B. Aledo ISD 2025 Committee Progress Report

Since the last update to Trustees, the AISD 2025 Committee has split into the subcommittee work and has been conducting extensive tours of the District's facilities. At this writing, the final tour is scheduled for Thursday May 15th with the final subcommittee meetings being held at various times as listed on the AISD website.

The final weeks of this committee's work is dedicated to developing an omnibus list of recommendations for your consideration as part of a ten-year plan for growth. The entire committee will meet on June 10th to present the sub-

committee's findings and recommendations for discussion. In addition, the District financial advisor, Bill Gumbert from BOSCO, will be in attendance to discuss the district's bonding capability as it currently exists.

The final committee meeting is tentatively planned for June 24th, but may be moved to June 17th if the 2025 committee is amenable.

The final piece involves a presentation to Trustees by committee chair Drew Poe. I will request the Board President schedule a meeting specific to only this presentation in July. There is a great deal of data to share with Trustees and it would probably be wise to designate a specific meeting for this purpose.
