not complete the course, the appropriate correlating on level course weighting will be used. (Example: A student who drops English III AP and shifts to the English III on level course will receive the on-level course weight for English III). (Note: Students in the graduating classes of 2025, 2026, and 2027, grades below 70 in Honors, Dual Credit or AP classes do not have the weighted points added to their grade. Students in the graduating classes of 2028 and beyond will receive no grade points for grades below 70.

[For further information, see policy EIC.]

Weighted Course Listings

The district shall categorize and weight eligible courses as Tier I, Tier II, and Tier III in accordance with provisions of EIC(LOCAL) and as designated in appropriate district publications.

Categories for the graduating classes of 2025, 2026, and 2027:

- Tier 1: Eligible AP courses and OnRamps courses shall be categorized and weighted as Tier I courses.
- Tier II: Eligible dual credit and courses locally designated as honors shall be categorized and weighted as Tier II courses.
- Tier III: All other eligible courses shall be categorized and weighted as Tier III courses.

Categories for the graduating classes of 2028 and beyond:

- Tier 1: Eligible AP courses, dual credit courses, and dual enrollment courses shall be categorized and weighted as Tier I courses.
- Tier II: Eligible courses locally designated as honors shall be categorized and weighted as Tier II courses.
- Tier III: All other eligible courses shall be categorized and weighted as Tier III courses.

Description Guide and in board policy EIC(LOCAL).

CLASS RANK

The purpose of class ranking is to accurately portray a student's academic standing in a class. The primary intent is to provide information to post graduate institutions during admission and scholarship reviews as to the level of study attempted and mastered in common courses of study in a given graduating class. For this reason, it is important that the high school ranking procedure provide a fair comparison among students across a common standard of performance.

Class rank is the academic position a student has in relation to other students in the grade level. The student with the highest rank average is identified as "first in class" (Number 1), the second highest rank average as "second in class" (Number 2), and so on. For example: A graduating class of 250 will have the student with the highest rank average identified as "Number 1" (1 of 250). This would be the valedictorian. The lowest rank average would be "Number 250" (250 of 250). Quartile rankings are drawn from this. For example: Students ranked Number 1- 125 would be in the "top 50%" or "top half" of the class.

At the beginning of the senior year, each student will receive a report showing his/her exact rank in the class. This rank will reflect course work completed in the 1st six semesters of high school (grades 9-11). GPAs will be updated after credits are awarded at the end of the first semester of the senior year. Rankings will be updated and released no later than the end of the 4th week of January. Three year and December graduates ("Early Graduates") will be dual ranked at this time (see "Dual Ranking" description). **Final rankings** will be determined at the end of the 3rd quarter grade-reporting period and will be available no later than three weeks after grades are finalized. The top 10% of the class will be recognized at the Senior Scholarship Awards Ceremony held on campus in May. At this time, the Valedictorian and Salutatorian and Honor Graduates will be formally announced publicly.

Top Ten Percent – Automatic Admission

For two school years following their graduation, District graduates who ranked in the top ten percent of their graduating class are eligible for automatic admission into four-year public universities and colleges in Texas (except UT Austin which sets their automatic admission standard differently from year to year). Students and parents should contact the counselor for further information about how to apply and the deadline for application. Early graduates are not included in the top ten percent list. [For further information, see policies at EIC.]

Valedictorian & Salutatorian

Only students enrolled in and completing high school in exactly four years and enrolled at Marble Falls High School during the complete junior/senior year (enrollment within the first six weeks of the junior year) will be eligible to be the valedictorian or salutatorian. Early graduates are not eligible.

Dual Ranking

Early graduates will be dual ranked with the four-year graduates for purposes of issuing a class rank for college admission/scholarship considerations only. This will assist in maintaining a common standard of comparison across grade levels while providing an option for those students seeking to enter post-graduate study with recognition on an accelerated schedule. A dual rank listing will be created by placing early graduates at the level their rank would otherwise indicate. They will not be included in the listing of “top 10 percent” forwarded to the college coordinating board for automatic admission purposes.

For example:

<u>Class Rank</u>	<u>4 Year Graduates</u>	<u>Early Graduates</u>
1	7.53 (Valedictorian)	7.53
2	7.0 (Salutatorian)	7.00
3	6.971	6.88
4	6.72	6.70

In this example, the 4 year graduates listed are the numbers 1-4 in the class. Their names will be included in the top 10 percent number (25 of 250 students, for example) for automatic admission. The 4 year graduate with the 7.53 will be identified as the valedictorian.

Honor Graduates

A Marble Falls High School Honor Graduate is defined as a student who meets both of the following criteria:

- completes high school in exactly four years
- is ranked in the top 10% of the graduating class

Early graduates are not considered for Honor Graduate status but will be recognized at the Senior Scholarship Awards Night and Graduation if their GPA falls within the top 10% in the class.

Marble Falls ISD is fortunate to have a continuum of services available to the interests, needs, and post-graduate pursuits of all students. Students or parents with questions regarding the class ranking procedure, its purposes, implementation, and/or impact on individual students should contact their school counselor for details.

[For further information, see policy EIC.]

Class Schedules (Secondary Grade Levels Only)

All students are expected to attend school for the entire school day and maintain a class/course schedule to fulfill each period of the day. Exceptions may be made occasionally by the campus principal for students in grades 9–12 who meet specific criteria and receive parental consent to enroll in less than a full-day’s schedule.

[See **Schedule Changes** on page 110 for information related to student requests to revise their course schedule.]

College and University Admissions and Financial Aid (Secondary Grade Levels Only)

For two school years following graduation, a district student who graduates as valedictorian or in the top ten percent of his or her class is eligible for automatic admission into four-year public universities and colleges in Texas if the student meets one of the following requirements:

- Completes the distinguished level of achievement under the foundation graduation program. [see Foundation Graduation Program on page 95]; or
- Satisfies the ACT College Readiness Benchmarks or earns at least a 1500 out of 2400 on the SAT.
- Beginning in the fall of 2028, achieves a score set by the Texas Higher Education Coordinating Board on a college entrance examination designated by coordinating board rules

The student is ultimately responsible for meeting the admission requirements of the university or college, including timely submission of a completed application.

If a college or university adopts an admissions policy that automatically accepts the top 25 percent of a graduating class, the provisions above will also apply to a student ranked in the top 25 percent of his or her class.

The University of Texas at Austin may limit the number of automatically admitted students to 75 percent of the University's enrollment capacity for incoming resident freshmen. For the spring 2026 term, the University will admit the top six percent of a high school's graduating class who meet the above requirements. For summer/fall of 2026 and spring of 2027, the University will admit the top five percent of a high school's graduating class who meet the above requirements. Additional applicants will be considered by the University through a holistic review process.

As required by law, the district will provide written notice concerning the following:

- Automatic college admission
- Curriculum requirements for financial aid
- Benefits of completing the requirements for automatic admission and financial aid
- The Texas First Early High School Completion Program which requires a student to provide an official copy of assessment results and transcripts, as applicable, to receive credit for the assessments and credits required for early graduation under the program
- The Texas First Scholarship Program

- The Future Texas Teachers Scholarship Program

Parents and students will be asked to sign an acknowledgment that they received this information.

Students and parents should contact the school counselor for further information about automatic admissions, the application process, and deadlines.

[See **Class Rank/Highest-Ranking Student** on page 43 for information specifically related to how the district calculates a student's rank in class, and requirements for **Graduation** on page 74 for information associated with the foundation graduation program.]

[See **Students in the Conservatorship of the State (Foster Care)** on page 24 for information on assistance in transitioning to higher education for students in foster care.]

College Credit Courses (Secondary Grade Levels Only)

Students in grades 9–12 have opportunities to earn college credit through the following methods:

- Certain courses taught at the high school campus, which may include courses termed dual credit, Advanced Placement (AP), International Baccalaureate (IB), or college preparatory;
- Enrollment in an AP or dual credit course through the virtual or hybrid courses offered by the district or another district or school
- Enrollment in courses taught in conjunction and in partnership with specific colleges
- Enrollment in courses taught at other colleges or universities; and
- Please see counselor for requirements for enrollment in these programs.

Under the Financial Aid for Swift Transfer (FAST) program, a student may be eligible to enroll at no cost to the student in dual credit courses at a participating institution of higher education. The FAST program allows students who are or have been educationally disadvantaged at any time during the four years preceding the student's enrollment in a dual credit course to enroll at no cost to the student. The district will determine eligibility upon the student's enrollment in the dual credit course. See the high school counselors for more information.

A student may be eligible for subsidies based on financial need for AP or IB exam fees. See **Fees (All Grade Levels)** on page 72 for more information.

A student may also earn college credit for certain Career and Technical Education (CTE) courses. See **Career and Technical Education (CTE) and Other Work-Based Programs (Secondary Grade Levels Only)** for information on CTE and other work-based programs.

For dual credit purposes, all these methods have eligibility requirements and must be approved prior to enrollment in the course. Please see the school counselor for more information. Depending on the student's grade level and the course, a state-mandated end-of-course assessment may be required for graduation.

It is important to keep in mind that not all colleges and universities accept credit earned in all dual credit or AP courses taken in high school for college credit. Students and parents should check with the prospective college or university to determine if a particular course will count toward the student's desired degree plan.

Communications (All Grade Levels)

Parent Contact Information

A parent is legally required to provide in writing the parent's contact information, including address, phone number, and email address.

A parent must provide the contact information to the district upon enrollment and again within two weeks after the beginning of each following school year while the student is enrolled in the district.

If the parent's contact information changes during the school year, the parent must update the information in writing no more than two weeks after the date the information changes.

A parent may update contact information by contacting the campus registrar.

Automated Emergency Communications

The district will rely on contact information on file with the district to communicate with parents in an emergency situation, which may include real-time or automated messages. An emergency purpose may include early dismissal or delayed opening because of severe weather or another emergency, or if the campus must restrict access due to a security threat. It is crucial to notify your child's school when a phone number previously provided to the district has changed.

[See **Safety** on page 107 for information regarding contact with parents during an emergency situation.]

Automated Nonemergency Communications

Your child's school periodically sends information by automated or pre-recorded messages, text messages, or real-time phone or email communications that are closely related to the school's mission and specific to your child, your child's school, or the district.

Standard messaging rates of your wireless phone carrier may apply.

If you do not wish to receive such communications, please contact your child's principal. [See **Safety** on page 107 for information regarding contact with parents during an emergency.]

Complaints and Concerns (All Grade Levels)

Usually student or parent complaints or concerns can be addressed informally by a phone call or a conference with the teacher or principal. For those complaints and concerns that cannot be handled so easily, the board has adopted a standard complaint policy at FNG(LOCAL). This policy describing the grievance process in detail is available in the district's online policy manual, available on the district's website at www.mfisd.org and is attached to this handbook as an appendix. A parent may file a grievance by submitting the district grievance form to the campus principal. The district's grievance forms are available on the district's website at www.mfisd.org and in the principal's or superintendent's office. A parent may also submit a grievance electronically by email to the campus administrator.

In general, the student or parent should submit the written grievance form to the campus principal within the timelines established in policy FNG(LOCAL).

If the concern is not resolved, a parent or student may appeal to the superintendent or superintendent's designee.

If still unresolved, the district provides for the complaint to be presented to the board of trustees.

Hearings at each level will be conducted in accordance with the timelines established by law described in the district's policy at FNG(LOCAL).

Conduct (All Grade Levels)

Applicability of School Rules

As required by law, the board has adopted a Student Code of Conduct that prohibits certain behaviors and defines standards of acceptable behavior on and off campus during remote and in-person instruction, and on district vehicles—and consequences for violation of these standards. The district has disciplinary authority over a student in accordance with the Student Code of Conduct. Students and parents should be familiar with the standards set out in the Student Code of Conduct, as well as campus and

classroom rules. During any periods of instruction during the summer months, the Student Handbook and Student Code of Conduct in place for the year immediately preceding the summer period shall apply, unless the district amends either or both documents for the purposes of summer instruction.

Campus Behavior Coordinator

By law, each campus has a campus behavior coordinator to apply discipline management techniques and administer consequences for certain student misconduct, as well as provide a point of contact for student misconduct. The contact information for each campus behavior coordinator is listed below:

Marble Falls High School – Patrick Hinson, Principal - phinson@mfisd.org

Falls Career High School – Clark Fields, Principal - cfields@mfisd.org

Marble Falls Middle School – Dacarie Haskett, Principal – dhaskett@mfisd.org

Colt Elementary School – Melissa Fletcher, Principal – mfletcher@mfisd.org

Highland Lakes Elementary School – Suzie Neuenschwander, Principal - sneuenschwander@mfisd.org

Marble Falls Elementary School – Kara Gasaway, Principal – kgasaway@mfisd.org

Spicewood Elementary School – Tiffany Brantley, Principal – tbrantely@mfisd.org

Deliveries

Except in emergencies, delivery of messages or packages to students will not be allowed during instructional time. A parent may leave a message or a package, such as a forgotten lunch, for the student to pick up from the front office during a passing period or lunch.

Disruptions of School Operations

Disruptions of school operations are not tolerated and may constitute a misdemeanor offense. As identified by state law, disruptions include the following:

- Interference with the movement of people at an exit, entrance, or hallway of a district building without authorization from an administrator.
- Interference with an authorized activity by seizing control of all or part of a building.
- Use of force, violence, or threats in an attempt to prevent participation in an authorized assembly.
- Use of force, violence, or threats to cause disruption during an assembly.
- Interference with the movement of people at an exit or an entrance to district property.
- Use of force, violence, or threats in an attempt to prevent people from entering or leaving district property without authorization from an administrator.

- Disruption of classes or other school activities while on district property or on public property that is within 500 feet of district property. Class disruption includes making loud noises; trying to entice a student away from, or to prevent a student from attending, a required class or activity; and entering a classroom without authorization and disrupting the activity with loud or profane language or any misconduct.
- Interference with the transportation of students in vehicles owned or operated by the district.

Social Events

School rules apply to all school social events. Guests attending these events are expected to observe the same rules as students, and a student inviting a guest will share responsibility for the conduct of his or her guest.

A student attending a social event will be asked to sign out when leaving before the end of the event; anyone leaving before the official end of the event will not be readmitted.

Please contact the campus principal if you are interested in serving as a chaperone for any school social events.

Counseling

The district has a comprehensive school counseling program that includes:

- A guidance curriculum to help students develop their full educational potential, including the student's interests and career objectives;
- A responsive services component to intervene on behalf of any student whose immediate personal concerns or problems put the student's continued educational, career, personal, or social development at risk;
- An individual planning system to guide a student as the student plans, monitors, and manages the student's own educational, career, personal, and social development; and
- Systems to support the efforts of teachers, staff, parents, and other members of the community in promoting the educational, career, personal, and social development of students.

The district will make a preview of the program, including all materials and curriculum, available to parents to review during school hours.

Academic Counseling

Elementary and Middle School Grade Levels

The school counselor will provide information to students and parents about college and university admissions and the importance of planning for postsecondary education including appropriate courses to consider and financial aid availability and requirements.

In either grade 7 or 8, each student will receive instruction related to how the student can best prepare for high school, college, and a career.

High School Grade Levels

High school students and their parents are encouraged to talk with a school counselor, teacher, or principal to learn more about course offerings, graduation requirements, and early graduation procedures.

Each year, high school students will be provided information on anticipated course offerings for the next school year and other information that will help them make the most of academic and CTE opportunities, as well as information on the importance of postsecondary education.

The school counselor will also provide information each year a student is enrolled in high school regarding:

- The importance of postsecondary education;
- The advantages of earning an endorsement and completing the foundation program with the distinguished level of achievement;
- The disadvantages of pursuing a high school equivalency exam (GED) as opposed to earning a high school diploma;
- Financial aid eligibility and how to apply for financial aid;
- Automatic admission to state-funded Texas colleges and universities;
- Eligibility requirements for the TEXAS Grant;
- Availability of district programs that allow students to earn college credit;
- Availability of tuition and fee assistance for postsecondary education for students in foster care; and
- Availability of college credit awarded by institutions of higher education to veterans and military service members for military experience, education, and training.

Additionally, the school counselor can provide information about workforce opportunities after graduation or technical and trade school opportunities, including opportunities to earn industry-recognized certificates and licenses. [See Scholarships and Grants on page 104 for more information.]

Personal Counseling (All Grade Levels)

The school counselor is available to assist students with a wide range of personal concerns, including such areas as social, family, emotional or mental health issues, or substance abuse. A student who wishes to meet with the school counselor should contact the counseling office at their campus. As a parent, if you are concerned about

your child's mental or emotional health, please speak with the school counselor for a list of resources that may be of assistance.

If your child has experienced trauma, contact the school counselor for more information.

[See **Mental Health Support (All Grade Levels), Child Abuse, Neglect, Staff School Misconduct, Trafficking, and Other Maltreatment of Children (All Grade Levels) and Dating Violence.**]

Course Credit (Secondary Grade Levels Only)

A student at any grade level enrolled in a high school course will earn credit for the course only if the final grade is 70 or above. For a two-part (two-semester, 1-credit course), the student's grades from both halves (semesters) will be averaged and credit will be awarded if the combined average is 70 or above. If the student's combined average is less than 70, the student will be awarded credit only for the half (semester) with the passing grade.

Credit by Examination If a Student Has Taken the Course / Subject (Grades 6-12)

A student who has previously taken a course or subject but did not receive credit or a final grade for it may, in circumstances determined by the principal or attendance committee, be permitted to earn credit or a final grade by passing an examination approved by the district's board of trustees on the essential knowledge and skills defined for that course or subject.

Examples of prior instruction include incomplete coursework due to a failed course or excessive absences, homeschooling, or coursework by a student transferring from a nonaccredited school. The opportunity to earn credit by examination after the student has had prior instruction is sometimes referred to as "credit recovery."

The attendance review committee may also offer a student with excessive absences an opportunity to earn credit for a course by passing an examination.

If a student is granted approval to take an examination for credit, the student must score at least 70 on the examination to receive credit for the course or subject.

[See the school counselor and policy EHDB(LOCAL) for more information.]

Credit by Examination for Advancement / Acceleration If a Student Has Not Taken the Course / Subject

A student will be permitted to take an examination to earn credit for an academic course or subject area for which the student has had no prior instruction, i.e., for advancement

or to accelerate to the next grade level. The examinations offered by the district are approved by the district's board of trustees. The dates on which examinations are scheduled during the current school year will be published in appropriate district publications and on the district's website. The only exceptions to the published dates will be for any examinations administered by another entity besides the district or if a request is made outside of these time frames by a student experiencing homelessness or by a student involved in the foster care system. When another entity administers an examination, a student and the district must comply with the testing schedule of the other entity. During each testing window provided by the district, a student may attempt a specific examination only once.

If a student plans to take an examination, the student (or parent) must register with the school counselor no later than 30 days prior to the scheduled testing date. [For further information, see policy EHDC.]

Kindergarten Acceleration

In accordance with State Board rules, the Board shall approve procedures developed by the Superintendent or designee to allow a child who is five years old at the beginning of the school year to be assigned initially to grade 1 rather than kindergarten. Criteria for acceleration may include:

1. Scores on readiness tests or achievement tests that may be administered by appropriate District personnel.
 2. Recommendation of the kindergarten or preschool the student has attended.
 3. Chronological age and observed social and emotional development of the student.
- Other criteria deemed appropriate by the principal and Superintendent.

Students in Grades 1–5

A student in elementary school will be eligible to accelerate to the next grade level if the student meets all of the following requirements:

- The Student scores at least 80 on each examination in each of the subject areas of language arts, mathematics, science, and social studies
- A district administrator recommends that the student be accelerated
- The student's parent gives written approval of the grade advancement

Students in Grades 6–12

- A student in grade 6 or above is eligible to earn course credit if the student meets one of the following requirements:

- A passing score of at least 80 on the examination
- A scaled score of 50 or higher on an examination administered through the CLEP
- A score of 3 or higher on an AP examination, as applicable.

A student may take an examination to earn high school course credit no more than twice. If a student fails to achieve the designated score on the applicable exam before the beginning of the school year in which the student would need to enroll in the course according to the school's high school course sequence, the student must complete the course.

Dating Violence, Discrimination, Harassment, and Retaliation (All Grade Levels)

The district believes that all students learn best in an environment free from dating violence, discrimination, harassment, and retaliation and that their welfare is best served when they are free from this prohibited conduct while attending school. Students are expected to treat other students and district employees with courtesy and respect, to avoid behaviors known to be offensive, and to stop those behaviors when asked or told to stop. District employees are expected to treat students with courtesy and respect.

The board has established policies and procedures to prohibit and promptly respond to inappropriate and offensive behaviors that are based on a person's race, color, religion, sex, gender, national origin, disability, age, or any other basis prohibited by law. A copy of the district's policy is available in the principal's office and in the superintendent's office or on the district's website at www.mfisd.org . [See policy FFH for more information.]

Dating Violence

Dating violence will not be tolerated at school. To report dating violence, see Reporting Procedures, on page 77.

Dating violence occurs when a person in a current or past dating relationship uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control the other person in the relationship or any of the person's past or subsequent partners. This type of conduct is considered harassment if it is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student's academic performance.

- Examples of dating violence against a student may include, but are not limited to:
- Physical or sexual assaults;
- Name-calling;
- Put-downs;

- Threats to hurt the student, the student’s family members, or members of the student’s household;
- Destroying property belonging to the student;
- Threats to die by suicide or homicide if the student ends the relationship;
- Threats to harm a student’s past or current dating partner;
- Attempts to isolate the student from friends and family;
- Stalking; or
- Encouraging others to engage in these behaviors.

In accordance with law, when the district receives a report of dating violence, a district official will immediately notify the parent of the alleged victim and alleged perpetrator.

The counselor’s office has information about the dangers of dating violence and resources for seeking help.

For more information on dating violence, see:

- Texas Attorney General’s office [recognizing and responding to dating violence flier](https://www.texasattorneygeneral.gov/sites/default/files/files/child-support/papa/session%2010/recognizing-relationship-violence-en.pdf) (<https://www.texasattorneygeneral.gov/sites/default/files/files/child-support/papa/session%2010/recognizing-relationship-violence-en.pdf>)
- The CDC’s [Preventing Teen Dating Violence](https://www.cdc.gov/violenceprevention/intimatepartnerviolence/teen-datingviolence/fastfact.html) (<https://www.cdc.gov/violenceprevention/intimatepartnerviolence/teen-datingviolence/fastfact.html>).

[See Consent to Instruction on Prevention of Child Abuse, Family Violence, Dating Violence, and Sex Trafficking on page 6.]

Discrimination

Discrimination is defined as any conduct directed at a student on the basis of race, color, religion, sex, gender, national origin, disability, age, or any other basis prohibited by law that negatively affects the student.

Harassment

Harassment, in general terms, is conduct so severe, persistent, or pervasive that it affects the student’s ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student’s academic performance.

Examples of harassment may include, but are not limited to, offensive or derogatory language directed at a person’s religious beliefs or practices, accent, skin color, or need for accommodation; threatening, intimidating, or humiliating conduct; offensive jokes,

name-calling, slurs, or rumors; physical aggression or assault; graffiti or printed material promoting racial, ethnic, or other negative stereotypes; or other kinds of aggressive conduct such as theft or damage to property.

In addition to dating violence as described above, two other types of prohibited harassment are described below.

Sexual Harassment and Sex-Based Harassment

Sexual harassment and sex-based harassment of a student by an employee, volunteer, or another student are prohibited.

Examples of sexual harassment may include, but not be limited to, touching private body parts or coercing physical contact that is sexual in nature; sexual advances; jokes or conversations of a sexual nature; and other sexually motivated conduct, communications, or contact.

Sexual harassment of a student by an employee or volunteer does not include necessary or permissible physical contact not reasonably construed as sexual in nature, such as comforting a child with a hug or taking the child's hand. However, romantic and other inappropriate social relationships, as well as all sexual relationships, between students and district employees are prohibited, even if consensual.

Pregnancy or Related Conditions

The district does not discriminate on the basis of pregnancy or a related condition. Please contact campus administration for pregnancy-related accommodations.

Please contact, Marble Falls ISD Human Resources Department for pregnancy-related accommodations.

Retaliation

Retaliation against a person who makes a report of discrimination or harassment, including dating violence, is prohibited. Retaliation against a person who is participating in an investigation of alleged discrimination or harassment is also prohibited.

Reporting Procedures

Any student who believes that he or she has experienced dating violence, discrimination, harassment, or retaliation should immediately report the problem to a teacher, school counselor, principal, or other district employee. The report may be made by the student's parent. [See policy FFH and FFH(Exhibit) and for other appropriate district officials to whom to make a report.]

Upon receiving a report, the district will determine whether the allegations, if proven, would constitute prohibited conduct as defined by policy FFH. If not, the district will refer to policy FFI to determine if the allegations, if proven, would constitute bullying, as defined by law and that policy. If the alleged prohibited conduct, if proven, would

constitute prohibited conduct and would also be considered bullying as defined by law and policy FFI, an investigation of bullying will also be conducted.

The district will promptly notify the parent of any student alleged to have experienced prohibited conduct involving an adult associated with the district. In the event alleged prohibited conduct involves another student, the district will notify the parent of the student alleged to have experienced the prohibited conduct when the allegations, if proven, would constitute a violation as defined by policy FFH.

Investigation of Report

To the extent possible, the district will respect the privacy of the student; however, limited disclosures may be necessary to conduct a thorough investigation and to comply with law. Allegations of prohibited conduct, which includes dating violence, discrimination, harassment, and retaliation, will be promptly investigated.

If a law enforcement or other regulatory agency notifies the district that it is investigating the matter and requests that the district delay its investigation, the district will resume the investigation at the conclusion of the agency's investigation.

During an investigation and when appropriate, the district will take interim action to address the alleged prohibited conduct.

If the district's investigation indicates that prohibited conduct occurred, appropriate disciplinary action, and, in some cases, corrective action, will be taken to address the conduct. The district may take disciplinary and corrective action even if the conduct that is the subject of the complaint was not unlawful.

All involved parties will be notified of the outcome of the district investigation within the parameters and limits allowed under the Family Educational Rights and Privacy Act (FERPA).

A student or parent who is dissatisfied with the outcome of the investigation may appeal in accordance with policy FNG(LOCAL).

Discrimination

[See **Dating Violence, Discrimination, Harassment, and Retaliation** on page 58.]

Distance Learning

All Grade Levels

Distance learning and correspondence courses include courses that encompass the state-required essential knowledge and skills but are taught through multiple technologies and alternative methodologies such as mail, satellite, internet, video-conferencing, and instructional television.

Virtual and Hybrid Instruction

A student has the option, with certain limitations, to enroll in virtual or hybrid instruction virtual or hybrid courses offered by the district or by another district or school to earn course credit for graduation.

Depending on the virtual or hybrid course in which a student enrolls, the course may be subject to the “no pass, no play” rules. [See **Extracurricular Activities, Clubs, and Organizations** on page 70.] In addition, for a student who enrolls in a virtual or hybrid course for which an end-of-course (EOC) assessment is required, the student must still take the corresponding EOC assessment.

If you have questions or wish to make a request that your child be enrolled in a virtual or hybrid course offered by the district, please contact the school counselor.

A copy of policy EHDE will be distributed to parents of middle and high school students at least once each year. If you do not receive a copy or have questions about this policy, please contact the campus counselor.

Distribution of Literature, Published Materials, or Other Documents (All Grade Levels)

School Materials

Publications prepared by and for the school may be posted or distributed, with the prior approval of the principal, sponsor, or teacher. Such items may include school posters, brochures, flyers, etc.

The school yearbook is available to students.

All school publications are under the supervision of a teacher, sponsor, and the principal.

Non-school Materials

From Students

Students must obtain prior approval from the campus principal before selling, posting, circulating, or distributing more than 10 copies of written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials that were not developed under the oversight of the school. To be considered, any non-school material must include the name of the sponsoring person or organization. The decision regarding approval will be made within two school days.

The campus principal will designate the location for approved non-school materials to be placed for voluntary viewing or collection by students. [See policy FNAA.]

A student may appeal a decision in accordance with policy FNG(LOCAL). Any student who sells, posts, circulates, or distributes non-school material without prior approval will be subject to disciplinary action in accordance with the Student Code of Conduct. Materials displayed without approval will be removed.

[See FNG(LOCAL) for student complaint procedures.]

From Others

Written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials not sponsored by the district or by a district-affiliated school-support organization will not be sold, circulated, distributed, or posted on any district premises by any district employee or by persons or groups not associated with the district, except as permitted by policy GKDA. To be considered for distribution, any non-school material must meet the limitations on content established in the policy, include the name of the sponsoring person or organization, and be submitted to the campus principal for prior review. The principal will approve or reject the materials within two school days of the time the materials are received. The requestor may appeal a rejection in accordance with the appropriate district complaint policy. [See policies at DGBA or GF.]

The campus principal will designate the location for approved non-school materials to be placed for voluntary viewing or collection.

Prior review will not be required for:

- Distribution of materials by an attendee to other attendees of a school-sponsored meeting intended for adults and held after school hours.
- Distribution of materials by an attendee to other attendees of a community group meeting held after school hours in accordance with policy GKD(LOCAL) or a noncurricular-related student group meeting held in accordance with FNAB(LOCAL).
- Distribution for electioneering purposes during the time a school facility is being used as a polling place, in accordance with state law.

All non-school materials distributed under these circumstances must be removed from district property immediately following the event at which the materials are distributed.

Dress and Grooming (All Grade Levels)

The district's student dress code is established to teach grooming and hygiene, prevent disruption, minimize safety hazards, create the proper learning environment, model good citizenship, maintain discipline, and teach respect for authority. Proper grooming, dignity of appearance, and pride all contribute to a successful learning environment.

Students and parents may determine a student's personal dress and grooming standards, provided that they comply with the following standards.

General

Clothing, grooming, and body piercings/ornamentation must be neat, clean, modest and in good taste and free of any material advertising, depicting, or promoting tobacco, alcohol products, illegal drugs, violence, or material that is offensive or lewd. Offensive is defined as obscene, indecent, sexually explicit, advocates or symbolizes sexual acts or conduct, or advocates prejudice or discrimination based on race, color, national origin, ethnicity, religion, gender, disability, sexual orientation, or age.

- All clothing must be appropriately sized and should not expose one's undergarments, chest, midriff, or buttocks.
- Fabrics covering all private parts must not be seen through.
- Pajamas or other bedtime attire may not be worn, except on "dress up days" approved by the campus principal.
- Students may wear uniforms associated with approved campus extracurricular activities, as approved by the campus principal.
- Clothing/footwear must be suitable for all scheduled classroom activities including physical education, science labs, CTE courses, and other activities where unique hazards exist.
- Clothing that is gang related is prohibited.
- The length of clothing must be long enough to maintain dignity while sitting, bending, and standing.

Shirts

- All shirts must be appropriately sized and should not expose one's undergarments, chest, or midriff.
- Crop tops, tube tops, strapless tops, halter tops, backless tops, and shirts with spaghetti straps (a strap less than 2") are prohibited.
- Sleeveless shirts must fit appropriately under the arm. (No oversized armholes)

Shorts / Skirts / Dresses

- Shorts, skirts, dresses, skorts and the like must be of a modest length so as to not expose any undergarments or private areas of the body or to otherwise cause a distraction to the school environment.
- Strapless or backless dresses and dresses with spaghetti straps (a strap less than 2") are prohibited.

Pants

- Pants should be worn at appropriate-size. Undergarments and/or skin meant to be covered by undergarments must not be exposed. Appropriateness/Inappropriateness of rips, holes in pants, or torn clothing (frays) will be determined by the campus principal.

Outerwear

- Trench coats, dusters or attire made to carry or conceal weapons are prohibited.

- For safety reasons, the hoods of shirts, sweatshirts, jackets, sunglasses or caps/hats may not be on a student's head while inside the buildings.
- Caps/hats may be worn to school, but must be removed while in the building, except in gyms, athletic areas or shop areas.

Shoes

- Shoes or sandals must be worn at all times and may not create a disruption or distraction to the school environment.
- House/bedroom slippers, cleats, rollers, metal taps or steel toe shoes are prohibited.

Body Piercings / Ornamentation / Accessories

- Piercings, ornamentation, and/or accessories must be appropriate and may not create a disruption or distraction to the educational environment.
- Accessories that could be considered dangerous or could be used as a weapon are prohibited.
- Student IDs must be worn and visible at all times during the instructional day. (Middle and High School).

Grooming

- Hairstyles and facial hair must be kept neat and clean in appearance and may not create a disruption or distraction to the educational environment.

Consequences

The campus principal has final authority concerning enforcement of the dress code. If the principal determines that a student's grooming or clothing violates the school's dress code, the student will be given an opportunity to correct the problem at school and return to the classroom. If the problem cannot be corrected at school, the principal will work with the student and parent to obtain an acceptable change of clothing for the student in a way that minimizes loss of instructional time. Repeated or severe offenses may result in more serious disciplinary action in accordance with the Student Code of Conduct. Any student seeking an accommodation must contact his or her principal for approval.

Electronic Devices and Technology Resources (All Grade Levels)

Safe Use of Technology

The district is committed to ensuring that students use technology safely and will follow all federal and state requirements to protect students from excessive data collection or materials that are considered harmful to minors. The district considers parents as partners in cybersecurity and online safety.

In accordance with state and federal law, the district will:

- Install a filter that blocks and prohibits pornographic or obscene materials or applications, including from unsolicited pop-ups, installations, and downloads, before transferring an electronic device to a student to be used for an educational purpose
- Block or filter students' internet access to pictures that are obscene, contain child pornography, or have been determined to be harmful to minors in accordance with the Children's Internet Protection Act (CIPA)
- Require direct and informed parental consent for a student's use of software, other than software excluded from the consent requirement by law [See Error! Reference source not found. and Error! Reference source not found..]
- Require direct and informed parental consent for a student's use of software that conducts mental health assessments or other assessments unrelated to education curricula that are intended to collect information about students [See Error! Reference source not found..]

If you want to know more about partnering with the district regarding cybersecurity and online safety, or if you have complaints or concern about student use of electronic devices, please Nathan Fink, Executive Director of Technology at nfink@mfisd.org or 830-693-4357.

[See Textbooks, Electronic Textbooks, Technological Equipment, and Other Instructional Materials (All Grade Levels).]

Possession and Use of Personal Communications Devices, Including Cell Phones and Other Electronic Devices

In accordance with state law, the district prohibits the use of a personal communication device (such as cell phones, tablets, and smartwatches) while on school property during the day. For more information about permitted use in certain circumstances and disciplinary measures that apply to this prohibition, see the Student Code of Conduct and

The use of cell phones or any device capable of capturing images is strictly prohibited in locker rooms or restroom areas while at school or at a school-related or school-sponsored event.

Confiscated communications devices that are not retrieved by the student or the student's parent will be disposed of after the notice required by law. [See policy FNCE.]

In limited circumstances and in accordance with law, a student's personal communications device may be searched by authorized personnel. [See **Searches** on page 116 and policy FNF.]

The district is not responsible for damaged, lost, or stolen communications devices.

Marble Falls ISD Student Cell Phone Guidelines

Cell phones and other personal communication devices must be "off and away" and stored in the student's backpack/bag during the instructional day; devices are not to be kept on their person.

1st Offense

- Cell phones, smartwatches, wireless headphones, and earbuds will be stored in the assistant principal's office for the day, and the parent or guardian will be notified.
- A warning will be issued to both the student and the parent or guardian about further consequences for failing to comply with the cell phone, smartwatch, and wireless headphones and earbuds-free policy.
- Student and parent/guardian must complete a behavior contract to confirm their understanding and future adherence to the policy.
- **Only the parent or guardian is permitted to pick up the cell phone, smartwatch, wireless headphones, and earbuds; students are not allowed to retrieve their own devices.**
- The offense will be recorded in Skyward Discipline, using the cell phone violation action code.

