

Dear School Board Members,

On behalf of the senior class, we respectfully request that seniors be excused from school during the final week of the year. In past years, this has been allowed, and with our small class size, it would cause minimal disruption. Seniors requesting this would have completed all graduation requirements and meet academic and disciplinary standards. This time would help us prepare for post-graduation plans and participate in graduation activities. Thank you for your consideration.

Sincerely,

Alana Almich
Senior Class President
