Re: Celina High School Concession Building
Recommendation to Award

Mr. O'Dell,

The Celina Independent School District received competitive sealed proposals for the Celina High School Concession Building on Tuesday, July 9, 2013. Refer to the attached proposal tabulation for results.

The attached document indicates the fees, contingencies, budgets, contractors recommended for award, etc. Award will be made to the lowest responsive and responsible bidder in each package that offers the Celina Independent School District the best value as determined by the criteria set forth in the bid documents.

Gallagher Construction Services recommends the award of all contracts as listed contingent upon continued negotiations with the District's representative and receipt of required insurance and bonds. If the awarded contractor does not provide the necessary insurance and bonds, award will be made to the respondent with the next highest evaluation.

Gallagher Construction Services is honored for the opportunity to work with the Celina Independent School District and Claycomb and Associates on this project.

Sincerely,
GALLAGHER CONSTRUCTION SERVICES

Von Gallagher, President