2nd Offense

- Cell phones, smartwatches, wireless headphones, and earbuds will be stored in the assistant principal's office for the day, and the parent or guardian will be notified.
- **Only the parent or guardian is permitted to pick up the cell phone, smartwatch, wireless headphones, and earbuds; students are not allowed to retrieve their own devices.**
- **The student will be assigned 1 day of in-school suspension (ISS).**
- The offense will be recorded in Skyward Discipline, using the cell phone violation action code.

3rd Offense

- Cell phones, smartwatches, wireless headphones, and earbuds will be stored in the assistant principal's office for the day, and the parent or guardian will be notified.

- **Only the parent or guardian is permitted to pick up the cell phone, smartwatch, wireless headphones, and earbuds; students are not allowed to retrieve their own devices.**
- **The student will be assigned 1 day of in-school suspension (ISS).**
- **The student will be required to turn their device into the assistant principal's office for the next 5 consecutive school days. The student will be allowed to retrieve their own device at the end of each school day.**
- The offense will be recorded in Skyward Discipline, using the cell phone violation action code.

4th Offense

- The 4th offense will be considered **insubordination** for refusing to comply with school rules and guidelines related to cell phone, smartwatch, wireless headphones, and earbuds use. **This will be treated as a serious offense according to the MFISD Student Code of Conduct, and consequences will be issued accordingly.**

Possession and Use of Other Personal Electronic Devices

Except as described below, students are not permitted to possess or use personal electronic devices such as MP3 players, video or audio recorders, DVD players, cameras, games, e-readers, or other electronic devices at school, unless prior permission has been obtained. Without such permission, teachers will collect the items and turn them in to the principal's office. The principal will determine whether to return items to students at the end of the day or to contact parents to pick up the items.

In limited circumstances and in accordance with law, a student's personal electronic device may be searched by authorized personnel. [See **Searches** on page 116 and policy FNF.]

Any disciplinary action will be in accordance with the Student Code of Conduct. The district is not responsible for any damaged, lost, or stolen electronic device.

Instructional Use of Personal Electronic Devices

In some cases, students may find it beneficial or might be encouraged to use personal electronic devices for instructional purposes while on campus. If your child will use his/her own device, it must meet the following criteria in order to access the district's Guest wireless network and will be subject to all student policies. The device must:

- Be Wi-Fi ready
- Support Dual-Band N or AC
- Have at least 4 gigabytes of memory
- Have a battery life of 6 to 8 hours

Students must obtain prior approval before using personal electronic devices allowed by law for instructional use. The district may not permit use of a prohibited personal communication device except as required by law. See [**Possession and Use of Personal Communications Devices, Including Cell Phones and Other Electronic Devices**]. Students must also sign a user agreement that contains applicable rules for use (separate from this handbook). When students are not using the devices for approved instructional purposes, all devices must be turned off during the instructional day. Violations of the user agreement may result in withdrawal of privileges and other disciplinary action.

Acceptable Use of District Technology Resources

District-owned technology resources for instructional purposes may be issued to individual students. Use of these technological resources, which include the district's network systems and use of district equipment, is restricted to approved purposes only. Students and parents will be asked to sign a user agreement (separate from this handbook) regarding use of these district resources. Violations of the user agreement may result in withdrawal of privileges and other disciplinary action.

Unacceptable and Inappropriate Use of Technology Resources

Students are prohibited from possessing, sending, forwarding, posting, accessing, or displaying electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another's reputation, or illegal. This prohibition also applies to conduct off school property, whether the equipment used to send such messages is district-owned or personally owned, if it results in a substantial disruption to the educational environment.

Any person taking, disseminating, transferring, possessing, or sharing obscene, sexually oriented, lewd, or otherwise illegal images or other content, commonly referred to as "sexting," will be disciplined in accordance with the Student Code of Conduct, may be required to complete an educational program related to the dangers of this type of behavior, and, in certain circumstances, may be reported to law enforcement. Because engaging in this type of behavior can lead to bullying or harassment, as well as possibly impede future endeavors of a student, we encourage you to review with your child ["Before You Text" Sexting Prevention Course](#), a state-developed program that addresses the consequences of sexting.

In accordance with state law, the district prohibits the installation or use of TikTok (or any successor application or service) on a district device, along with any other social media application or service determined by the governor.

In addition, any student who engages in conduct that results in a breach of the district's computer security will be disciplined in accordance with the Student Code of Conduct, and, in some cases, the consequence may rise to the level of expulsion.

End-of-Course (EOC) Assessments

[See **Graduation** on page 74 and **Standardized Testing** on page 118.]

Emergent Bilingual Students (All Grade Levels)

A student who is an emergent bilingual student is entitled to receive specialized services from the district. To determine whether the student qualifies for services, a Language Proficiency Assessment Committee (LPAC) will be formed, which will consist of both district personnel and at least one parent representative. The student's parent must consent to any services recommended by the LPAC for an emergent bilingual student. However, pending the receipt of parental consent or denial of services, an eligible student will receive the services to which the student is entitled and eligible.

To determine a student's level of proficiency in English, the LPAC will use information from a variety of assessments. If the student qualifies for services, and once a level of proficiency has been established, the LPAC will then designate instructional accommodations or additional special programs that the student will require to eventually become proficient at grade level work in English. Ongoing assessments will be conducted to determine a student's continued eligibility for the program.

The LPAC will also determine whether certain accommodations are necessary for any state-mandated assessments. The STAAR Spanish, as mentioned at **Standardized Testing** on page 118, may be administered to an emergent bilingual student for a student up to grade 5. In limited circumstances, a student's LPAC may exempt the student from an otherwise required state-mandated assessment or may waive certain graduation requirements related to the English I end-of-course (EOC) assessment. The Texas English Language Proficiency Assessment System (TELPAS) will also be administered to emergent bilingual students who qualify for services.

If a student is considered an emergent bilingual student and receives special education services because of a qualifying disability, the student's ARD committee will make instructional and assessment decisions in conjunction with the LPAC.

Extracurricular Activities, Clubs, and Organizations (All Grade Levels)

Participation in school-sponsored activities is an excellent way for a student to develop talents, receive individual recognition, and build strong friendships with other students; participation, however, is a privilege, not a right.

State law requires the district to obtain written parental consent before a student may participate in a student club that is authorized or sponsored by the district. A parent may obtain consent forms for student clubs by contacting the school principal.

Participation in some of these activities may result in events that occur off-campus. When the district arranges transportation for these events, students are required to use the transportation provided by the district to and from the events. Exceptions to this may only be made with the approval of the activity's coach or sponsor. [See **Transportation** on page 121.]

Eligibility for many of these activities is governed by state law and the rules of the University Interscholastic League (UIL), a statewide association overseeing interdistrict competition. If a student is involved in an academic, athletic, or music activity governed by UIL, the student and parent are expected to know and follow all rules of the UIL organization. Students and parents can access the UIL Parent Information Manual at [UIL Parent Information Manual](#). A hard copy can be provided by the coach or sponsor of the activity on request.

To report alleged noncompliance with required safety training or an alleged violation of safety rules required by law and the UIL, please contact the curriculum division of TEA at (512) 463-9581 or curriculum@tea.texas.gov.

[See [UIL Texas](#) for additional information on all UIL-governed activities.]

Student safety in extracurricular activities is a priority of the district. The equipment used in football is no exception. As a parent, you are entitled to review the district's records regarding the age of each football helmet used by the campus, including when a helmet has been reconditioned.

Students who are involved in extracurricular activities must earn a grade of 70 or better at each UIL reporting period in order to be eligible to participate in the extracurricular activity. A student who receives at the end of a UIL reporting period a grade below 70 in any academic class may not participate in extracurricular activities for at least three school weeks unless the course in which the grade is below a 70 is eligible for a waiver.

Students enrolled in Honors, Advanced Placement, Dual Credit, or OnRamps courses are eligible to receive an eligibility waiver one time per semester as long as the grade earned in the Honors, Advanced Placement, Dual Credit, or OnRamps course is not lower than 60 and the student passed all other courses during the grading period.

If a student is enrolled in a state-approved music course that participates in UIL Concert and Sight-reading Evaluation, and the student receives a grade below 70 in any course at the end of the grading period, the student may perform with the ensemble during the UIL evaluation performance, but is ineligible for other extracurricular activities for at least three weeks.

In addition, the following applies to all extracurricular activities:

- A student who receives special education services and who fails to meet the standards in the individualized education program (IEP) may not participate for at least three school weeks.
- An ineligible student may practice or rehearse but may not participate in any competitive activity.

- A student is allowed in a school year up to 10 absences not related to post-district competition, a maximum of 5 absences for post-district competition prior to state, and a maximum of 2 absences for state competition. All extracurricular activities and public performances, whether UIL activities or other activities approved by the board, are subject to these restrictions.
- An absence for participation in an activity that has not been approved will receive an unexcused absence.

Standards of Behavior

Sponsors of student clubs and performing groups such as the band, choir, and drill and athletic teams may establish standards of behavior—including consequences for misbehavior—that are stricter than those for students in general. If a violation is also a violation of school rules, the consequences specified by the Student Code of Conduct or by board policy will apply in addition to any consequences specified by the organization’s standards of behavior.

Offices and Elections

Certain clubs, organizations, and performing groups will hold elections for student officers. For specific club or group information please contact the campus counselors or administration.

Fees

(All Grade Levels)

Materials that are part of the basic educational program are provided with state and local funds at no charge to a student. A student, however, is expected to provide his or her own pencils, paper, erasers, and notebooks and may be required to pay certain other fees or deposits, including:

- Costs for materials for a class project that the student will keep.
- Membership dues in voluntary clubs or student organizations and admission fees to extracurricular activities.
- Security deposits.
- Personal physical education and athletic equipment and apparel.
- Voluntarily purchased pictures, publications, class rings, yearbooks, graduation announcements, etc.
- Voluntarily purchased student health and accident insurance.
- Musical instrument rental and uniform maintenance, when uniforms are provided by the district.

- Personal apparel used in extracurricular activities that becomes the property of the student.
- Parking fees and student identification cards.
- Fees for lost, damaged, or overdue library books.
- Fees for driver training courses, if offered.
- Fees for optional courses offered for credit that require use of facilities not available on district premises.
- Summer school for courses that are offered tuition-free during the regular school year.
- A reasonable fee for providing transportation to a student who lives within two miles of the school. [See **Buses and Other School Vehicles** on page 122.]
- A maximum fee of \$50 for costs of providing an educational program outside of regular school hours for a student who has lost credit or has not been awarded a final grade because of absences and whose parent chooses the program for the student to meet the 90 percent attendance requirements. The fee will be charged only if the parent or guardian signs a district-provided request form.
- In some cases, a fee for a virtual or hybrid course.

Any required fee or deposit may be waived if the student and parent are unable to pay. Application for such a waiver may be made to the campus principal. [For further information, see policy FP.]

Fundraising (All Grade Levels)

Student groups or classes and/or parent groups may be permitted to conduct fundraising drives for approved school purposes in accordance with administrative regulations. [For further information, see policies FJ and GE.]

Gang-Free Zones (All Grade Levels)

Certain criminal offenses, including those involving organized criminal activity such as gang-related crimes, will be enhanced to the next highest category of offense if they are committed in a gang-free zone. For purposes of the district, a gang-free zone includes a school bus and a location in, on, or within 1,000 feet of any district-owned or leased property or campus playground.

Grade-Level Classification (Grades 9–12 Only)

After the ninth grade, students are classified according to the number of credits earned toward graduation.

Credits Earned	Classification
6.0 to 12.5	Grade 10 (Sophomore)
13.0 to 19.5	Grade 11 (Junior)
20.0 & 4 th Year in High School	Grade 12 (Senior)

Grading Guidelines (All Grade Levels)

Grading guidelines for each grade level or course will be communicated and distributed to students and their parents by the classroom teacher. These guidelines have been reviewed by each applicable curriculum department and have been approved by the campus principal. These guidelines establish:

- The minimum number of assignments, projects, and examinations required for each grading period
- How the student's mastery of concepts and achievement will be communicated (i.e., letter grades, numerical averages, checklist of required skills, and the like)
- Circumstances under which a student will be allowed to redo an assignment or retake an examination for which the student originally failed
- Procedures for a student to follow after an absence
- Grading consequences for academic dishonesty, including cheating or copying the work of another student, plagiarism (including the unauthorized use of artificial intelligence (AI) such as ChatGPT), and unauthorized communication between students during an examination

[See **Report Cards/Progress Reports and Conferences** on page 104 for additional information on grading guidelines.]

Graduation (Secondary Grade Levels Only)

Requirements for a Diploma

A student must meet the following requirements to receive a high school diploma from the district

- Achieve passing scores on certain end-of-course (EOC) assessments or approved substitute assessments, unless specifically waived as permitted by state law;

- Complete the required number of credits established by the state and any additional credits required by the district;
- Complete any locally required courses in addition to the courses mandated by the state;
- Demonstrate proficiency, as determined by the district, in the specific communication skills required by the State Board of Education (SBOE); and
- Complete and submit a free application for federal student aid (FAFSA) or a Texas application for state financial aid (TASFA)

Testing Requirements for Graduation

Testing Requirements for Graduation

Students are required, with limited exceptions and regardless of graduation program, to perform satisfactorily on the following EOC assessments in:

- English I,
- English II,
- Algebra I,
- Biology, and
- U.S. History.

A student who does not achieve a sufficient score will have opportunities to retake an assessment.

State law allows a student to meet EOC requirements by substituting satisfactory performance on approved national standardized assessments or on the state-developed assessment used for entrance into Texas public universities. [See the school counselor for more information on the state testing requirements for graduation.]

If a student fails to perform satisfactorily on an EOC assessment, the district will provide remediation in the applicable content area. This may require the student's participation outside normal school operating times.

In limited circumstances, a student who fails to demonstrate proficiency on two or fewer of the required assessments may still be eligible to graduate if an individual graduation committee, formed in accordance with state law, unanimously determines that the student is eligible to graduate.

[See **Standardized Testing** on page 118 for more information.]

Foundation Graduation Program

Every student in a Texas public school who entered grade 9 in the 2014–15 school year and thereafter will graduate under the “foundation graduation program.” Within the foundation graduation program are “endorsements,” which are paths of interest that

include Science, Technology, Engineering, and Mathematics (STEM); Business and Industry; Public Services; Arts and Humanities; and Multidisciplinary Studies. Endorsements earned by a student will be noted on the student’s transcript. The foundation graduation program also involves the term “distinguished level of achievement,” which reflects the completion of at least one endorsement and Algebra II as one of the required advanced mathematics credits. A **Personal Graduation Plan** will be completed for each high school student, as described on page 78.

State law generally prohibits a student from graduating solely under the foundation graduation program without an endorsement. However, after the student’s sophomore year, the student and student’s parent may request that the student graduate without an endorsement. The district will advise the student and student’s parents of the specific benefits of graduating with an endorsement. The student and the student’s parent must then submit written permission to the school counselor for the student to graduate without an endorsement. A student who anticipates graduating under the foundation graduation program without an endorsement and who wishes to attend a four-year university or college after graduation must carefully consider whether this will satisfy the admission requirements of the student’s desired college or university.

A student graduating under the foundation graduation program can also earn performance acknowledgments on his or her transcript. Performance acknowledgments are available for outstanding performance in bilingualism and biliteracy, in a dual credit course, on an AP or IB examination, on certain national college preparatory and readiness or college entrance examinations, or for earning a license or certificate recognized at the state, national, or international level. The school counselor can provide more information about these acknowledgments.

A student is not required to complete an Algebra II course to graduate under the foundation graduation program, and the district will annually notify a student’s parent of this fact. However, not taking Algebra II will make a student ineligible for automatic admission to four-year public universities and colleges in Texas and for certain financial aid and grants while attending those institutions.

A school district will permit a student to satisfy the curriculum requirements for graduation under the foundation program with the distinguished level of achievement, including an endorsement, by successfully completing courses in the core curriculum of a public Texas institution of higher education. Please see your counselor for more information.

Credits Required

The foundation graduation program requires completion of the following credits:

Course Area	Number of Credits: Foundation Graduation Program	Number of Credits: Foundation Graduation Program with an Endorsement
English/Language Arts	4	4

Mathematics	3	4
Science	3	4
Social Studies, including Economics	3	3
Physical Education	1	1
Languages other than English	2	2
Fine Arts	1	1
Electives	9	9
Total	26 credits	28 credits

*Four credits of social studies are strongly recommended.

**Two credits may be local elective credits.

Additional considerations apply in some course areas, including:

- **Mathematics.** To obtain the distinguished level of achievement under the foundation graduation program, which will be included on a student's transcript and is a requirement to be considered for automatic admission to a Texas four-year college or university, a student must complete an endorsement and take Algebra II as one of the 4 mathematics credits.
- **Physical education.** A student who is unable to participate in physical activity due to a disability or illness may be able to substitute a course in English language arts, mathematics, science, social studies, or another locally determined credit-bearing course for the required credit of physical education. This determination will be made by the student's ARD committee, Section 504 committee, or other campus committee, as applicable.
- **Languages other than English.** Students are required to earn 2 credits in the same language other than English to graduate. Any student may substitute computer programming languages for these credits. A student may satisfy one of the two required credits by successfully completing a dual language immersion program or a course in American Sign Language. In limited circumstances, a student may be able to substitute this requirement with other courses, as determined by a district committee authorized by law to make these decisions for the student.

Available Endorsements

A student must specify upon entering grade 9 which endorsement he or she wishes to pursue:

- Science, technology, engineering, and mathematics (STEM),

- Business and industry,
- Public services,
- Arts and humanities, or
- Multidisciplinary studies.

