## Introduction

In response to **Lincolnwood School District 74's** Form 470 bid #**240003415**, I'm providing information on an AT&T solution that may meet your requirements and qualify for E-Rate funding. The solution includes the following components:

- **AT&T Dedicated Internet** is an internet access service that combines a dedicated connection with symmetrical bandwidth (same download and upload speeds) and provides reliable, high-performance connectivity. AT&T Dedicated Internet offers the fastest speeds available (up to 1Tbps), world class Service Level Agreements (SLAs) with 100% uptime guarantees, and outage protection down to the customer edge router with 24/7 monitoring.

## Features and Benefits

The solution gives you the following:

- **ADI with Managed Router Option**—provides the customer premises equipment (CPE) for ADI, generally a router and a diagnostic modem. AT&T configures, monitors, manages, and maintains the equipment. You provide a dedicated standard telephone line for out-of-band testing of the diagnostic modem. This option provides convenient end-to-end managed internet access so you can focus on your core mission.
- **Customer-Managed Router Option** lets you provide and manage your own router for the dedicated internet service while AT&T provides the managed internet access. So, you have flexibility to choose the level of service you need.
- **Reliable Service**—starts with proactive monitoring of our nationwide backbone along with a network architecture that features redundant routers, switches, and power supplies. As a result, we can reroute traffic around outages and restore service almost instantaneously. This increases reliability and helps ensure that your internet traffic gets through. In addition, you get enterprise-class support, with 24/7 expert technical assistance.
- **AT&T Business Center Portal** provides a suite of online tools to access billing, maintenance, network management, and performance reporting information and functions. Business Center tools let you view and manage various aspects of your AT&T service 24/7 via a convenient online portal.
- **Cyber Threat Analysis** provides real time information so you can immediately determine the category, volume, and severity of detected threats. As an additional intelligence layer, these reports also identify sites visited by Acceptable Use Policies (AUP) category so you can better understand policies required to prevent traffic directed to unwanted risky site categories. This feature available in your Business Portal can help you make informed security decisions for your business at no extra charge.

## Advantages of AT&T

Working with AT&T gives you the following advantages:

- **E-Rate Experience**—AT&T has participated in the E-Rate program for schools and libraries since the program's inception in 1998, and we're one of the program's largest service providers. We're proud to bring our technology, expertise, E-Rate knowledge, and education experience to your school or library, helping expand affordable access to advanced telecommunication services. For more information about AT&T and its participation in the E-Rate program, go to [www.corp.att.com/erate](http://www.corp.att.com/erate).
- **Service and Support**—We offer you easy access to assistance, whether through online tools or by phone. You also get support and guidance from highly trained staff with years of networking experience. Our account teams, who work closely with you, are focused on the education industry and are well versed in the issues and challenges that today's educators face.
- **Performance**—You expect communication services that work, and we can deliver. We've made substantial investments each year to improve our technology infrastructure so that we can provide superior performance.
- **Complete Solutions**—AT&T offers a wide range of solutions. We can work with a variety of products and technologies and can assess your needs to recommend potential solutions.
- **Community Focus**—At AT&T, we're proud of our strong record of corporate citizenship. Annually, we contribute millions of dollars through corporate, foundation, and employee giving to support education and community programs.

*We're investing in connectivity and technology, digital literacy, and digital learning solutions to help connect today's learners with success—in and out of the classroom. It's part of our \$2 billion commitment to help bridge the digital divide. Learn more at [att.com/connectedlearning](http://att.com/connectedlearning).*

Currently the Federal Access Recovery Fee (FARF) is set at .7% of the Access MRC. Property Tax Allotment (PTA) currently set at \$13.99 may apply. FARF and PTA rates are subject to change.

This solution includes the Ethernet access circuit, AT&T Managed Internet Service, AT&T owned and managed Router and AT&T technician installation. At speeds greater than 100Mbps, an optical interface (1000Base-SX multi-mode or 1000Base-LX single mode) or a 10GigE interface is required. AT&T Technician onsite installation, setup and testing of the managed router is provided at no cost. AT&T personnel unpack, mount, connect, configure, and test the managed router. AT&T installation is required for all optical interfaces.

Should conduit be required on your property to facilitate fiber installation, AT&T will provide up to 1000ft. of conduit at no cost. *(Not valid on new construction.)*

The customer is responsible for the provisioning and monthly cost of one phone line for management and remote troubleshooting when using an AT&T Managed Router. Without which will render the SLAs null and void. *AT&T is not making any determinations, representations, or warranties regarding the E-Rate eligibility of these additional products and services. The eligibility of these products and services for E-Rate funding is solely determined by USAC and/or the FCC based on the applicants E-Rate discount request.*

Static IP addresses are provided by AT&T Internet.

**This response to your request is not a contract offer and does not take the place of a signed contract.** If you select AT&T for this service, please let us know so we can provide you the appropriate contract documents. Neither party is obligated for the selected services unless and until mutually agreed contract documents are signed by both parties. The Pricing proposed herein is based upon the specific product/service mix and locations outlined in this proposal and assumes use of AT&T contract documents and an E-Rate Rider as part of any final, negotiated contract between the parties, unless otherwise stated herein. Any changes or variations in the proposed terms and conditions, the products/services, length of term, locations, and/or design described herein may result in different pricing. Prices quoted do not include applicable taxes, surcharges, or fees. In accordance with the tariffs or other applicable service agreement terms, Customer is responsible for payment of such charges.

