

Community Education Update  
May 19, 2025 School Board Meeting

Greetings from Community Education,

### **2025 Summer Registration Now Open**

Summer registration for all programs and classes is now available online! An in-house brochure was sent home with students in grades K-5, but full program details—and ongoing updates—can be found on our website. Be sure to check back regularly as we continue to add new opportunities for participants of all ages. We're excited to welcome two new partners this summer: DASH Sports and COR Robotics. Both are highly regarded in the Community Education world, and we've received excellent feedback from other districts about the quality and engagement these vendors bring.
