

Superintendent Comments
Board Workshop
November 10, 2025

1. Jefferson Building

Kyle Klatt, Executive Director of the Red Wing Port Authority will be in attendance to answer any questions related to the purchase agreement of the Jefferson property. The Port Authority voted 6-0 on Tuesday, Nov. 4th to approve the purchase agreement.

While we do not typically hold votes at a workshop, we can do so if included on the agenda. I recommend a motion to approve the purchase agreement of the Jefferson School property with the Red Wing Port Authority.

2. Red Wing College Promise Update

Jennifer Tift asked for an update on the Red Wing College Promise. I reached out to the college and they provided a bit of information. I invited President Marsha Danielson, but she is not able to attend. I have reached out to a couple of other people, but have not heard back yet. According to information I received, there are 96 students enrolled under the program this fall. There were 64 last year and 34 of those have returned this fall. I do not know how many students graduated from there last spring.

3. Preliminary Review of Facilities Study

Jeff Elstad from SiteLogic will be joining us with some preliminary information as it relates to a possible building reconfiguration for preschool. I have a meeting with them tomorrow morning to preview the information. It should be interesting.

4. Comprehensive Achievement and Civic Readiness Report

Director of Teaching and Learning Emily Seefeldt will provide a full report. This will be a good opportunity to ask data related questions about the learning status of our students.

5. Closed Session - Negotiations Discussion

We are currently in negotiations with the teacher group and the cooks group. This is an opportunity to provide an update on the status of each group.
