DISCUSSION/ACTION ITEMS:

1. Report: Bond 101

Step 1: Acquire the Real Estate/Determine Facilities to be Renovated

- Under Texas law, any independent school district's governing board may levy, pledge, assess, and collect any taxes sufficient to pay the principal and interest on the bonds as the principal and interest become due, subject to voter approval. Tex. Educ. Code 2145.001(2).
- The Board approved the Superintendent's recommendation to secure professional services from a real estate agent/broker pursuant to Section 11.154 of the Texas Education Code.
- In closed session, District may deliberate the purchase, lease, or value of real property. Tex. Gov't. Code § 551.072.
- District may seek to obtain an appraisal on the desired land.
- District may authorize letter of intent to be sent out to potential landowners.
- Once desired real estate has been identified, Board may authorize Superintendent to send out letter of intent to landowner.
- After deal has been made, closing of the transaction will proceed:
  - Deeds
  - Purchase and Sales Agreement
  - Survey
  - Title Insurance
  - Other closing documents.

JCA | LAW

Step 2: Hire a Architect Firm to Design and Oversee Construction

- Public works, such as those involved in school construction, require plans prepared by and supervision of an architect and/or engineer.
- Architects and engineers are providers of professional services and must be selected in accordance with the Professional Services Procurement Act (PSPA) rather than on the basis of competitive bidding or another method of competitive procurement. Tex. Educ. Code § 44.031(f).
- In procuring architectural or engineering services, a school district must first select the most highly qualified provider of those services on the basis of demonstrated competence and qualifications and then attempt to negotiate a contract at a fair and reasonable price. Tex. Gov't Code § 2254.004(a).

JCA | LAW

Step 2 Cont'd: Engage with Your Architect

- Some Districts hire an architect to determine its needs during the early phases of the bond referendum.
- Once the bond passes, the District must remain engaged with its architect design firm as they prepare project specifications and oversee the development of the project, as necessary.
- An architectural plan or specification for any of the following must be prepared only by an architect:
  1. A new building having construction costs exceeding $100,000 that is to be:
     - a) constructed; and
     - b) used for education, assembly, or office occupancy; or
  2. An alteration or addition having construction costs exceeding $50,000 that:
     - a) is to be made to an existing building that"
       - Is owned by the District; and
       - Is or will be used for education, assembly, or office occupancy; and
     - b) Requires the removal, relocation, or addition of a wall or partition or the alteration or addition of an exit.

JCA | LAW

Step 3: Hire a Registered Engineer

- A District may not construct a public work involving engineering in which the public health, welfare, or safety is involved, unless:
  1. The engineering plans, specifications, and estimates have been prepared by an engineer; **and**
  2. The engineering construction is to be performed under the direct supervision of an an engineer. Tex. Occupations Code §1001.407.
     - Exempt work includes:
       - A public work that involves electrical or mechanical engineering, if the contemplated expense for the completed project is $8,000 or less; or
       - A public work that does NOT involve electrical or mechanical engineering, if the contemplated expense for the completed project is $20,000 or less.

JCA | LAW

Step 3: Choose a Construction Services Procurement Method

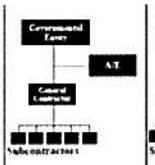

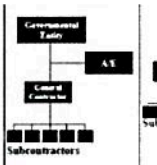

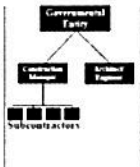

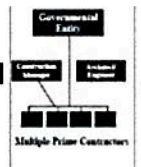

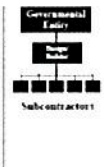

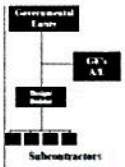

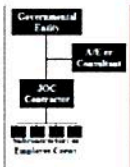

- Prior to advertising, the Board shall determine the project/delivery contract award method to be used for construction valued at or above $50,000.00. Board Policy CV (Local).
- To assist the Board, the Superintendent shall recommend the project delivery/contract award method that the Superintendent determines provides the best value to the District. Board Policy CV (Local).
- The Superintendent must also submit the resulting contract to the Board for approval.

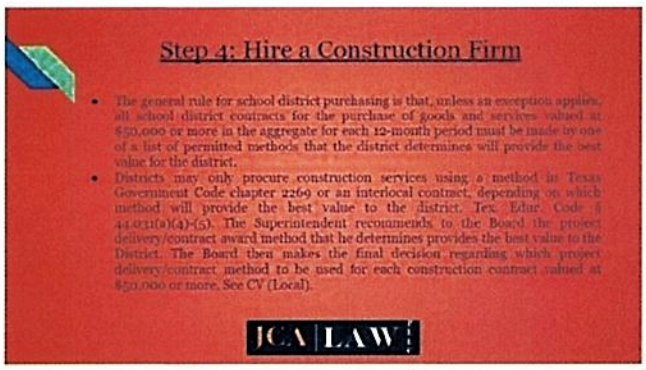

JCA | LAW

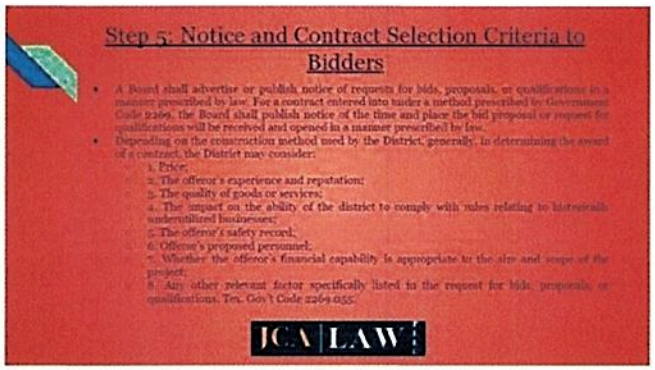

Step 3 Cont'd: Choose a Construction Services Procurement Method

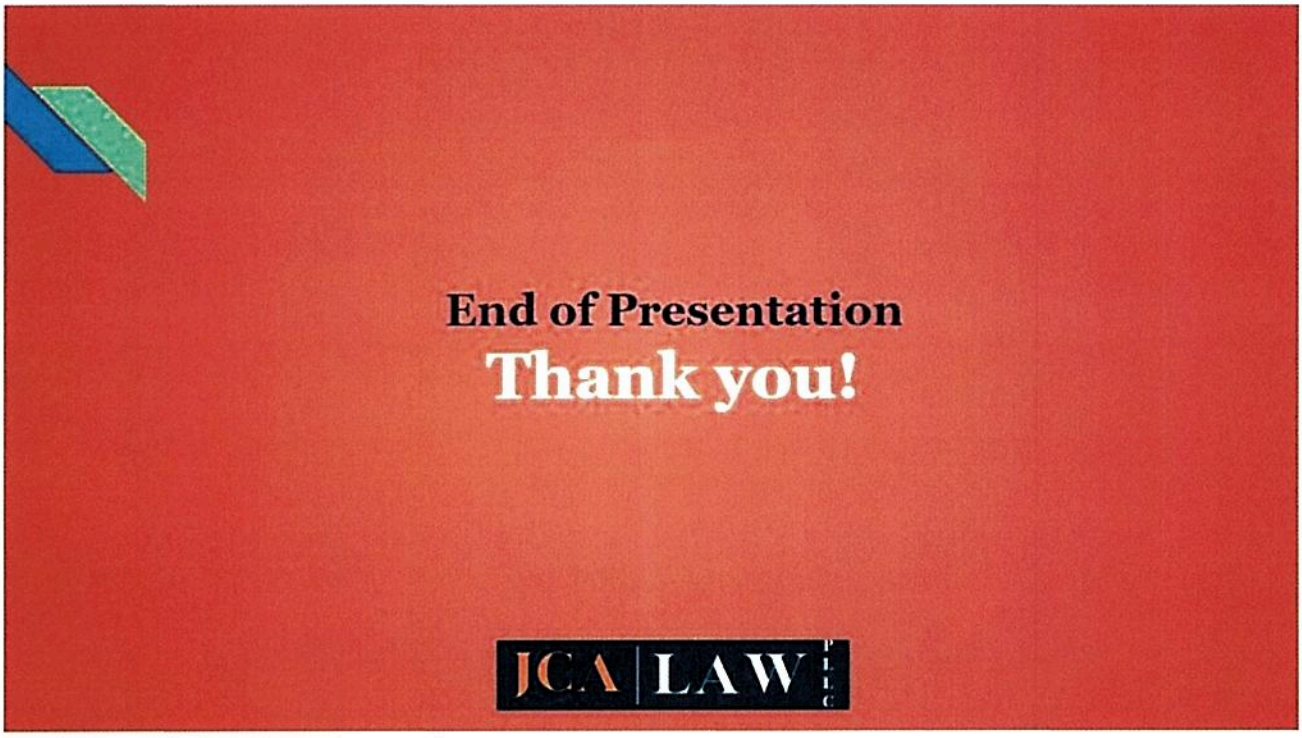

- The contracting methods for construction projects provided by the Texas Government Code chapter 2269 include:
  - **competitive bidding**;
  - **competitive sealed proposals**;
  - **construction manager-agent**;
  - **construction manager-at-risk**;
  - **design-build**, and
  - **job order contracts**.
- Note: a District may also enter into an interlocal contract pursuant to Tex. Educ. Code §44.031(a)(4).

2. Discuss and Consider approval of TM Education Foundation Donations/Grants

The Grant Application Review Committee, comprised of three directors from the Foundation, met to review 31 grant proposals submitted during the Foundations Call for Grants. A total of 23 grants were chosen for funding.

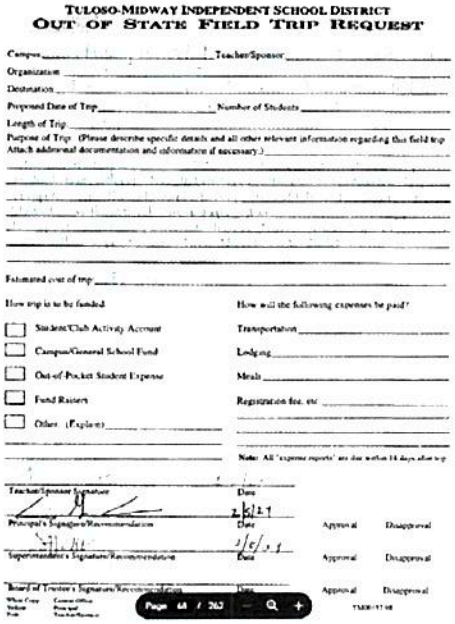

The Foundation will be pleased to present to the Tuloso-Midway ISD Board of Trustees for acceptance, a donation to TMISD in the amount of $58,858.63 to fund the designated innovative teaching grants during the 2023-2024 school year.

This will bring the total amount that the Foundation has awarded to TM teachers since 2005 to $900,000! I think that it's important to note that these funds are raised from the community – as well as a number of TM employees – signifying the broad range of support and fine reputation for educational excellence that this district enjoys.

It is the Administration's recommendation that the Board approve and accept the donations for grants for $58,853.63 as presented.

4. Discuss and Consider approval of Cimbar Special Purpose Foreign Trade Sub-Zone #122

Presented by:
POCCA: Danielle Converse, FTZ Manager
CIMBAR: David Henrick, President

Overview

- Sept. 2020: Acquired Baker Hughes Facility at 322 Manning Road
- Baker Hughes operated as FTZ subzone, but designation was terminated after acquisition
- Cimbar is reapplying for subzone status to access the available benefits under the FTZ program

DANIELLE CONVERSE | FOREIGN TRADE ZONE MANAGER

PORT CORPUS CHRISTI

What is a Foreign-Trade Zone (FTZ)?

A Foreign-Trade Zone is a geographic area within the United States, in or near a U.S. Customs port of entry, where foreign & domestic merchandise is considered outside U.S. Customs territory.

Goods in FTZs remain in International Commerce.

Being outside Customs Territory is the legal position that provides FTZ benefits.

Normal tariff & Customs regulations apply *only* when goods enter U.S. commerce.

Key Players

- Department of Commerce — U.S. Foreign Trade Zones Board (FTZ Board)
- Department of Homeland Security — U.S. Customs & Border Protection (CBP)
- Grantee (Port of Corpus Christi)
- FTZ Operators/ Users

Benefits of The Foreign Trade Zones Act

Exempts certain tangible personal property (inventory) from state and local ad valorem taxation.

19 U.S.C. 81o(e) Tangible personal property imported from outside the United States and held in a zone for the purpose of storage, sale, exhibition, repackaging, assembly, distribution, sorting, grading, cleaning, mixing, display, manufacturing, or processing, and tangible personal property produced in the United States and held in a zone for exportation, either in its original form or as altered by any of the above processes, shall be exempt from State and local ad valorem taxation.

Benefits of the FTZ Act

Duty Deferral	Duty Elimination	Duty Reduction/ Elimination on Scrap or Waste	Duty Reduction (Inverted tariff relief)
Cash flow benefit	Exports: goods never enter U.S. Customs territory therefore no duties are owed	Destruction must be complete with no residual value	
Delay payment of duties until closer to generation of sales revenue	Zone to zone transfers	Example – Construction/ Fabrication Materials	User determines based upon which is lower
Example – Seasonal Goods	Inverted tariff may result in a "free" or "zero" duty rate		Example – Vehicles/Oil by-products

Import duties & Federal excise tax are not paid until, and unless, the goods enter the commerce of the United States

FTZ Board Policies Regarding Local Tax Impacts

- If a state (TX, KY, AZ, LA, P.R.) has one or more taxes for which collections will be affected by the proposed FTZ designation of the new site(s) there are several items that must be included with the application for FTZ designation to be considered:
  - From Grantee – correspondence that lists all affected parties (local tax authorities) with a statement of certification that this is a complete list of all parties that would be affected by this request.
  - Grantee certification letter must be signed by an official of the grantee organization
- Correspondence from each of the affected parties indicating their concurrence (or non-objection) regarding the proposed FTZ designation

CIMBAR Project

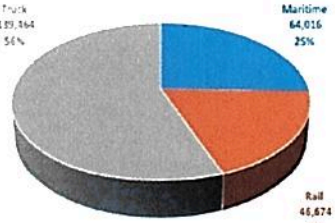

- Cimbar operates in a competitive industry facing pressures from imported finished goods primarily manufactured in Mexico
- Exports from Mexico have continued to rise, negatively impacting demand at Cimbar and overall production requirements
- Cimbar's ability to defer duty payments on imported raw materials and manufactured goods under FTZ procedures to take advantage of the inverted tariff benefit afforded by the program assists Cimbar in maintain competiveness and supports manufacturing in the U.S.
- The ability to leverage the federally available exemption from ad valorem tax on tangible personal property would further support Cimbar's competiveness and future viability of Cimbar's operation at the site

5. Report: Goal #1 & MOY

Spring vs. December 2023 STAAR EOC

Possible What-If's - English 1

- If scores were to include Honors English 1 students, the over all pass rate would be 87.8%, which would be a net increase of 4.6%.
- If students who are within four questions from passing take advantage of the semester long remediation, we would have a 94% pass rate, which would be a net increase of 10.4%.

Possible What-If's - Algebra 1

- If students who are within four questions from passing take advantage of the semester long remediation, we would have a 95% pass rate, which would be a net increase of 11.3%.