Financial Aid Application Requirement

Before graduating from high school, each student must complete an application for financial aid for post-secondary education. Students must complete and submit either a free application for federal student aid (FAFSA) or a Texas application for state financial aid (TASFA).

For information and assistance in completing the FAFSA/TASFA please contact Gibson Holmes, College/Career Advisor at gholmes@mfisd.org or in the High School counseling office.

A student is not required to complete and submit a FAFSA or TASFA if:

- The student's parent submits a form provided by the district indicating that the parent authorizes the student to opt out;
- A student who is 18 years of age or older or a legally independent minor submits a form provided by the district indicating that the student opts out; or
- A school counselor authorizes the student to opt out for good cause.

Please contact the school counselor for more information.

To confirm that a student has completed and submitted a TASFA, the student must submit:

- A screenshot that includes the processed date field of the FAFSA ApplyTexas Counselor Suite;
- Notification, such as a copy of an email, from the United States Department of Education verifying completion of the FAFSA;
- A copy or screenshot of the FAFSA acknowledgment page;
- A screenshot of the TASFA submission acknowledgment page (from those institutions that offer an electronic form);
- An acknowledgment receipt from an institution of higher education (IHE); or
- A copy of a financial aid award letter from an IHE

Personal Graduation Plans

A personal graduation plan will be developed for each high school student. The district encourages all students to pursue a personal graduation plan that includes the

completion of at least one endorsement and to graduate with the distinguished level of achievement. Attainment of the distinguished level of achievement is a requirement for a student to be considered for automatic admission to a public four-year college or university in Texas, depending on his or her rank in class. The school will review personal graduation plan options with each student entering grade 9 and his or her parent. Before the end of grade 9, a student and his or her parent will be required to sign off on a personal graduation plan that includes a course of study that promotes college and workforce readiness and career placement and advancement, as well as facilitates the transition from secondary to postsecondary education. The student's personal graduation plan will denote an appropriate course sequence based on the student's choice of endorsement.

Please review [TEA's Graduation Toolkit](#).

A student may, with parental permission, amend his or her personal graduation plan after the initial confirmation.

Available Course Options for All Graduation Programs

Information regarding specific courses required or offered in each curriculum area will be distributed to students each spring to enroll in courses for the upcoming school year.

Note: The district may require the completion of certain courses for graduation even if these courses are not required by the state for graduation.

Certificates of Coursework Completion

A certificate of coursework completion will be issued to a student who has successfully completed state and local credit requirements for graduation but has not yet demonstrated satisfactory performance on the state-mandated tests required for graduation.

Students with Disabilities

Admission, review, and dismissal (ARD) committees will make instructional and assessment decisions for students with disabilities who receive special education services in accordance with state law.

Upon the recommendation of the ARD committee, a student with a disability who receives special education services may be permitted to graduate under the provisions of his or her individualized education program (IEP) and in accordance with state rules.

A student who receives special education services may earn the distinguished level of achievement or an endorsement under the foundation program. If the student's curriculum requirements for the endorsement were modified, the student's ARD committee will determine whether the modified curriculum is sufficiently rigorous for purposes of earning the distinguished level of achievement or the endorsement. The

ARD committee must also determine whether the student must perform satisfactorily on any end-of-course assessment instrument required to earn an endorsement.

A student who receives special education services and has completed four years of high school but has not met the requirements of his or her IEP may participate in graduation ceremonies and receive a certificate of attendance. The student may then remain enrolled to complete the IEP and earn his or her high school diploma but will only be allowed to participate in one graduation ceremony.

[See policy FMH(LEGAL) for more information.]

Graduation Activities

Graduation activities will include:

- Graduation Rehearsal
- Graduation Ceremony
- Project Graduation (Organized and Sponsored by Senior Class Parents)

Students who have met coursework requirements for graduation but have not yet demonstrated satisfactory performance on end-of-course assessments and have not been declared eligible to graduate by an individual graduation committee, if applicable, will be allowed to participate in graduation activities. However, please keep in mind that participating in the activities and ceremonies is not synonymous with graduating. Ultimately, the final awarding of a diploma will be contingent upon the student's completion of all applicable requirements for graduation.

Graduation Speakers

Certain graduating students will be given an opportunity to have speaking roles at graduation ceremonies.

A student must meet local eligibility criteria, which may include requirements related to student conduct, to have a speaking role. Students eligible for speaking roles will be notified by the principal and given an opportunity to volunteer.

[See FNA(LOCAL) and the Student Code of Conduct. For student speakers at other school events, see **Student Speakers** on page 119.]

Graduation Expenses

Because students and parents will incur expenses to participate in the traditions of graduation—such as the purchase of invitations, senior ring, cap and gown, and senior picture—both the student and parent should monitor progress toward completion of all requirements for graduation. The expenses often are incurred in the junior year or first semester of the senior year. [See **Fees** on page 72.]

Scholarships and Grants

Students who have a financial need according to federal criteria and who complete the foundation graduation program, may be eligible under the TEXAS Grant Program Teach for Texas Grant Program and Future Texas Teachers Scholarship Program for scholarships and grants towards tuition and fees to Texas public universities, community colleges, and technical schools, as well as to private institutions. Certain students who graduate early may also be eligible for the Texas First Scholarship Program.

Contact the school counselor for information about other scholarships and grants available to students.

Harassment

[See **Dating Violence, Discrimination, Harassment, and Retaliation** on page 58.]

Hazing (All Grade Levels)

Hazing is defined by Section 37.151 of the Education Code as an intentional, knowing, or reckless act, on or off campus, by one person alone or acting with others, directed against a student for the purpose of pledging, initiation into, affiliation with, holding office in, or maintaining membership in a student organization if the act meets the elements in Education Code 37.151, including:

- Any type of physical brutality;
- An activity that subjects the student to an unreasonable risk of harm or that adversely affects the student's mental or physical health, such as sleep deprivation, exposure to the elements, confinement to small spaces, calisthenics, or consumption of food, liquids, drugs, or other substances;
- An activity that induces, causes, or requires the student to perform a duty or task that violates the Penal Code; and
- Coercing a student to consume a drug or alcoholic beverage in an amount that would lead a reasonable person to believe the student is intoxicated.

Hazing will not be tolerated by the district. If an incident of hazing occurs, disciplinary consequences will be handled in accordance with the Student Code of Conduct. It is a criminal offense if a person engages in hazing; solicits, encourages, directs, aids, or attempts to aid another in hazing; or has firsthand knowledge of an incident of hazing being planned or having occurred and fails to report this to the principal, superintendent or law enforcement official.

[See **Bullying** on page 37 and policies FFI and FNCC.]

Health-Physical and Mental

Health-Related Services

The district is required to provide notice of each health-related service offered at a student's campus. A parent may withhold consent for or decline a health-related service.

The following health related services are offered on all Marble Falls ISD District Campuses:

School health-related services are most often provided by the school nurse. However, additional school staff may also provide first-aid and care of ill or injured students. This would include teachers, athletics trainers, administrators, counselors or other staff charged with supervising children.

Health-related services in the school setting may include:

- General First Aid
- Nursing Assessment and/or care of symptoms of illness or injury while at school. (Examples, not all inclusive: temperature check, assessing pulse, measuring blood pressure, listening to breathing or heart sounds, examining pupil responsiveness)
- Medication Administration
 - Prescription and/or over the counter medication may be administered by the school nurse or school staff only if the parent/guardian checks in the medication, in its original container or prescription bottle, and completes a medication permission form. The clinic cannot exceed the dosage amount on the official packaging of the medication.
- Medical procedures or treatments for chronic health conditions that require a physician's order that the parent/guardian has provided the school nurse.
- Texas Department of State Health Services (TDSHS) routine screenings in certain grade levels. (Screenings include: vision, hearing, spinal screening)

For questions regarding health-related services, please contact the school nurse.

Illness (All Grade Levels)

When your child is ill, please contact the school to let us know he or she will not be attending that day.

State rules require schools to exclude students with certain illnesses from school for certain periods of time. For example, if a child has a fever over 100 degrees, he or she must stay out of school until fever-free for 36 hours without use of fever-reducing

medications. Students with diarrheal illnesses must stay home until they are diarrhea-free without use of diarrhea-suppressing medications for 36 hours.

A full list of conditions for which the school must exclude children can be obtained from the school nurse.

If a student becomes ill during the school day, he or she must receive permission from the teacher before reporting to the school nurse. If the nurse determines that the child should go home, the nurse will contact the parent.

The district is also required to report certain contagious (communicable) diseases or illnesses to the Texas Department of State Health Services (TDSHS) or our local/regional health authority. The school nurse can provide information from TDSHS on these notifiable conditions.

The school nurse is available to answer any questions for parents who are concerned about whether or not their child should stay home.

Immunization (All Grade Levels)

A student must be fully immunized against certain diseases or must present a certificate or statement that, for medical reasons or reasons of conscience, including a religious belief, the student will not be immunized. For exemptions based on reasons of conscience, only official forms issued by the Texas Department of State Health Services (DSHS), Immunization Branch, can be honored by the district. This form may be obtained by writing the DSHS Immunization Branch (MC 1946), P.O. Box 149347, Austin, Texas 78714-9347; The form must be notarized and submitted to the principal or school nurse within 90 days of notarization. If the parent is seeking an exemption for more than one student in the family, a separate form must be provided for each student.

The immunizations required are:

- Diphtheria, tetanus, and pertussis
- Polio
- Measles, mumps, and rubella
- Hepatitis B
- Varicella (chicken pox)
- Meningococcal
- Hepatitis A

The school nurse can provide information on age-appropriate doses or on an acceptable physician-validated history of illness required by TDSHS. Proof of immunization may be established by personal records from a licensed physician or public health clinic with a signature or rubber-stamp validation.

If a student should not be immunized for medical reasons, the student or parent must present a certificate signed by a U.S. registered and licensed physician stating that, in the doctor's opinion, the immunization required is medically contraindicated or poses a significant risk to the health and well-being of the student or a member of the student's family or household. This certificate must be renewed yearly unless the physician specifies a lifelong condition.

For information on immunization against bacterial meningitis and college enrollment and attendance, see Bacterial Meningitis on page 120.

[For further information, see policy FFAB(LEGAL) and the DSHS website: [Texas School & Child Care Facility Immunization Requirements.](#)]

Lice (All Grade Levels)

Head lice is very common among children. Although not an illness or a disease, head lice spread through head-to-head contact during play, sports, nap time, and when children share things like brushes, combs, hats, and headphones. The district does not require or recommend that students be removed from school because of lice or nits. If careful observation indicates that a student has head lice, the school nurse will contact the student's parent to discuss a treatment plan using an FDA-approved medicated shampoo or cream rinse that may be purchased from any drug or grocery store. After the student undergoes one treatment, the parent should contact the school nurse to discuss the treatment used. The nurse can also offer additional recommendations, including subsequent treatments, how best to get rid of lice, and how to prevent lice from returning. The district will provide notice to parents of elementary school students in an affected classroom without identifying the student with lice. More information on head lice can be obtained from the DSHS website [Managing Head Lice in School Settings and at Home](#). <https://www.cdc.gov/parasites/lice/head/index.html> [See policy FFAA for more information.]

Medicine at School (All Grade Levels)

Medication that must be administered to a student during school hours must be provided by the student's parent. All medication, whether prescription or nonprescription, must be kept in the nurse's office and administered by the nurse or another authorized district employee, unless the student is authorized to possess his or her own medication because of asthma or a severe allergy as described below or as otherwise allowed by law.

The district will not purchase nonprescription medication to give to a student.

In accordance with policy FFAC, authorized employees may administer:

- Prescription medication, in the original, properly labeled container, provided by the parent, along with a written request.
- Prescription medication from a properly labeled unit dosage container filled by a registered nurse or another qualified district employee from the original, properly labeled container.
- Nonprescription medication, in the original, properly labeled container, provided by the parent along with a written request. **Note:** Insect repellent is considered a nonprescription medication.
- Herbal or dietary supplements provided by the parent only if required by the student's individualized education program (IEP) or Section 504 plan for a student with disabilities.

An elementary or secondary student may possess and self-apply sunscreen to avoid overexposure to the sun. An elementary student's teacher or other district personnel will apply sunscreen to the student's exposed skin if the student brings the sunscreen to school and asks for help applying it. If a secondary student needs assistance with sunscreen application, please address the need with the school nurse.

Whether a student is at the elementary or secondary level, if sunscreen needs to be administered to treat any type of medical condition, this should be handled through communication with the school nurse so that the district is made aware of any safety and medical issues.

A student with asthma or severe allergic reaction (anaphylaxis) may be permitted to possess and use prescribed asthma or anaphylaxis medication at school or school-related events only if he or she has written authorization from his or her parent and a physician or other licensed health-care provider. The student must also demonstrate to his or her physician or health-care provider and to the school nurse the ability to use the prescribed medication, including any device required to administer the medication.

If the student has been prescribed asthma or anaphylaxis medication for use during the school day, the student and parents should discuss this with the school nurse or principal.

Asthma and Severe Allergic Reactions

A student with asthma or severe allergic reaction (anaphylaxis) may possess and use prescribed asthma or anaphylaxis medication at school or school-related events only if he or she has written authorization from his or her parent and a physician or other licensed health-care provider. The student must also demonstrate to his or her health-care provider and the school nurse the ability to use the prescribed medication, including any device required to administer the medication.

If the student has been prescribed asthma or anaphylaxis medication for use during the school day, the student and parents should discuss this with the school nurse or principal.

Unassigned Epinephrine Delivery Systems

In accordance with Chapter 38, Subchapter E of the Education Code, the board has adopted a policy to allow authorized school personnel who have been adequately trained to administer an unassigned epinephrine delivery system to a person who is reasonably believed to be experiencing a severe allergic reaction (anaphylaxis).

An “unassigned epinephrine delivery system” is an epinephrine delivery system, including an auto-injector or nasal spray prescribed by an authorized health-care provider in the name of the school issued with a non-patient-specific standing delegation order for the administration of an epinephrine delivery system.

Epinephrine delivery system include brand-name devices such as EpiPens® and Neffy®.

Authorized and trained individuals may administer an epinephrine delivery system at any time to a person experiencing anaphylaxis on a school campus.

The district will ensure that at each campus a sufficient number of school personnel are trained to administer epinephrine so that at least one trained individual is present on campus during regular school hours and whenever school personnel are physically on site for school-sponsored activities.

Authorized and trained individuals may administer an unassigned epinephrine delivery system to a person experiencing anaphylaxis at an off-campus school event or while in transit to or from a school event when an unassigned epinephrine delivery system is available.

For additional information, see FFAC(LOCAL).

Unassigned Opioid Antagonists

In accordance with Chapter 38, Subchapter E of the Education Code, the board has adopted a policy to allow authorized and trained [school personnel and/or school volunteers] at each campus to administer an opioid antagonist, such as Narcan or Naloxone, to an individual who is reasonably believed to be experiencing an opioid-related drug overdose.

One or more authorized and trained individuals will be present on each campus subject to this policy during regular school hours.

Steroids (Secondary Grade Levels Only)

State law prohibits students from possessing, dispensing, delivering, or administering an anabolic steroid. Anabolic steroids are for medical use only, and only a physician can prescribe use.

Body building, muscle enhancement, or the increase of muscle bulk or strength through the use of an anabolic steroid or human growth hormone by a healthy student is not a valid medical use and is a criminal offense.

Mental Health Support (All Grade Levels)

The district has implemented programs to address the following mental health, behavioral health, and substance abuse concerns:

- Mental health promotion and early intervention;
 - Students have access to Guidance and Crisis counseling on campus.
 - Students participate in daily, weekly and monthly Social Emotional lessons.
- Building skills to manage emotions, establish and maintain positive relationships, and engage in responsible decision-making;
 - Teachers use CASEL approved Social Emotional curriculum to deliver lessons about emotions, positive relationships and responsible decision making.
 - Campuses use problem solving strategies and restorative practices for conflict resolution.
- Substance abuse prevention and intervention;
 - Substance abuse and prevention lessons occur at appropriate Grade Level designated times.
- Suicide prevention, intervention, and postvention (interventions after a suicide in a community)
 - Age appropriate suicide prevention lessons occur during designated times.
 - A District Multidisciplinary and safe and supportive team guides policies and procedures.
 - Each campus leadership team is trained to identify students who demonstrate harm to self or others.
 - Each campus leadership team is trained to utilize community agencies for support of students who are identified as harm to self or others.
- Grief, trauma, and trauma-informed care;
 - Students who are identified as needing grief or trauma support are referred to appropriate campus or outside support.
 - Teachers are trained to be able to identify students in need of grief or trauma support.
 - [Training Trauma Based Relational Intervention \(TBRI\)](#) for all staff.
- Positive behavior interventions and supports;
 - District and Campus Positive Behavior Intervention Supports are developed by district and campus PBIS committees.
 - Campus wide and Classroom expectations are displayed and taught.
 - Campus wide positive reinforcement systems are implemented.

- Positive youth development; and
 - Youth development is supported through campus and district leadership opportunities.
- Safe, supportive, and positive school climates.
 - Positive campus climates are promoted through clear campus expectations with attention to foster safety and maintaining meaningful and healthy relationships.

If a student has been hospitalized or placed in residential treatment for a mental health condition or substance abuse, the district has procedures to support the student’s return to school. Please contact the district’s mental health liaison for further information.

Teachers and other district employees may discuss a student’s academic progress or behavior with the student’s parents or another employee as appropriate; however, they are not permitted to recommend use of psychotropic drugs.

A district employee who is a registered nurse, an advanced nurse practitioner, a physician, or a certified or credentialed mental health professional can recommend that a student be evaluated by an appropriate medical practitioner, if appropriate. [For further information, see policy FFAC.]

For related information, see:

- **Consent to Conduct a Psychological Evaluation or Provide a Mental Health Care Service** on page 3 for the district’s procedures for recommending a mental health intervention and the mental health liaison’s contact information;
- **Counseling** on page 56 for the district’s comprehensive school counseling program;
- **Physical and Mental Health Resources** on page 108 for campus and community mental and physical health resources; and
- **Policies and Procedures that Promote Student Physical and Mental Health** on page 109 for board-adopted policies and administrative procedures that promote student health.

