

Prepared by Dr. Jeffrey Alstadt

Approval of Authorization to Publish Notice of Public Hearing for the FY26 Amended Budget

Purpose

In accordance with the Illinois School Code, a school district must amend its official budget if there are significant changes in anticipated revenues or expenditures that deviate from the original budget adopted at the start of the fiscal year. An amended budget ensures the district remains in legal compliance and accurately reflects the current financial status of our operations.

Background and Information

To finalize this process, the Board must hold a formal Public Hearing to allow for community input. Statute requires that a public notice be published in a local newspaper at least 30 days prior to the hearing date.

Budget Update

During the Board meeting, I will provide a budget update regarding the specific adjustments being made within the FY26 Amended Budget.

This update will include an overview of revenue shifts, finalized grant allocations, and year-to-date expenditure trends to ensure the Board has a clear understanding of our fiscal position.

Administrative Recommendation

It is recommended that the Board of Education approve the authorization to publish the notice of a Public Hearing for the FY26 Amended Budget, to be held on June 23, 2026.