7. Discuss and Consider approval of a Resolution regarding SB 763 regarding Chaplains in public schools

RESOLUTION OF THE BOARD OF TRUSTEES
OF THE
TULOSO-MIDWAY INDEPENDENT SCHOOL DISTRICT

WHEREAS, in accordance with Section 23.001 of the Texas Education Code, the Tuloso-Midway Independent School District (the "District") may employee or accept as a volunteer a chaplain to provide support, services, and programs for students as assigned by the administration and Board of Trustees; and

WHEREAS, Senate Bill 763 requires a vote to be taken by the Board of Trustees no later than March 1, 2024 as to whether or not to adopt a policy authorizing each campus of the District to employ or accept volunteer chaplains;

WHEREAS, the District enacted policy GKG entitled "Community Relations: School Volunteer Program', in accordance with Section 2109.003 of the Texas Government Code, to govern the District's School Volunteer Program; and

WHEREAS, the Board recognizes the invaluable contribution to both the emotional and educational development that volunteers under policy GKG provide to the District, including chaplain volunteers.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE TULOSO-MIDWAY INDEPENDENT SCHOOL DISTRICT THAT:

The Board of Trustees of Tuloso-Midway Independent School District hereby affirms the practice of a district campus permitting a chaplain to volunteer to provide support, services, and programs for students in accordance with the district's existing Policy GKG.

IT IS FURTHER RESOLVED that the Board of Tuloso-Midway Independent School District expresses its gratitude for all District volunteers, including chaplains, who have applied for and been approved under existing Policy GKG, for the positive impact they have on the lives of the student body and the District as a whole.

Approved by a vote of ____ (ayes) to ____ (nays) on this 19th day of February 2024.

8. Discuss and Consider approval of the 2024-2025 TMISD Academic Calendar

Pursuant to TEC §11.251, the TMISD Academic Calendar is developed through the collaboration of the campus Site-Based Decision-Making (SBDM) committee and the District Education Improvement Council (DEIC), both of which include teachers, administrators, parents, and community/business members. To create a more transparent and collaborative process for developing and adopting the academic calendar, TMISD Administration established the District Calendar Committee. The aim of the Calendar Committee is to compliment the SBDM/DEIC by serving as a "check and balance" within planning and decision-making process.

It is the Administration's recommendation that the board approve the 2024-2025 TMISD Academic Calendar as presented.

10. Discuss and Consider Bus Purchases through Co-Operative Quote BuyBoard #722-23

Tuloso-Midway currently has 27 large Regular Ed. buses that are used on routes and field trips. This does not include the three 1996 buses that have already been approved for surplus sale but have been held for emergency use. Of the 27 buses 10 of them are fifteen years or older and due for replacement. The goal is to replace them over the next three years.

The major issues we are seeing with buses are expensive repairs to the Diesel Exhaust Fluid (DEF) system and the buses built after 2008 are not lasting as long as buses built before then due to materials. Due to the expensive DEF repairs a number of Districts have begun purchasing gasoline powered buses. At this time only Blue Bird offers a gasoline powered bus. International and Thomas are scheduled to release gasoline powered buses later this year. We have checked with Flour Bluff and Beeville ISD which have already purchased gasoline powered buses and they are satisfied with their performance.

Vehicles designed to carry 14 passengers plus the driver and are below 26,000 pounds do not require a CDL license to operate the vehicle. Currently TMISD has two of these buses, Bus 14 and Bus 25. Bus 14 is an activity bus, not black and yellow and does not have loading lights, so it can only be used for transportation from school to an event and back to school. Bus 25 was purchased with Special Ed funds and can only be used for Special Ed. In addition both these vehicles are about eighteen years old and are requiring expensive repairs.

With the purchase of these small buses with loading lights, stop arm and school bus colors it will allow us the flexibility to use the buses on field trips in addition to transporting student to and from school with the driver not required to have a CDL license.

It is the Administration's recommendation that the Board approve the Co-Operative BuyBoard purchase of three gasoline powered 71 passenger Blue Bird buses for the total amount of $438,320.00 and two 14 passenger Tomas buses for the total amount of $193,800.00 as presented.
