

## **Cafeteria Monthly Report**

### **January 2026**

The cafeteria served a Christmas lunch on Dec 17<sup>th</sup> for students and staff. We had all the traditional food and it was very well received.

The Cafeteria served 4,134 breakfast and 4,998 lunches for the month of December. Interesting fact – we sold 791 cookies for the month of December.

We helped Mrs. Diaz and Admin., with the preparation of food for the Faculty Breakfast on Dec 15<sup>th</sup>. Everyone who came got a nice breakfast.

We will now be gearing up for Spring which will start to include student field trips and STAAR testing.

The cafeteria will have our Month of Review for the Audit in January and will be expecting an onsite visit from the Auditor the last week of February. We are working very hard to make sure that we have all the necessary documents, menus and food production records for our review.

We (the cafeteria ladies) had a restful Christmas with family and friends. Hope you all had a wonderful Holiday Season.