Physical Activity Requirements

Elementary School

In accordance with policies at EHAB, EHAC, EHBG, and FFA, the district will ensure that students in full-day prekindergarten–grade 5 engage in moderate or vigorous physical activity for at least 30 minutes per day or 135 minutes per week.

For additional information on the district’s requirements and programs regarding elementary school student physical activity requirements, please see the principal.

Junior High / Middle School

In accordance with policies at EHAB, EHAC, EHBG, and FFA, the district will ensure that students in middle or junior high school will engage in 30 minutes of moderate or vigorous physical activity per day for at least four semesters.

For additional information on the district's requirements and programs regarding junior high and middle school student physical activity requirements, please see the principal.

Temporary Restriction from Participation in Physical Education

Students who are temporarily restricted from participation in physical education will remain in the class and shall continue to learn the concepts of the lessons but not actively participate in the skill demonstration.

Physical Fitness Assessment (Grades 3–12)

Annually, the district will conduct a physical fitness assessment of students in grades 3–12 who are enrolled in a physical education course or a course for which physical education credit is awarded. At the end of the school year, a parent may submit a written request to the campus principal to obtain the results of his or her child's physical fitness assessment conducted during the school year.

Physical Health Screenings / Examinations

Athletics Participation (Secondary Grade Levels Only)

For certain extracurricular activities, a student must submit certification from an authorized health-care provider. The certification must state that the student has been examined and is physically able to participate in the relevant program, including:

- A district athletics program.
- District marching band.
- Any district extracurricular program identified by the superintendent.

This examination is required to be submitted annually to the district.

Students should be aware of the rare possibility of sudden cardiac arrest, which in athletes is usually caused by a previously unsuspected heart disease or disorder. A student may request an electrocardiogram (ECG or EKG) to screen for such disorders, in addition to his or her required physical examination.

See the UIL's explanation of [sudden cardiac arrest](#) for more information.

Spinal Screening Program

School-based spinal screening helps identify adolescents with abnormal spinal curvature and refer them for appropriate follow-up by their physician. Screening can detect scoliosis at an early stage, when the curve is mild and may go unnoticed. Early detection is key to controlling spinal deformities.

All students who meet the Texas Department of State Health Services criteria will be screened for abnormal spinal curvature before the end of the school year. For information on spinal screening by an outside professional or exemption from spinal screening based on religious beliefs, see policy FFAA(LEGAL) or contact the superintendent.

Spinal screening is non-invasive and conducted following the most recent, nationally accepted and peer-reviewed standards for spinal screening.

Other Examinations and Screenings (All Grade Levels)

Type 2 Diabetes

Students are required to undergo a risk assessment for Type 2 diabetes at the same time the district screens students for hearing and vision issues or for abnormal spinal curvatures.

[See policy FFAA for more information.]

Special Health Concerns (All Grade Levels)

Bacterial Meningitis (All Grade Levels)

Please see the district's website at www.mfisd.org to provide URL for web posting of information regarding meningitis] for information regarding meningitis.

Note: Entering college students must show, with limited exception, evidence of receiving a bacterial meningitis vaccination within the five-year period prior to enrolling in and taking courses at an institution of higher education. Please see the school nurse for more information, as this may affect a student who wishes to enroll in a dual credit course taken off campus.

Diabetes

In accordance with a student's individual health plan for management of diabetes, a student with diabetes will be permitted to possess and use monitoring and treatment supplies and equipment while at school or at a school-related activity. See the school nurse or principal for information. [See policy FFAF(LEGAL) for more information.]

Food Allergies (All Grade Levels)

Parents should notify the district when a student has been diagnosed with a food allergy, especially those allergies that could result in dangerous or possibly life-threatening reactions either by breathing, eating or touching with the particular food. It is important to disclose the food to which the student is allergic, as well as the nature of the allergic reaction. Please contact the school nurse or campus principal if your child has a known food allergy or as soon as possible after any diagnosis of a food allergy.

The district has developed and annually reviews a food allergy management plan based on the Texas Department of State Health Services' (DSHS) "Guidelines for the Care of Students with Food Allergies At-Risk for Anaphylaxis." The district's management plan addresses employee training, dealing with common food allergens, and specific strategies for dealing with students diagnosed with severe food allergies. When the district receives information that a student has a food allergy that puts the student at risk for anaphylaxis, individual care plans will be developed to assist the student in safely accessing the school environment. The district's food allergy management plan can be accessed at www.mfisd.org.

The complete text of the "Guidelines for the Care of Students with Food Allergies At-Risk for Anaphylaxis" can be found on the DSHS website at [Allergies and Anaphylaxis](#).

[See policy FFAF and **Celebrations** on page 41.]

Seizures (All Grade Levels)

To address the care of a student with a seizure disorder while at school or participating in a school activity, a parent may submit a seizure management and treatment plan to the district before the beginning of the school year, upon enrollment of the student, or as soon as practicable following diagnosis of a seizure disorder. A parent who submits a plan must use the "Seizure Management and Treatment Plan Form developed by the Texas Education Agency. [TEA-Seizure Management and Treatment Form](#)

For more information, see "A Student with Physical or Mental Impairments Protected under Section 504" on page 25.

Tobacco, E-Cigarettes and Nicotine Products Prohibited (All Grade Levels)

Students are prohibited from possessing or using any type of tobacco product, electronic cigarettes (e-cigarettes), or any other electronic vaporizing device, while on school property at any time or while attending an off-campus school-related activity.

With limited exceptions for medication, [see Error! Reference source not found.] students are also prohibited from possessing or using any type of nicotine product, including nicotine pouches, regardless of whether the product contains tobacco, while on school property or while attending an off-campus school-related activity.

The district and its staff strictly enforce prohibitions against the use of all tobacco products, e-cigarettes, or any other electronic vaporizing device, by students and all others on school property and at school-sponsored and school-related activities. [See the Student Code of Conduct and policies at FNCD and GKA.]

Vaping Consequences

An appropriate administrator may place a student in a disciplinary alternative education program for the first-time offense of possession or use of a nicotine delivery product or e-cigarette, as defined by [Section 161.081, Health and Safety Code](#).

If a student who possesses or uses an e-cigarette is not placed in a disciplinary alternative education program for the first-time offense under [Education Code 37.008](#), the student shall be placed in in-school suspension for a period of at least 10 school days.

Health-Related Resources, Policies, and Procedures

Physical and Mental Health Resources (All Grade Levels)

Parents and students in need of assistance with physical and mental health concerns may contact the following campus and community resources:

- The campus full time nurse and/or the district Social Worker, Kaitlin Puckett at 830-693-4357.
- The MFISD campus school counselor and/or district Social Worker, Kaitlin Puckett at 830-639-4357.
- The local public health authority which may be contacted at 830-693-5703
- The local mental health authority, [Bluebonnet Trails Community Services](#), which may be contacted at **1-844-309-6385**.

Policies and Procedures that Promote Student Physical and Mental Health (All Grade Levels)

The district has adopted board policies that promote student physical and mental health. Local policies on the topics below can be found in the district's policy manual available at www.mfisd.org.

- Food and nutrition management: CO, COA, COB
- Wellness and Health Services: FFA
- Physical Examinations: FFAA
- Immunizations: FFAB
- Medical Treatment: FFAC

- Communicable Diseases: FFAD
- School-Based Health Centers: FFAE
- Care Plans: FFAF
- Crisis Intervention: FFB
- Trauma-informed Care: FFBA
- Student Support Services: FFC
- Student Safety: FFF
- Child Abuse and Neglect: FFG
- Freedom from Discrimination, Harassment, and Retaliation: the FFH
- Freedom from Bullying: FFI

In addition, the District Improvement Plan details the district's strategies to improve student performance through evidence-based practices that address physical and mental health. Please see MFISD District Improvement Plan at [District Improvement Plan](#).

The district has developed administrative procedures as necessary to implement the above policies and plans.

For further information regarding these procedures and access to the District Improvement Plan, please contact: Ms. Yarda Leflet, Assistant Superintendent of Curriculum and Instruction, 1800 Colt Circle, Marble Falls, TX 78654, 830-693-4357, yleflet@mfisd.org.

School Health Advisory Council (SHAC) (All Grade Levels)

During the preceding school year, the district's School Health Advisory Council (SHAC) held 5 meetings. Additional information regarding the district's SHAC is available from the District's Curriculum Department.

Notification of upcoming SHAC meetings will be posted at each campus administrative office at least 72 hours before the meeting. Notification of upcoming SHAC meetings, meeting minutes, and a recording of each meeting will be posted on the district website at www.mfisd.org.

[See policies at BDF and EHAA. See **Consent to Human Sexuality Instruction** for additional information.]

Student Wellness Policy / Wellness Plan (All Grade Levels)

Marble Falls ISD is committed to encouraging healthy students and therefore has developed a board-adopted wellness policy at FFA(LOCAL) and corresponding plans and procedures to implement the policy. For questions about the content or implementation of the district's wellness policy and plan please contact Ms. Yarda Leflet, Assistant Superintendent of Curriculum and Instruction, 1800 Colt Circle, Marble Falls, TX 78654, 830-693-4357, yleflet@mfisd.org .

Homework

Please contact your campus principal and/or your student's teacher for specific homework information.

Law Enforcement Agencies (All Grade Levels)

Questioning of Students

When law enforcement officers or other lawful authorities wish to question or interview a student at school, the principal will cooperate fully regarding the conditions of the interview, including without parental consent, if necessary, if the questioning or interview is part of a child abuse investigation. In other circumstances:

- The principal will verify and record the identity of the officer or other authority and ask for an explanation of the need to question or interview the student at school.
- The principal ordinarily will make reasonable efforts to notify the parents unless the interviewer raises what the principal considers to be a valid objection.
- The principal ordinarily will be present unless the interviewer raises what the principal considers to be a valid objection.

Students Taken into Custody

State law requires the district to permit a student to be taken into legal custody:

- To comply with an order of the juvenile court.
- To comply with the laws of arrest.
- By a law enforcement officer if there is probable cause to believe the student has engaged in delinquent conduct or conduct in need of supervision.
- By a law enforcement officer to obtain fingerprints or photographs for comparison in an investigation.

- By a law enforcement officer to obtain fingerprints or photographs to establish a student's identity, where the child may have engaged in conduct indicating a need for supervision, such as running away.
- By a probation officer if there is probable cause to believe the student has violated a condition of probation imposed by the juvenile court.
- By an authorized representative of Child Protective Services (CPS), Texas Department of Family and Protective Services (DFPS), a law enforcement officer, or a juvenile probation officer, without a court order, under the conditions set out in the Family Code relating to the student's physical health or safety.
- To comply with a properly issued directive from a juvenile court to take a student into custody.

Before a student is released to a law enforcement officer or other legally authorized person, the principal will verify the officer's identity and, to the best of his or her ability, will verify the official's authority to take custody of the student.

The principal will immediately notify the superintendent and will ordinarily attempt to notify the parent unless the officer or other authorized person raises what the principal considers to be a valid objection to notifying the parents. Because the principal does not have the authority to prevent or delay a student's release to a law enforcement officer, any notification will most likely be after the fact.

Notification of Law Violations

The district is required by state law to notify:

- All instructional and support personnel who have responsibility for supervising a student who has been taken into custody, arrested, or referred to the juvenile court for any felony offense or for certain misdemeanors.
- All instructional and support personnel who have regular contact with a student who has been convicted, received deferred prosecution, received deferred adjudication, or was adjudicated for delinquent conduct for any felony offense or certain misdemeanors that occur in school, on school property, or at a school-sponsored or school-related activity on or off school property. These personnel will also be notified if the principal has reasonable grounds to believe the student has engaged in certain activity.
- All appropriate district personnel regarding a student who is required to register as a sex offender.

[For further information, see policy GRAA (LEGAL).]

Leaving Campus (All Grade Levels)

Student attendance is crucial. Appointments should be scheduled outside of school hours if possible. Except for extenuating circumstances, students will not regularly be released before the end of the school day.

Parental consent is required before any student leaves campus for any part of the school day.

For students in elementary and middle school, a parent or authorized adult must come to the office and show identification to sign the student out. A campus representative will ask the student to report to the office. For safety purposes and stability of the learning environment, we cannot allow any unescorted adult to go to the classroom or other area to pick up the student. If the student returns to campus the same day, the parent or authorized adult must sign the student back in through the main office upon the student's return. Documentation regarding the reason for the absence will also be required.

The same process applies to students in high school if a parent picks the student up from campus. If the student's parent authorizes the student to leave campus unaccompanied, the parent must submit a note to the main office at least 2 hours before the student needs to leave campus. A phone call from the parent may be accepted, but the school may ultimately require a note for documentation purposes. The student must sign out through the main office and sign in upon his or her return, if the student returns the same day.

If a student becomes ill during the school day and the school nurse or other district personnel determines that the student should go home, the nurse will contact the student's parent and document the parent's wishes regarding release from school.

Unless the parent directs district personnel to release the student unaccompanied, the parent or other authorized adult must follow the sign-out procedures listed above. If a student is permitted by his or her parent to leave campus unaccompanied, the nurse will document the time of day the student was released. Under no circumstances will a student in elementary or middle school be released unaccompanied.

If a student is 18 years of age or is an emancipated minor, the student may sign him or herself out of school. Documentation regarding the reason for the absence will be required.

Lost and Found (All Grade Levels)

A "lost and found" collection box is located in the campus office. If your child has lost an item, please encourage him or her to check the lost and found box. The district discourages students from bringing to school personal items of high monetary value, as the district is not responsible for lost or stolen items. The campus will dispose of lost and found items at the end of each semester.

Makeup Work

Makeup Work Because of Absence (All Grade Levels)

For any class missed, the teacher may assign the student makeup work based on the instructional objectives for the subject or course and the needs of the individual student in mastering the essential knowledge and skills or in meeting subject or course requirements.

A student will be responsible for obtaining and completing the makeup work in a satisfactory manner and within the time specified by the teacher. A student who does not make up assigned work within the time allotted by the teacher will receive a grade of zero for the assignment.

A student is encouraged to speak with his or her teacher if the student knows of an absence ahead of time, including absences for extracurricular activities, so that the teacher and student may plan any work that can be completed before or shortly after the absence. Please remember the importance of student attendance at school. With limited exceptions all absences count for the 90 percent threshold set in state law regarding “attendance for credit or final grade.” [See **Attendance for Credit or Final Grade** on page 35.]

A student involved in an extracurricular activity must notify his or her teachers ahead of time about any absences.

A student will be permitted to make up tests and to turn in projects due in any class missed because of absence. Teachers may assign a late penalty to any long-term project in accordance with timelines approved by the principal and previously communicated to students.

DAEP Makeup Work (Secondary Grade Levels)

A secondary grade level school student removed to a disciplinary alternative education program (DAEP) during the school year will have an opportunity to complete, before the beginning of the next school year, a foundation curriculum course in which the student was enrolled at the time of removal. The district may provide the opportunity to complete the course through an alternative method, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FOCA(LEGAL).]

In-School Suspension (ISS) Makeup Work (All Grade Levels)

A student removed from the regular classroom to in-school suspension or another setting, other than a DAEP, will have an opportunity to complete before the beginning of the next school year each course the student was enrolled in at the time of removal from the regular classroom. The district may provide the opportunity by any method available, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FO(LEGAL).]

Nondiscrimination Statement (All Grade Levels)

In its efforts to promote nondiscrimination and as required by law, Marble Falls ISD does not discriminate on the basis of race, religion, color, national origin, gender, sex, disability, age, or any other basis prohibited by law, in providing education services, activities, and programs, including CTE programs. The district provides equal access to the Boy Scouts and other designated youth groups.

In accordance with Title IX, the district does not and is required not to discriminate on the basis of sex and prohibits sex discrimination in its educational programs or activities. The requirement not to discriminate extends employment. Inquiries about the application of Title IX may be referred to the district's Title IX Coordinator (see below), to the US Department of Education's Office for Civil Rights, or both.

Other federal laws that prohibit discrimination include Title VI, Section 504, the Age Discrimination Act, the Boy Scouts Act, and Title II.

The district's nondiscrimination policy and grievance procedures are in policy FFH in the district's policy manual, available at www.mfisd.org.

The district has designated and authorized the following employee as the Title IX Coordinator to address concerns or inquiries regarding discrimination on the basis of sex, including sexual harassment, sexual assault, dating violence, domestic violence, stalking, or gender-based harassment: Stan Whittle, 1800 Colt Circle, Marble Falls, TX 78654. Mr. Whittle's additional contact information is swhittle@mfisd.org and/or 830-693-4357. Reports can be made at any time and by any person, including during non-business hours, by mail, phone, or email. During district business hours, reports may also be made in person. Upon the district receiving notice or an allegation of sex-based harassment, the Title IX Coordinator will promptly respond in accordance with the process described in policy FFH.

The following district representatives have been designated to address concerns or inquiries about other kinds of discrimination:

- For concerns regarding discrimination on the basis of disability, see the ADA/Section 504 Coordinator, for concerns regarding discrimination on the basis of disability:

Dr. Shana Fancher, Executive Director of Special Services
1800 Colt Circle
Marble Falls, TX 78654
(830) 693-4357

- For all other concerns regarding discrimination: See the superintendent, Dr. Jeff Gasaway at 1800 Colt Circle, Marble Falls, TX 78654. Dr. Gasaway's additional contact information is jgasaway@mfisd.org and/or 830-693-4357.

[See policies FB, FFH, and GKD.]

Nontraditional Academic Programs (All Grade Levels)

Early College High Schools (ECHS)

Early College High Schools (ECHS) are open-enrollment high schools that allow students least likely to attend college an opportunity to receive both a high school diploma and either an associate degree or at least 60 credit hours toward a baccalaureate degree. Early College High Schools:

- Enroll Historically underserved students, targeting at-risk and economically disadvantaged
- Provide dual credit at no cost to students
- Offer rigorous instruction and accelerated courses
- Provide academic and social support services to help students succeed
- Provide students with highly personalized attention
- Increase college readiness
- Partner with Texas institutions of higher education (IHEs) to reduce barriers to college access

Marble Falls ISD, in partnership with the Northeast Lakeview College, launched an Early College High School (ECHS) in the Fall of 2024. Each cohort of ECHS students will have the opportunity to earn up to 60 college hours and an Associate of Arts degree through Northeast Lakeview College. The ECHS program is for all students who want to earn from 9 to 60 hours of college credit for free! Interested students complete an application for Early College High School during their eighth-grade year.

Parent and Family Engagement (All Grade Levels)

Parental Rights and Options

State law provides that a parent has the right to direct the moral and religious training of the parent's child, make decisions concerning the child's education, and consent to medical, psychiatric, and psychological treatment of the child without obstruction or interference from a governmental entity of Texas, including a school district.

In addition to referring to the rights of parents, including the right to withhold consent for or exempt the parent's child from certain activities and instruction specified throughout this handbook, parents may access additional information regarding parental rights at the district's website at: www.mfisd.org.

Working Together

Both experience and research tell us that a child's education succeeds best when there is good communication and a strong partnership between home and school. Your involvement and engagement in this partnership may include:

- Encouraging your child to put a high priority on education and working with your child every day to make the most of the educational opportunities the school provides.
- Ensuring that your child completes all homework assignments and special projects and comes to school each day prepared, rested, and ready to learn.
- Becoming familiar with all your child's school activities and with the academic programs, including special programs, offered in the district.
- Discussing with the school counselor or principal any questions you may have about the options and opportunities available to your child.
- Reviewing the requirements and options for graduation with your child in middle school and again while your child is enrolled in high school.
- Monitoring your child's academic progress and contacting teachers as needed. [See **Academic Counseling** on page 54.]
- Attending scheduled conferences and requesting additional conferences as needed. The district will provide at least one opportunity for in-person conferences during each school year for each parent of a child enrolled in the district with the child's teachers.
 - Parents are encouraged to call or e-mail teachers to schedule a conference. In most instances, teacher e-mail addresses consist of the first initial of the first name plus the last name followed by @mfisd.org (For example, mmatherson@mfisd.org).
- Becoming a school volunteer. [For further information, see policy GKG and **Volunteers** on page 125.]
- Participating in campus parent organizations.
- Serving as a parent representative on the district-level or campus-level planning committees, assisting in the development of educational goals and plans to improve student achievement. [For further information, see policies at BQA and BQB, and contact the campus principal and/or the MFISD Curriculum Department at 830-693-4357.

- Serving on the School Health Advisory Council (SHAC), assisting the district in ensuring local community values are reflected in health education instruction human sexuality instruction, instruction on prevention of child abuse, family violence, dating violence, and sex trafficking, and other wellness issues. [See policies at BDF, EHAA, FFA, and information in this handbook at **School Health Advisory Council (SHAC)** on page 93.]
- Being aware of the school’s ongoing bullying and harassment prevention efforts.
- Contacting school officials if you are concerned with your child’s emotional or mental well-being.
- Attending board meetings to learn more about district operations. Regular Board Meetings are held on the 3rd Monday* of each month at 6:00pm at the MFISD Administration offices at 1800 Colt Circle. An agenda for a regular or special meeting will be posted no later than 3 business days before each meeting at the MFISD Administration Building and online at www.mfisd.org. *holidays may impact. See Board Meeting Calendar on website to confirm. [See policies at BE and BED for more information.]
- Being aware of the school’s ongoing bullying and harassment prevention efforts.

Parking and Parking Permits (Secondary Grade Levels Only)

A student must present a valid driver’s license and proof of insurance to be eligible for a parking permit.

Students must request a parking permit and pay the required fee to park in a school parking lot. So long as space is available, parking permits may be issued throughout the year.

Students will not be permitted to:

- Speed.
- Double-park.
- Park across a white or yellow line.
- Park in a fire lane.
- Sit in parked cars during school hours.

Students may be subject to disciplinary action for violation of these rules. The district may tow cars that are parked in violation of these rules.

Pledges of Allegiance and a Minute of Silence (All Grade Levels)

Each school day, students will recite the Pledge of Allegiance to the U.S. flag and the Pledge of Allegiance to the Texas flag. Parents may submit a written request to the principal to excuse their child from reciting a pledge. [See **Reciting the Pledges to the U.S. and Texas Flags** on page 16.]

State law requires that one minute of silence follow recitation of the pledges. Each student may choose to reflect, pray, meditate, or engage in any other silent activity during that minute so long as the silent activity does not interfere with or distract others. In addition, state law requires that each campus provide for the observance of one minute of silence at the beginning of the first class period when September 11 falls on a regular school day in remembrance of those who lost their lives on September 11, 2001. [See policy EC for more information.]

Prayer (All Grade Levels)

Each student has a right to pray individually, voluntarily, and silently or to meditate in school in a manner that does not disrupt instructional or other activities of the school. The school will not require, or coerce a student to engage in or to refrain from such prayer or meditation during any school activity.

Private Spaces

In accordance with law, the district shall designate each multiple-occupancy private space in a building the district owns, operates, or controls for use only by individuals of one sex.

Multiple-occupancy private space means a facility designed or designated for simultaneous use by more than one individual and in which an individual may be in a state of undress in the presence of another individual, regardless of whether the facility provides curtains or partial walls for privacy. The term includes a restroom, locker room, changing room, or shower room.

Promotion and Retention

A student will be promoted only on the basis of academic achievement or proficiency. In making promotion decisions, the district will consider the following:

- Teacher recommendation,
- Grades,
- Scores on criterion-referenced or state-mandated assessments, and
- Any other necessary academic information as determined by the district.

Elementary and Middle / Junior High Grade Levels

In grades Kindergarten-2, promotion should be considered a developmental continuum of curriculum and student learning. Promotion to the next grade level shall be based on an overall satisfactory average on course-level, grade-level standards (essential knowledge and skills) for reading, language arts, and mathematics.

In grades 3-5, promotion to the next grade level shall be based on an overall average of 70 on a scale of 100 based on course-level, grade-level standards (essential knowledge and skills) for all subject areas and a grade of 70 or above in language arts and mathematics.

Repeating Prekindergarten or Kindergarten-Grade 8 at Parent Request

A parent may request in writing that a student repeat prekindergarten, kindergarten, or any grade in grade 1-8. Before granting the request, the district may convene a retention committee to meet and discuss the request and will invite the parent to participate.

High School Grade Levels

To earn credit in a course, a student must receive a grade of at least 70 based on course-level or grade-level standards.

A student in grades 9–12 will be advanced a grade level based on the number of course credits earned. [See **Grade Level Classification** on page 74.]

Students will also have multiple opportunities to retake EOC assessments. [See **Graduation** on page 74 and **Standardized Testing** on page 118]

Repeating a High-School Credit Course

A parent may request in writing that a student repeat a high-school credit course in which the student was enrolled during the previous school year unless the district determines that the student has met all requirements for graduation.

Before granting the request, the district may convene a retention committee to meet and discuss the request and will invite the parent to participate.

Only the student's first attempt in high school will be included in the calculation of class ranking if it is a course in which MFISD counts in the calculation of class ranking.

Release of Students from School

[See **Leaving Campus** on page 96.]

Remote Instruction

The district may offer remote instruction when authorized by TEA.

All district policies, procedures, guidelines, rules, and other expectations of student behavior will be enforced as applicable in a remote or virtual learning environment.

Report Cards / Progress Reports and Conferences (All Grade Levels)

Teachers follow grading guidelines that have been approved by the principal and superintendent pursuant to the board-adopted policy and are designed to reflect each student's relative mastery of each assignment for the grading period, semester, or course. State law provides that a test or course grade issued by a teacher cannot be changed unless the board determines that the grade was arbitrary or contains an error, or that the teacher did not follow the district's grading policy. [See policy EIA(LOCAL) and **Grading Guidelines.**]

Questions about grade calculation should first be discussed with the teacher; if the question is not resolved, the student or parent may request a conference with the principal in accordance with FNG(LOCAL).

The report card or unsatisfactory progress report will state whether tutorials are required for a student who receives a grade lower than 70 in a class or subject.

Elementary Campuses

Written Report Cards with each student's grades or performance and absences in each class or subject are issued every 9 weeks. In addition, students will receive a progress report at the half way mark of each grading period.

(If the student receives a grade lower than 70 in any class or subject at the end of a grading period, the parent may be requested to attend a conference with the teacher of that class or subject.)

Secondary Campuses

Electronic Report Cards with student's grades or performance and absences in each class or subject are issued every 9 weeks through Skyward Family and Student Access Portal. At the end of the 3rd and 6th week of the grading period parents will be alerted to view their student's progress reports through the Skyward Family and Student Access portal. In addition, students and parents can monitor grades daily through the Skyward Family and Student Access portal. If the student receives a grade lower than 70 in any class or subject at the end of a grading period, the parent may be requested to attend a conference with the teacher of that class or subject.

Retaliation

[See **Dating Violence, Discrimination, Harassment, and Retaliation** on page 58.]

Required State Assessments

STAAR (State of Texas Assessments of Academic Readiness) for Grades 3-8

In addition to routine tests and other measures of achievement, students at certain grade levels are required to take the state assessment, called STAAR, in the following subjects:

- Mathematics, annually in grades 3-8
- Reading, annually in grades 3-8
- Science in grades 5 and 8
- Social Studies in grade 8

Standardized Testing for a Student Enrolled Above Grade Level

If a student in grades 3-8 is enrolled in a class or course intended for students above his or her current grade level in which the student will be administered a state-mandated assessment, the student will be required to take an applicable state-mandated assessment only for the course in which he or she is enrolled, unless otherwise required to do so by federal law.

A student in grades 3-8 shall be assessed at least once in high school with the ACT or the SAT if the student completes the high school end-of-course assessments in mathematics, reading/language arts, or science prior to high school.

High School Courses End-of-Course (EOC) Assessment

STAAR end-of-course (EOC) assessments are administered for the following courses:

- Algebra I
- English I and English II
- Biology
- U.S. History

Satisfactory performance on the applicable assessments is required for graduation, unless waived or substituted as allowed by state law and rules.

There are three testing windows during the year in which a student may take an EOC assessment. The windows occur in the fall, spring, and summer months. If a student does not meet satisfactory performance, the student will have opportunities to retake the assessment.

Standardized Testing for a Student in Special Programs

Certain students — some with disabilities and some classified as emergent bilingual students — may be eligible for exemptions, accommodations, or deferred testing. For more information, see the principal, school counselor, or special education director.

STAAR Alternate 2 is available for eligible students receiving special education services who meet certain criteria established by the state as determined by the student's ARD committee.

An admission, review, and dismissal (ARD) committee for a student receiving special education services will determine whether successful performance on the EOC assessments will be required for graduation within the parameters identified in state rules and the student's personal graduation plan (PGP). [See Graduation on page 54.]

STAAR Spanish is available for eligible students for whom a Spanish version of STAAR is the most appropriate measure of their academic progress.

For more information, see the principal, school counselor, or special education director.

Failure to Perform Satisfactorily on STAAR or EOC

If a student does not perform satisfactorily on a required state assessment in any subject, the district will provide accelerated instruction for the student in the next school year through one of the following:

- Assigning the student to a teacher who is certified as a master, exemplary, or recognized teacher if one is available in the grade and subject matter of the state assessment on which the student did not perform satisfactorily, or
- Providing supplemental instruction.

A student may be required to attend any assigned supplemental instruction program before or after school or during the summer. If a student does not perform satisfactorily on a required state assessment in any subject, the district will provide accelerated instruction for the student in the subsequent school year by:

- Assigning the student to a teacher who is certified as a master, exemplary, or recognized teacher if one is available in the grade and subject matter of the state assessment on which the student did not perform satisfactorily, or
- Providing supplemental instruction.

A student may be required to attend any assigned supplemental instruction program before or after school or during the summer.

When a student fails to perform satisfactorily on a required state assessment in the same subject area for two or more years, the district shall develop an accelerated education plan. Parents are encouraged to participate in developing this plan.

Personal Graduation Plans - Middle School Students

For a middle school student who does not perform satisfactorily on a state-mandated examination, a school official will prepare a personal graduation plan (PGP).

School officials will also develop a PGP for a middle school student who is determined by the district to be unlikely to earn a high school diploma within five years of high school enrollment. The plan will, among other items;

- Identify the student's educational goals,
- Address the parent's educational expectations for the student, and
- Outline an intensive instruction program for the student.

[See the school counselor and policy EIF(LEGAL) for more information.]

For a student receiving special education services, the student's IEP may serve as the student's PGP and would therefore be developed by the student's ARD committee.

[See Personal Graduation Plans for information related to the development of personal graduation plans for high school students.]

Safe Storage of Firearms

A firearm should be stored unloaded in a safe or locked container, with ammunition stored elsewhere.

It is unlawful to store, transport, or abandon an unsecured firearm in a place where children are likely to be and can obtain access to the firearm. Under the Penal Code, a person commits the offense of making a firearm accessible to a child if the child gains access to a readily dischargeable firearm, and the person with criminal negligence:

- Failed to secure the firearm: or
- Left the firearm in a place to which the person knew or should have known the child would gain access

The penalty for allowing a child access to a firearm can range from a Class C misdemeanor (punishable by a \$500 fine) to a Class A misdemeanor (punishable by a \$4000 fine, a year in jail, or a combination of the two).

Safety **(All Grade Levels)**

Student safety on campus, at school-related events, and on district vehicles is a high priority of the district. Although the district has implemented safety procedures, the cooperation of students is essential to ensuring school safety. A student is expected to:

- Wear their Student ID and have it visible at all times during the instructional day. (Middle and High School)
- Avoid conduct that is likely to put the student or others at risk.

- Follow the behavioral standards in this handbook and the Student Code of Conduct, as well as any additional rules for behavior and safety set by the principal, campus behavior coordinator, teachers, or bus drivers.
- Help secure the campus by keeping all exterior doors closed, latched, and locked unless the door is actively monitored by a district employee.
- Follow instructions from teachers and other district employees regarding classroom doors.
- Remain alert to and promptly report to a teacher or the principal any safety hazards, such as intruders on campus or threats made by any person toward a student or staff member. A student may make anonymous reports about safety concerns by using the “Stay Alert” program available on our website at www.mfisd.org
- Know emergency evacuation routes and signals.
- Follow immediately the instructions of teachers, bus drivers, and other district employees who are overseeing the welfare of students.

Accident Insurance

Soon after the school year begins, parents will have the opportunity to purchase low-cost accident insurance that would help meet medical expenses in the event of injury to their child.

Insurance for Career and Technical Education (CTE) Programs

The district may purchase accident, liability, or automobile insurance coverage for students and businesses involved in the district’s CTE programs.

Preparedness Drills: Evacuation, Severe Weather, and Other Emergencies

Periodically, the school will conduct preparedness drills of emergency procedures. When the command is given or alarm is sounded, students need to follow the direction of teachers or others in charge quickly, quietly, and in an orderly manner.

Preparedness Training: CPR and Stop the Bleed

The district will annually offer instruction in CPR and use of an automated external defibrillator (AED) at least once to students enrolled in in grades 7–12. The instruction can be provided as part of any course and is not required to result in CPR or AED certification.

The district will annually offer students in grades 7–12 instruction on the use of bleeding control stations to respond to traumatic injury. For more information, see [Homeland Security’s Stop the Bleed](#) and [Stop the Bleed Texas](#).

Emergency Medical Treatment and Information

All parents are asked each year to complete a medical care consent form providing written parental consent to obtain emergency treatment and information about allergies to medications or drug. Parents should contact the school nurse to update emergency care information (name of doctor, emergency phone numbers, allergies, etc.).

The district may consent to medical treatment, including dental treatment, if necessary, for a student if all of the following requirements are met:

- The district has received written authorization from a person having the right to consent;
- That person cannot be contacted; and
- That person has not given the district actual notice to the contrary.

The emergency care authorization form will be used by the district when a student's parent or authorized designee cannot be contacted. A student may provide consent if authorized by law or court order.

Regardless of parental authorization for the district to consent to medical treatment, district employees will contact emergency medical services to provide emergency care when required by law or when deemed necessary, such as to avoid a life-threatening situation.

Emergency School-Closing Information

Each year, parents are asked to complete an emergency release form to provide contact information if the district needs to notify parents of early dismissal, delayed opening, or restricted access to a campus because of severe weather, a security threat, or another emergency cause.

The district will rely on contact information on file with the district to communicate with parents in an emergency situation, which may include real-time or automated messages. It is crucial to notify your child's school when a phone number changes. State law requires parents to update contact information within two weeks after the date the information changes.

If the campus must close, delay opening, or restrict access to the building because of an emergency, the district will also alert the community in the following ways:

- News media by 6:00 a.m. on the morning of the cancellation/delay.
- Local radio stations include KHLB (106.9) and KBAY (92.5).
- Blackboard messaging system
- Information posted on the school district's website.
- MFISD Twitter Account @MarbleFallsISD
- MFISD Facebook Page

[See **Communications-Automated, Emergency** on page 51 for more information.]

SAT, ACT, and Other Standardized Tests

[See **Standardized Testing** on page 118.]

Schedule Changes (Middle / Junior High and High School Grade Levels)

It is very important that students and parents give careful consideration to selecting appropriate courses. The choices students make on the course selection sheets determine the master schedule of course offerings available. The master schedule determines teacher assignments. Though never perfect, it is designed to maximize student opportunities and minimize scheduling conflicts. Master schedule changes may be affected by insufficient course enrollment or instructor availability. Students should pay particular attention to the alternate electives they select during the course selection process. To avoid schedule conflicts, a student may be placed in one or more of his or her alternate selections. In order to schedule efficiently and effectively, student schedules will not be changed to select different teachers, lunch periods, or any different elective or alternate elective.

Schedule corrections will be considered during the first ten class meeting days for the following reasons only:

- Senior student not enrolled in a course required for graduation
- A student does not have prerequisites for a course
- A student is scheduled for a class for which they already have been awarded credit
- Balancing class size
- A data entry error was made by the school (i.e. – two first period classes or a schedule that does not contain the full number of classes)
- A student is not enrolled in an application/audition course for which they were approved
- A student has previously failed this course with the same teacher

Schedule change requests for reasons other than those listed will be considered only if a student is making a change to a program.

Students in advanced courses that have a drop-level course must stay in the advanced course for the first 4 weeks of school. Students interested in dropping one of these classes can request a drop during the 4th through 6th week of school and at semester. Advanced classes include AP classes and Honors classes. Dual credit courses have their own deadline. OnRamps courses will be dropped with permission from the principal due to they have a high school course embedded in the program. Toward the end of the course, students can opt not to accept credit for the college version of the OnRamps course if they choose.

School Facilities

Asbestos Management Plan (All Grade Levels)

The district works diligently to maintain compliance with federal and state law governing asbestos in school buildings. A copy of the district's Asbestos Management Plan is available in the superintendent's office. If you have any questions or would like to examine the district's plan in more detail, please contact Jeff Hall, the district's designated asbestos coordinator, at 830-693-2046.

Food and Nutrition Services (All Grade Levels)

The district participates in the School Breakfast Program and National School Lunch Program and offers students nutritionally balanced meals daily in accordance with standards set forth in state and federal law.

Some students are eligible for free and reduced-price meals based on financial need. Information about a student's participation is confidential. The district may share information such as a student's name and eligibility status to help enroll eligible children in Medicaid or the state children's health insurance program (CHIP) unless the student's parent requests the student's information not be disclosed.

Participating students will be offered the same meal options as their peers and will not be treated differently from their peers.

See the Child Nutrition Office at 830-693-4357 or the website at www.mfisd.org to apply for free or reduced-price meal services.

[See policy COB for more information.]

Parents should continually monitor their child's meal account balance. When a student's meal account is exhausted or insufficient, the district will notify the parent. The student may continue to purchase meals according to the grace period set by the school board. The district will present the parent with a schedule of repayment for any outstanding account balance and an application for free or reduced meals. [See policy CO for more information.]

If the district is unable to work out an agreement with the student's parent on replenishment of the meal account and payment of any outstanding balance, the student will receive a meal. The district will make every effort to avoid bringing attention to the student.

The following information is published as required by the USDA for participation in the National School Lunch Program:

"In accordance with federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, this institution is prohibited from discriminating on the basis of race, color, national origin, sex, disability, age, or reprisal or retaliation for prior civil rights activity.

“Program information may be made available in languages other than English. Persons with disabilities who require alternative means of communication to obtain program information (e.g., Braille, large print, audiotape, American Sign Language), should contact the responsible state or local agency that administers the program or USDA’s TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339.

“To file a program discrimination complaint, a Complainant should complete a Form AD-3027, USDA Program Discrimination Complaint Form which can be obtained online at: <https://www.usda.gov/sites/default/files/documents/ad-3027.pdf> , from any USDA office, by calling (866) 632-9992, or by writing a letter addressed to USDA. The letter must contain the complainant’s name, address, telephone number, and a written description of the alleged discriminatory action in sufficient detail to inform the Assistant Secretary for Civil Rights (ASCR) about the nature and date of an alleged civil rights violation. The completed AD-3027 form or letter must be submitted to USDA by:

1. mail:

U.S. Department of Agriculture
Office of the Assistant Secretary for Civil Rights
1400 Independence Avenue, SW
Washington, D.C. 20250-9410; or

2. fax:

(833) 256-1665 or (202) 690-7442; or

3. email:

Program.Intake@usda.gov

“This institution is an equal opportunity provider.”

The responsible state agency that administers the program is the Texas Department of Agriculture (<https://www.texasagriculture.gov/Home/Contact-Us>), which can be reached at (800) TELL-TDA (835-5832) or (800) 735-2989 (TTY).

The local agency that administers the program is the district. See Nondiscrimination Statement on page 75 for the name and contact information for the Title IX coordinator, ADA/Section 504 coordinator, and superintendent for other concerns about discrimination.

[See policy COB for more information.]

Vending Machines (All Grade Levels)

The district has adopted and implemented the state and federal policies and guidelines for food service, including the guidelines to restrict student access to vending machines.

For more information regarding these policies and guidelines, see the Director of Food Services [See policies at CO and FFA.]

Pest Management Plan (All Grade Levels)

The district is required to follow integrated pest management (IPM) procedures to control pests on school grounds. Although the district strives to use the safest and most effective methods to manage pests, including a variety of non-chemical control measures, periodic indoor and outdoor pesticide use is sometimes necessary to maintain adequate pest control and ensure a safe, pest-free school environment.

All pesticides used are registered for their intended use by the U.S. Environmental Protection Agency and are applied only by certified pesticide applicators. Except in an emergency, signs will be posted 48 hours before indoor application. All outdoor applications will be posted at the time of treatment, and signs will remain until it is safe to enter the area. Parents who have questions or who want to be notified of the times and types of applications prior to pesticide application inside their child's school assignment area may contact Jeff Hall the district's IPM coordinator, at 830-693-2046.

Conduct Before and After School (All Grade Levels)

Teachers and administrators have full authority over student conduct at before- or after-school activities on district premises and at school-sponsored events off district premises, such as play rehearsals, club meetings, athletic practices, and special study groups or tutorials. Students must follow the same rules of conduct that apply during the instructional day and will be subject to consequences established by the Student Code of Conduct or any stricter standards of behavior established by the sponsor for extracurricular participants.

Use of Hallways during Class Time (All Grade Levels)

Loitering or standing in the halls during class is not permitted. During class time, a student must have a hall pass to be outside the classroom for any purpose. Failure to obtain a pass will result in disciplinary action in accordance with the Student Code of Conduct.

Library (All Grade Levels)

The library is open for independent student use with a teacher permit.

The district provides a wide range of library materials for students and faculty that support student achievement and present varying levels of difficulty, diversity of appeal,

and a variety of points of view. The district follows the Texas State Library and Archive Commission's standards for school library collection development.

Parents are the primary decision makers regarding their student's access to library material. The district encourages parental involvement in library acquisition, maintenance, and campus activities. Parents are encouraged to communicate with the campus librarian and their child's teacher about special considerations regarding library materials self-selected by their student. A parent may submit to the district a list of library materials that their child may not be allowed to check out or otherwise access for use outside of the school library by submitting the list to the campus principal.

Upon parent request, the district will provide to parents a record of each time the parent's child checks out a library material that includes the title, author, genre, and return date of the library material through Destiny Library Catalog.

A parent may gain access to the school's library or any available online catalog using this link: [Marble Falls ISD Follett Destiny Library Catalog](#) or contact your school librarian for assistance.

The district welcomes student and parent feedback on library materials and services. Parents may contact the school principal with questions or comments about their child's campus library. A district employee, parent, or person residing in the district may submit a written challenge to the inclusion of any library material in the catalog of the school library by contacting the campus principal for the reconsideration form

Use by Students Before and After School (All Grade Levels)

Certain areas of the school will be accessible to students before and after school for specific purposes. Students are required to remain in the area where their activity is scheduled to take place.

Elementary Campuses The following areas are open to students before school, beginning at 7:15 am:

- Colt Elementary School: cafeteria, gym
- Spicewood Elementary School: cafeteria/gym
- Marble Falls Elementary School: cafeteria, gym
- Highland Lakes Elementary School: cafeteria, gym

Secondary Campuses The following areas are open to students before school, beginning at 7:45 am:

- Cafeteria
- Library

Unless the teacher or sponsor overseeing an activity gives permission, a student will not be permitted to go to another area of the building or campus.

After dismissal of school in the afternoon, unless a student is involved in an activity under the supervision of a teacher or other authorized employee or adult, or unless students are granted permission to remain on campus in accordance with policy FNAB, students must leave campus immediately.

Meetings of Noncurriculum-Related Groups (Secondary Grade Levels Only)

Student-organized, student-led noncurriculum-related groups are permitted to meet during the hours designated by the principal before and after school. These groups must comply with the requirements of policy FNAB(LOCAL). A list of these groups is available in the principal's office.

Parental consent is required before a student may participate in a student club that is authorized or sponsored by the district. [See **Extracurricular Activities, Clubs, and Organizations (All Grade Levels)**]]

School-sponsored Field Trips (All Grade Levels)

The district periodically takes students on field trips for educational purposes. A parent must provide permission for a student to participate in a field trip.

The district may ask the parent to provide information about a student's medical provider and insurance coverage, and may also ask the parent to sign a waiver allowing for emergency medical treatment in the case of a student accident or illness during the field trip.

The district may require a fee for student participation in a field trip to cover expenses such as transportation, admission, and meals; however, a student will not be denied participation because of financial need. The district is not responsible for refunding fees paid directly to a third-party vendor.

Elementary Field Trips-Field trips are an extension of the classroom instruction. Students participating in a field trip must ride the MFISD-provided buses to and from the scheduled field trip unless they receive prior approval from the campus principal in accordance with MFISD policy. Children who are not students may not be included in field trips. Under extenuating circumstances, a parent may need to take his/her student directly from the field trip. A parent requesting alternate transportation for their child from a field trip must provide the request in writing to the principal at least 24 hours prior to the field trip for approval. The request must state the reason the parent wishes to leave with the student directly from the field trip. There is a Field Trip Return Request Form available in your child's front office.

Searches and Investigations

Searches in General (All Grade Levels)

In the interest of promoting student safety and drug-free schools, district officials may occasionally conduct searches and investigations.

District officials may conduct investigations in accordance with law and district policy and may question students regarding a student's own conduct or the conduct of others. [For questioning of students by law enforcement officials, see Error! Reference source not found..]

District officials may search students, their belongings, including cell phones, and their vehicles in accordance with law and district policy. Searches of students will be conducted without discrimination, based on, for example, reasonable suspicion or voluntary consent or pursuant to district policy providing for suspicionless security procedures, including the use of metal detectors.

In accordance with the Student Code of Conduct, students are responsible for prohibited items found in their possession, including items in their personal belongings or in vehicles parked on district property.

If there is reasonable suspicion to believe that searching a student's person, belongings, or vehicle will reveal evidence of a violation of the Student Code of Conduct, a district official may conduct a search in accordance with law and district regulations.

District Property (All Grade Levels)

Desks, lockers, district-provided technology, and similar items are the property of the district and are provided for student use as a matter of convenience. District property is subject to search or inspection at any time without notice. Students have no expectation of privacy in district property.

Students are responsible for any item—found in district property provided to the student—that is prohibited by law, district policy, or the Student Code of Conduct.

Metal Detectors (All Grade Levels)

To maintain a safe and disciplined learning environment, the district reserves the right to subject students to metal detector searches when entering a district campus and at off-campus, school-sponsored activities.

Personal Communications and Other Electronic Devices (All Grade Levels)

Use of district-owned equipment and its network systems is not private and will be monitored by the district. [See policy CQ for more information.]

Any searches of personal telecommunications or other personal electronic devices will be conducted in accordance with law, and the device may be confiscated to perform a lawful search. A confiscated device may be turned over to law enforcement to determine whether a crime has been committed.

[See policy FNF(LEGAL) and Electronic Devices and Technology Resources on page 66 for more information.]

Trained Dogs (All Grade Levels)

The district will use trained dogs to screen for concealed, prohibited items, including drugs and alcohol. Screenings conducted by trained dogs will not be announced in advance. The dogs will not be used with students, but students may be asked to leave personal belongings in an area that is going to be screened, such as a classroom, a locker, or a vehicle. If a dog alerts to an item or an area, it may be searched by district officials.

Drug Testing (Secondary Grade Levels Only)

Marble Falls ISD participates in student drug testing. For details regarding testing procedures please see the Drug Testing Policy in the Student Code of Conduct, the Extracurricular Code of Conduct and speak to the campus principal.

[See **Steroids** on page 86.]

Vehicles on Campus (Secondary Grade Levels Only)

If a vehicle subject to search is locked, the student will be asked to unlock the vehicle. If the student refuses, the district will contact the student's parents. If the parents also refuse to permit the vehicle to be searched, the district may turn the matter over to law enforcement. The district may contact law enforcement even if permission to search is granted.

Sexual Harassment

[See **Dating Violence, Discrimination, Harassment, and Retaliation** on page 58.]

Special Programs (All Grade Levels)

The district provides special programs for gifted and talented students, students who are homeless, students in foster care, bilingual students, migrant students, emergent bilingual students diagnosed with dyslexia, and students with disabilities. The coordinator of each program can answer questions about eligibility requirements, as well as programs and services offered in the district or by other organizations. A student or parent with questions about these programs should contact the curriculum department at 830-693-4357.

A student who has or is at risk for dyslexia or a related reading difficulty is eligible to participate in the Texas State Library and Archives Commission's [Talking Book Program](#), which provides audiobooks free of charge to qualifying Texans with visual, physical, or reading disabilities.

Standardized Testing

SAT / ACT

(Scholastic Aptitude Test and American College Test)

Many colleges require either the American College Test (ACT) or the Scholastic Aptitude Test (SAT) for admission. Students are encouraged to talk with the school counselor early during their junior year to determine the appropriate examination to take; these examinations are usually taken at the end of the junior year. The Preliminary SAT (PSAT) and Pre-ACT are the corresponding preparatory and readiness assessments for the SAT and ACT, and more information can be obtained on these assessments from the school counselor.

Note: Participation in these assessments may qualify a student to receive a performance acknowledgment on his or her transcript under the foundation graduation program and may qualify as a substitute for an end-of-course testing requirement in certain circumstances. A student's performance at a certain level on the SAT or ACT also makes the student eligible for automatic admission to a Texas public institution of higher education.

TSI (Texas Success Initiative) Assessment

Prior to enrollment in a Texas public college or university, most students must take a standardized test called the Texas Success Initiative (TSI) assessment. The purpose of the TSI assessment is to assess the reading, mathematics, and writing skills that first year students should have if they are to perform effectively in undergraduate certificate or degree programs in Texas public colleges and universities. This assessment may be required before a student enrolls in a dual credit course offered through the district as well. Achieving certain benchmark scores on this assessment for college readiness may also waive certain end-of-course assessment requirements in limited circumstances.

Student Speakers **(All Grade Levels)**

The district provides students the opportunity to introduce the following school events:

- Graduation Ceremony
- Senior Scholarship Awards Night
- Honors Banquet
- Pep Rallies
- School Announcements
- Others as they occur during the school year

If a student meets the eligibility criteria and wishes to introduce one of the school events listed above, the student should submit his or her name in accordance with policy FNA(LOCAL).

[See policy FNA(LOCAL) regarding other speaking opportunities and **Graduation** on page 74 for information related to student speakers at graduation ceremonies.]

Summer School **(All Grade Levels)**

HIGH SCHOOL

Marble Falls High School offers a fee-based summer school program for students going into grades 9-12 who desire to take courses for acceleration. Please consult the school counselors for additional information.

Marble Falls High School offers a free summer school program for students going into grades 10-12 who need credit recovery. Please consult the school counselors for additional information.

MIDDLE SCHOOL

Marble Falls ISD offers a free summer school program for students who took the 8th grade STAAR exams in Math and Reading/ELA and are in need of some remediation. The courses are remedial in nature. Please consult the school counselors for additional information.

ELEMENTARY SCHOOL

Marble Falls ISD offers a free summer school program for students who took the 5th grade STAAR exams in Math and Reading/ELA and are in need of some remediation. The courses are remedial in nature. Please consult the school counselors for additional information.

Marble Falls ISD offers a free summer program for elementary students placed by an ARD Committee to receive Extended School Year Services.

Tardies **(All Grade Levels)**

Elementary Grade Levels

Students arriving after the 7:45 am bell must go to the front office for a tardy slip. Students arriving late will not be admitted to class without this slip. Any student who arrives after the designated time for class to begin is required to bring a written note to the office and pick up a tardy slip.

1st and 2nd Tardy will result in a warning.

3rd Tardy and Beyond will follow campus specific protocol. For more information regarding campus tardy protocols please contact the principal's office.

Repeated instances of tardiness will result in more severe disciplinary action, in accordance with the Student Code of Conduct. For the purpose of filing a failure to attend complaint, three tardies will constitute one absence.

Secondary Grade Levels

Reporting late to class is considered an interruption of the instructional time and should be avoided. A tardy occurs when a student has not crossed the doorway threshold upon completion of the tardy bell ringing. A student who is tardy to class will be subject to disciplinary action. Repeated tardiness will result in more severe disciplinary action in accordance with the Student Code of Conduct.

Textbooks, Electronic Textbooks, Technological Equipment, and Other Instructional Materials **(All Grade Levels)**

Textbooks and other district-approved instructional materials are provided to students free of charge for each subject or class. Any books must be covered by the student, as directed by the teacher, and treated with care. Electronic textbooks and technological equipment may also be provided to students, depending on the course and course objectives.

If the district does not issue graphing calculators for a course requiring their use, a student may use a calculator application with the same functionality as a graphing calculator on a phone, laptop, tablet, or other computing device in place of a graphing calculator.

A student who is issued a damaged item should report the damage to the teacher. Any student failing to return an item in acceptable condition loses the right to free textbooks and technological equipment until the item is returned or the damage paid for by the parent; however, the student will be provided the necessary instructional resources and equipment for use at school during the school day.

Transfers **(All Grade Levels)**

The principal is authorized to transfer a student from one classroom to another. The Superintendent is authorized to investigate and approve transfers between schools

[See **Safety Transfers/Assignments** on page 24, **Bullying** on page 37, and **Students Who Have Learning Difficulties or Who Need Special Education or Section 504 Services** on page 26, for other transfer options.]