## Optional Services

AT&T is presenting this additional product information to alert you to other important services that can be very useful to **Lincolnwood School District 74's** educational goals and overall security concerns. These services are optional and are not contingent on the purchase of any E-Rate eligible services from AT&T.

**PLEASE NOTE:** AT&T is not making any determinations, representations, or warranties regarding the E-Rate eligibility of these additional products and services. The eligibility of these products and services for E-Rate funding is solely determined by USAC and/or the FCC based on the applicants E-Rate discount request. Among the products and services are

- **Wireless/Wireline Voice Services**
  - **Mobile data<sup>1</sup> plans** can help your staff stay connected. AT&T ranked best and most reliable 5G network and best network overall in Global Wireless Solutions' (GWS) 2021 OneScore survey<sup>2</sup>. Check the coverage in your area at [www.att.com/maps/wireless-coverage](http://www.att.com/maps/wireless-coverage).
  - **Wireline voice services** can expand the capabilities of your AT&T Dedicated Internet (ADI) access—add Voice over IP with AT&T IP Flexible Reach service ([Video: IP Flexible Reach: A Simplified Voice and Data Service](#)).
- **FirstNet** wireless services are designed to improve public safety communications, coordination, and response times, leading to safer and more secure communities. This can be crucial during times of crisis. For more information, visit [www.firstnet.com](http://www.firstnet.com).
- **AT&T Cybersecurity** can help protect your network from constantly evolving threats. Our cybersecurity professionals have helped schools and districts with limited IT resources get the security features they need at a price that meets their budget. To learn more about our security services portfolio, visit [cybersecurity.att.com](http://cybersecurity.att.com) or call 650.713.3333.

<sup>1</sup> Mobile Data plans may be eligible for E-Rate program support only in instances when the School or Library seeking support demonstrates to the USAC that they are the most cost-effective option for providing internet access based on an Applicant's request for E-Rate discounts. AT&T makes no determinations, representations, or warranties regarding such eligibility.

<sup>2</sup> GWS conducts paid drive tests for AT&T and uses the data in its OneScore analysis. AT&T 5G requires compatible plan and device. 5G not available everywhere. Go to [att.com/5Gforyou](http://att.com/5Gforyou) for details

## Important Information

For ADI with Managed Router, the customer is responsible for the provisioning and monthly cost of one phone line for management and troubleshooting of the managed service and router.

AT&T may provide Entrance Facility Construction (EFC) for eligible customers, as explained in the Entrance Facility Construction section of the AT&T Business Service Guide General Provisions. Customers who do not qualify for AT&T EFC are responsible for providing the conduit/structure as well as the path from the property line to the demarcation point for access to the primary route.

**Proposal Validity Period**—The information and pricing contained in this Proposal is valid for a period of 90 days from the date written on the proposal cover page, or until the E-Rate filing window closes for the upcoming E-Rate Funding year, whichever occurs later, unless rescinded or extended in writing by AT&T.

**Proposal Pricing**—Pricing proposed herein is based upon the specific product/service/equipment mix and locations outlined in this proposal and is subject to AT&T's proposed terms and conditions for those products and services and the AT&T E-Rate Rider unless otherwise stated herein. Any changes or variations in the proposed terms and conditions, the products/services, length of term, locations, and/or design described herein may result in different pricing. Prices quoted do not include applicable taxes, surcharges, or fees. In accordance with the tariffs or other applicable service agreement terms, Customer is responsible for payment of such charges.

**Providers of Service**—Subsidiaries and affiliates of AT&T Inc. provide products and services under the AT&T brand.

**Software**—Any software used with the products and services provided in connection with this Proposal will be governed by the written terms and conditions applicable to such software. Title to software remains with AT&T or its supplier. Customer must comply with all such terms and conditions, and they will take precedence over any agreement between the parties as relates to such software.

**Disclaimer**—For purposes of this Proposal, the identification of certain services as “eligible” or “non-eligible” for E-Rate funding is not dispositive, nor does it guarantee that this or any other services in this Proposal will be deemed eligible for such funding. Any conclusions regarding the eligibility of services for E-Rate funding must be based on several factors, many of which have yet to be determined relative to the proposed services and equipment described herein. Such factors will include, without limitation, the ultimate design configuration of the network, the specific products and services provisioned to operate the network, the type of customer, and whether the services are used for eligible educational purposes at eligible locations. In its proposal, AT&T will take guidance from the “Eligible Services List” and the specific sections on product and service eligibility on the Universal Service Administrative Company (“USAC”) website [www.usac.org/e-rate](http://www.usac.org/e-rate). This site provides a current listing of eligible products and services, as well as conditionally eligible and ineligible services. This guidance notwithstanding, the final determination of eligibility will be made by the USAC after a review of the customer’s E-Rate application for this proposal. If AT&T is awarded the bid for this project, AT&T will provide assistance on the E-Rate application solely on matters relative to the functionality of the services and products which comprise the network. Nevertheless, the responsibility for the E-Rate application is with the customer. AT&T is not responsible for the outcome of the USAC's decision on these matters.

**End User Equipment**—E-Rate recipients must cost allocate any non-ancillary ineligible components that are bundled with eligible products or services. Cost allocations are the responsibility of E-Rate Applicants. For additional information, reference USAC website @ [www.usac.org/e-rate](http://www.usac.org/e-rate) and Cost Allocation Guidelines for Services @ [www.usac.org/e-rate/applicant-process/before-you-begin/eligible-services-overview/cost-allocations-for-services/](http://www.usac.org/e-rate/applicant-process/before-you-begin/eligible-services-overview/cost-allocations-for-services/).
