We have a lot to celebrate after MOY MAP testing. Here are some highlights, with tons of academic learning time still available.

- Most cohort grade levels (last years student to their current grade) increased their approaches, meets, and masters percentages in math and reading from winter 2024 to winter 2025 . 7/9 math, 9/9 reading. **This is exactly the kind of growth we want. Great news here.**
- Campus wide MATH projected proficiency increased from Fall to Winter.
- From Winter 2024 to Winter 2025, RLA, Math, Science campus all averages of projected proficiencies increased across ALL performance categories (Approaches, Meets, & Masters).
- RLA 3/12 performance categories already met the campus goals.
- Math 4/12 performance categories already met the campus goals.
- 9/27 performance categories already exceeded last year's goals!
- Grew small percentage from BOY to MOY MAP for ALL scores (Math and ELAR, all performance categories)

Upcoming:
