

Minidoka County School District

Transportation's Report

June 30, 2016

Welcome to summer!!!!

Summer school is well under way. Can't believe June is already gone.

This year for summer school we are running 10 buses. Due to the fact that the students are all over the county, it's almost like the regular school year. The drivers that are doing summer school are our die hard people. I just love them to pieces.

We are in the process of getting the information ready so that we can get started on our new routing software. I am excited to see how this works.

According to the State Department of Education Student Transportation, the software program is reimbursable except for the training. That's pretty cool I think.

I just love summer school. We have not had any bus citations this year so far (keeping my fingers crossed). The kids have been great. This is a big relief for my drivers.

We have two of our ladies washing buses this year. They scrub the inside and the outside and make them look amazing!The drivers will then have clean buses to start the new year. Thanks Vanessa Baker and Denise Hess you ladies rock.

Kay Buerkle and I went to Boise last week to the Idaho Association of Pupil Transportation conference. The classes were amazing, and we brought back a lot of great information that we will be implementing in our training this year.

Alicia Bywater
Transportation Supervisor