Transportation **(All Grade Levels)**

School-sponsored Trips

Students who participate in school-sponsored trips are required to use transportation provided by the school to and from the event. As approved by the principal, a coach or sponsor of an extracurricular activity may establish procedures related to making an exception to this requirement when a parent requests that the student be released to the parent or to another adult designated by the parent. [See **School-sponsored Field Trips** on page 115 for more information.]

Elementary Field Trips

Field trips are an extension of the classroom instruction. Students participating in a field trip must ride the MFISD-provided buses to and from the scheduled field trip unless they receive prior approval from the campus principal in accordance with MFISD policy. Children who are not students may not be included in field trips. Under extenuating circumstances, a parent may need to take his/her student directly from the field trip. A parent requesting alternate transportation for their child from a field trip must provide the request in writing to the principal at least 24 hours prior to the field trip for approval. The request must state the reason the parent wishes to leave with the student directly from the field trip. There is a Field Trip Return Request Form available in your child's front office.

Buses and Other School Vehicles

The district makes school bus transportation available to all students living two or more miles from school and any eligible students who are homeless. This service is provided at no cost to students.

Bus routes and stops will be designated annually, and any subsequent changes will be posted at the school and on the district's website. For the safety of the operator of the vehicle and all passengers, students must board buses or other vehicles only at authorized stops, and drivers must unload passengers only at authorized stops.

A parent may also designate a child-care facility or grandparent's residence as the regular pickup and drop-off location for his or her child. The designated facility or residence must be on an approved stop on an approved route. For information on bus routes and stops or to designate an alternate pickup or drop-off location, you may contact Gina Solorzano, Director of Transportation, at 830-798-2300.

[See the Student Code of Conduct for provisions regarding transportation to the DAEP.]

Students are expected to assist district staff in ensuring that buses and other district vehicles remain in good condition and that transportation is provided safely. When riding in district vehicles, including buses, students are held to behavioral standards established in this handbook and the Student Code of Conduct. Students must:

- Follow the driver's directions at all times.
- Enter and leave the vehicle in an orderly manner at the designated stop.
- Keep feet, books, instrument cases, and other objects out of the aisle.
- Not deface the vehicle or its equipment.
- Not put head, hands, arms, or legs out of the window, hold any object out of the window, or throw objects within or out of the vehicle.
- Not possess or use any form of tobacco or e-cigarettes in any district vehicle.
- Observe all usual classroom rules.
- Be seated while the vehicle is moving.
- Fasten their seat belts, if available.
- Wait for the driver's signal upon leaving the vehicle and before crossing in front of the vehicle.
- Follow any other rules established by the operator of the vehicle.

Misconduct will be punished in accordance with the Student Code of Conduct; the privilege to ride in a district vehicle, including a school bus, may be suspended or revoked.

Vandalism **(All Grade Levels)**

The taxpayers of the community have made a sustained financial commitment for the construction and upkeep of school facilities. To ensure that school facilities can serve those for whom they are intended—both this year and for years to come—littering, defacing, or damaging school property is not tolerated. Students will be required to pay for damages they cause and will be subject to criminal proceedings as well as disciplinary consequences in accordance with the Student Code of Conduct.

Video Cameras **(All Grade Levels)**

For safety purposes, video and audio recording equipment is used to monitor student behavior, including on buses and in common areas on campus. Students will not be told when the equipment is being used.

The principal will review the video and audio recordings routinely and document student misconduct. Discipline will be in accordance with the Student Code of Conduct.

In accordance with state law, a parent of a student who receives special education services, a staff member (as this term is defined by law), a principal or assistant principal, or the board may make a written request for the district to place video and audio recording equipment in certain special education classrooms. The district will provide notice to before placing a video camera in a classroom or other setting in which your child receives special education services. For more information or to request the installation and operation of this equipment, speak with the principal or administrator, who the district has designated to coordinate the implementation of and compliance with this law.

[See EHBAF(LOCAL).]

[For video and other recording by parents or visitors to virtual or in-person classrooms, see [Consent to Video or Audio Record a Student when Not Already Permitted by Law](#) on page 6.]

Visitors to the School **(All Grade Levels)**

General Visitors

Parents and others are welcome to visit district schools. For the safety of those within the school and to avoid disruption of instructional time, all visitors must:

- Request entry to the school at the primary entrance unless otherwise directed by a district employee.
- Report to the main office.
- Be prepared to show identification.

- Exit the school at the primary entrance and leave all exterior doors closed, latched, and locked unless actively monitored by a district employee.
- Comply with all applicable district policies and procedures.

If requested by a district employee, a visitor must provide identification such as a driver's license, other picture identification issued by a government entity, or employee or student identification issued by the district. A person who refuses to provide identification and who reasonably appears to have no legitimate reason to be on district property may be ejected from district property.

Individuals may visit classrooms or observe virtual instruction during instructional time only with approval of the principal and teacher. Visitors may not interfere with instruction or disrupt the normal school environment.

All visitors are expected to demonstrate the highest standards of courtesy and conduct. Disruptive behavior or violations of student privacy will not be permitted.

[For video and other recording by parents or visitors to virtual or in-person classrooms, see Consent to Video or Audio Record a Student when Not Already Permitted by Law on page 6.]

Unauthorized Persons

In accordance with Education Code 37.105, a school administrator, school resource officer (SRO), or district police officer has the authority to refuse entry or eject a person from district property if the person refuses to leave peaceably on request and either of the following applies:

- The person poses a substantial risk of harm to any person
- The person behaves in a manner that is inappropriate for a school setting and the person persists in the behavior after being given a verbal warning that the behavior is inappropriate and may result in refusal of entry or ejection.

A verbal warning and persistent inappropriate behavior are not required for a person serving as a referee, judge, or other official of an extracurricular athletic activity or competition sponsored or sanctioned by the school district or UIL to eject a spectator.

Appeals regarding refusal of entry or ejection from district property may be filed in accordance with FNG(LOCAL) or GF(LOCAL).

[See the Student Code of Conduct.]

Visitors Participating in Special Programs for Students

Business, Civic, and Youth Groups

The district may invite representatives from patriotic societies listed in Title 36 of the United States Code to present information to interested students about membership in the society.

Career Day

On Career Day and College Fair Day the district invites representatives from colleges and universities and other higher education institutions, prospective employers, and military recruiters to present information to interested students.

Volunteers **(All Grade Levels)**

We appreciate so much the efforts of parent and grandparent volunteers that are willing to serve our district and students. If you are interested in volunteering, please contact the district's Human Resource Department at 830-693-4357, 1800 Colt Circle, Marble Falls, TX 78654, HR@mfisd.org, for more information and to complete an application.

Voter Registration **(Secondary Grade Levels Only)**

A student who is eligible to vote in any local, state, or federal election may obtain a voter registration application at the main campus office.

Withdrawing from School **(All Grade Levels)**

When a student under age 18 withdraws from school, the parent or guardian must submit a written request to the principal, specifying the reasons for withdrawal and the final day the student will be in attendance. Withdrawal forms are available from the principal's office.

A student who is age 18 or older, who is married, or who has been declared by a court to be an emancipated minor may withdraw without parental signature.

Please provide the school at least three days' notice of withdrawal so that records and documents may be prepared.

Glossary

Accelerated instruction, including supplemental instruction, is an intensive educational program designed to help an individual student acquire the knowledge and skills required at his or her grade level. It is required when a student does not meet the passing standard on a state-mandated assessment. Accelerated instruction may be provided by assigning a student to a classroom teacher who is certified as a master, exemplary, or recognized teacher or by providing supplemental instruction in addition to regular instruction.

ACT, or the American College Test, is one of the two most frequently used college or university admissions examinations. The test may be required for admission to certain colleges or universities.

ACT-Aspire is designed as a preparatory and readiness assessment for the ACT. This is usually taken by students in grade 10.

ARD stands for admission, review, and dismissal. The ARD committee convenes for each student who is identified as needing a full and individual evaluation for special education services. The eligible student and his or her parents are members of the committee.

Attendance review committee is responsible for reviewing a student's absences when the student's attendance drops below 90 percent, or in some cases 75 percent, of the days the class is offered. Under guidelines adopted by the board, the committee will determine whether there were extenuating circumstances for the absences and whether the student needs to complete certain conditions to master the course and regain credit or a final grade lost because of absences.

CPS stands for Child Protective Services.

DAEP stands for disciplinary alternative education program, a placement for students who have violated certain provisions of the Student Code of Conduct.

DFPS stands for the Texas Department of Family and Protective Services.

DPS stands for the Texas Department of Public Safety.

DSHS stands for the Texas Department of State Health Services

ED stands for the U.S. Department of Education.

Emergent bilingual student refers to a student of limited English proficiency. Other related terms include English learner, English language learner, and limited English proficient student.

EOC (end-of-course) assessments are state-mandated and are part of the STAAR program. Successful performance on EOC assessments are required for graduation. These examinations will be given in English I, English II, Algebra I, Biology, and U.S. History.

ESSA is the federal Every Student Succeeds Act.

FERPA refers to the federal Family Educational Rights and Privacy Act, which grants specific privacy protections to student records. The law contains certain exceptions, such as for directory information, unless a student's parent or a student 18 years of age or older directs the school not to release directory information.

IEP stands for individualized education program and is the written record prepared by the ARD committee for a student with disabilities who is eligible for special education services.

IGC is the individual graduation committee, formed in accordance with state law, to determine a student's eligibility to graduate when the student has failed to demonstrate satisfactory performance on no more than two of the required state assessments.

ISS refers to in-school suspension, a disciplinary technique for misconduct found in the Student Code of Conduct. Although different from out-of-school suspension and placement in a DAEP, ISS removes the student from the regular classroom.

Multi-Tiered Systems of Support (MTSS) – Multi-Tiered Systems of Support (MTSS) is a framework that focuses on intervention best practices within the areas of academics, behavior, and social/emotional supports for the whole child. Tiers are based on student need and increase the level of support provided as a student moves from classroom-wide, to targeted and intensive interventions.

PGP stands for personal graduation plan, which is required for high school students and for any student in middle school who fails a section on a state-mandated test or is identified by the district as not likely to earn a high school diploma before the fifth school year after he or she begins grade 9.

PSAT is the preparatory and readiness assessment for the SAT. It also serves as the basis for the awarding of National Merit Scholarships.

Safe and Supportive School Team is a team established at each campus that is responsible for conducting a threat assessment regarding individuals who make threats of violence or exhibit harmful, threatening, or violent behavior and determining appropriate intervention, and providing guidance to students and school employees on recognizing harmful, threatening, or violent behavior that may pose a threat to the community, school, or individual.

SAT refers to the Scholastic Aptitude Test, one of the two most frequently used college or university admissions examinations. The test may be required for admissions to certain colleges or universities.

SHAC stands for School Health Advisory Council, a group of at least five members, a majority of whom must be parents, appointed by the school board to help ensure that local community values and health issues are reflected in the district's health education instruction, as well as assist with other student and employee wellness issues.

Section 504 is the federal law that prohibits discrimination against a student with a disability, requiring schools to provide opportunities for equal services, programs, and participation in activities. Unless the student is determined to be eligible for special education services under the Individuals with Disabilities Education Act (IDEA), general education with appropriate instructional accommodations will be provided.

STAAR is the State of Texas Assessments of Academic Readiness, the state's system of standardized academic achievement assessments.

STAAR Alternate 2 is an alternative state-mandated assessment designed for students with severe cognitive disabilities receiving special education services who meet the participation requirements, as determined by the student's ARD committee.

STAAR Spanish is an alternative state-mandated assessment administered to eligible students for whom a Spanish version of STAAR is the most appropriate measure of their academic progress.

State-mandated assessments are required of students at certain grade levels and in specified subjects. Except under limited circumstances, students must perform successfully on some state-mandated assessments to be promoted and students must pass the STAAR EOC assessments to graduate. Students have multiple opportunities to take the tests, if necessary, for promotion or graduation.

Student Code of Conduct is developed with the advice of the district-level committee and adopted by the board and identifies the circumstances, consistent with law, when a student may be removed from a classroom, campus, or district vehicle; sets out the conditions that authorize or require the principal or another administrator to place the student in a DAEP; and outlines conditions for out-of-school suspension and for expulsion. The Student Code of Conduct also addresses notice to the parent regarding a student's violation of one of its provisions.

TAC stands for the Texas Administrative Code.

TEA stands for the Texas Education Agency, which oversees primary and secondary public education in Texas.

TELPAS stands for the Texas English Language Proficiency Assessment System, which assesses the progress that English learners make in learning the English language and is administered for those who meet the participation requirements in kindergarten–grade 12.

TSI stands for the Texas Success Initiative, an assessment designed to measure the reading, mathematics, and writing skills that entering college-level freshmen students should have if they are to be successful in undergraduate programs in Texas public colleges and universities.

UIL refers to the University Interscholastic League, the statewide, voluntary nonprofit organization that oversees educational extracurricular academic, athletic, and music contests.

Appendix: Freedom from Bullying Policy

Note: School board policies may be revised at any time. For legal context and the most current copy of the local policy, visit [FFI Local](#). Below is the text of Marble Falls ISD's policy FFI(LOCAL) as of the date this handbook was finalized for this school year.

Student Welfare: Freedom from Bullying

Policy FFI(LOCAL) adopted on 11-13-2017

This policy addresses bullying of District students. For purposes of this policy, the term bullying includes cyberbullying.

For provisions regarding discrimination and harassment involving District students, see FFH. Note that FFI shall be used in conjunction with FFH for certain prohibited conduct. For reporting requirements related to child abuse and neglect, see FFG.

Bullying Prohibited

The District prohibits bullying, including cyberbullying, as defined by state law. Retaliation against anyone involved in the complaint process is a violation of District policy and is prohibited.

Examples

Bullying of a student could occur by physical contact or through electronic means and may include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name calling, rumor spreading, or ostracism.

Retaliation

The District prohibits retaliation by a student or District employee against any person who in good faith makes a report of bullying, serves as a witness, or participates in an investigation.

Examples

Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

False Claim

A student who intentionally makes a false claim, offers false statements, or refuses to cooperate with a District investigation regarding bullying shall be subject to appropriate disciplinary action.

Timely Reporting

Reports of bullying shall be made as soon as possible after the alleged act or knowledge of the alleged act. A failure to immediately report may impair the District's ability to investigate and address the prohibited conduct.

Reporting Procedures

Student Report

To obtain assistance and intervention, any student who believes that he or she has experienced bullying or believes that another student has experienced bullying should immediately report the alleged acts to a teacher, school counselor, principal, or other District employee. The Superintendent shall develop procedures allowing a student to anonymously report an alleged incident of bullying.

Employee Report

Any District employee who suspects or receives notice that a student or group of students has or may have experienced bullying shall immediately notify the principal or designee.

Report Format

A report may be made orally or in writing. The principal or designee shall reduce any oral reports to written form.

Notice of Report

When an allegation of bullying is reported, the principal or designee shall notify a parent of the alleged victim on or before the third business day after the incident is reported. The principal or designee shall also notify a parent of the student alleged to have engaged in the conduct within a reasonable amount of time after the incident is reported.

Prohibited Conduct

The principal or designee shall determine whether the allegations in the report, if proven, would constitute prohibited conduct as defined by policy FFH, including dating violence and harassment or discrimination on the basis of race, color, religion, sex, gender, national origin, or disability. If so, the District shall proceed under policy FFH. If the allegations could constitute both prohibited conduct and bullying, the investigation under FFH shall include a determination on each type of conduct.

Investigation of Report

The principal or designee shall conduct an appropriate investigation based on the allegations in the report. The principal or designee shall promptly take interim action calculated to prevent bullying during the course of an investigation, if appropriate.

Concluding the Investigation

Absent extenuating circumstances, the investigation should be completed within ten District business days from the date of the initial report alleging bullying; however, the principal or designee shall take additional time if necessary to complete a thorough investigation.

The principal or designee shall prepare a final, written report of the investigation. The report shall include a determination of whether bullying occurred, and if so, whether the

victim used reasonable self-defense. A copy of the report shall be sent to the Superintendent or designee.

Notice to Parents

If an incident of bullying is confirmed, the principal or designee shall promptly notify the parents of the victim and of the student who engaged in bullying.

District Action

Bullying

If the results of an investigation indicate that bullying occurred, the District shall promptly respond by taking appropriate disciplinary action in accordance with the District's Student Code of Conduct and may take corrective action reasonably calculated to address the conduct. The District may notify law enforcement in certain circumstances.

Discipline

A student who is a victim of bullying and who used reasonable self-defense in response to the bullying shall not be subject to disciplinary action.

The discipline of a student with a disability is subject to applicable state and federal law in addition to the Student Code of Conduct.

Corrective Action

Examples of corrective action may include a training program for the individuals involved in the complaint, a comprehensive education program for the school community, follow-up inquiries to determine whether any new incidents or any instances of retaliation have occurred, involving parents and students in efforts to identify problems and improve the school climate, increasing staff monitoring of areas where bullying has occurred, and reaffirming the District's policy against bullying.

Transfers

The principal or designee shall refer to FDB for transfer provisions.

Counseling

The principal or designee shall notify the victim, the student who engaged in bullying, and any students who witnessed the bullying of available counseling options.

Improper Conduct

If the investigation reveals improper conduct that did not rise to the level of prohibited conduct or bullying, the District may take action in accordance with the Student Code of Conduct or any other appropriate corrective action.

Confidentiality

To the greatest extent possible, the District shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation.

Appeal

A student who is dissatisfied with the outcome of the investigation may appeal through FNG(LOCAL), beginning at the appropriate level.

Records Retention

Retention of records shall be in accordance with CPC(LOCAL).

Access to Policy and Procedures

This policy and any accompanying procedures shall be distributed annually in the employee and student handbooks. Copies of the policy and procedures shall be posted on the District's website, to the extent practicable, and shall be readily available at each campus and the District's administrative offices. Marble Falls ISD- FFI(L)-X-027904-UPDATE 109- DATE ISSUED: 11/13/2017
