

**FOREST LAKE AREA SCHOOLS
FOREST LAKE, MN 55025**

June 27, 2019

AGENDA ITEM: 9.1

TOPIC: 2019-2020 and 2020-2021 Calendar Adjustments

BACKGROUND: The Minnesota Legislature sets the minimum number of school days and minutes of instruction. Meeting the established minimum requirements becomes difficult if school days are canceled due to inclement weather.

PROCESS:

This past school year, five school days were canceled due to inclement weather. Senior's last school days has typically been the day prior to the last school day for all other grades. In order to maximize the number of potential school days and to meet the minimum number of school days and hours of instruction set by the Minnesota Legislatures, the last school day for seniors needs to move to the last school day for all students.

RECOMMENDATION:

Administration recommends approval.
