July 6, 2012

Dr. James Monaco
Superintendent, Aubrey ISD
415 Tisdell Lane
Aubrey, Texas 76227-5109

Dear Dr. Monaco:

As you're aware, I have filed to run for another term on the TASB Board of Directors. You may not be aware, however, that Leon Leal from Grapevine-Colleyville ISD has also filed to run for seat 11D, the seat I have occupied for seven years.

When I take on a task, I do so with the completion of that task in mind. Three years ago, I ran for – and successfully attained – a position as a TASB officer. Since that time, I have served the organization as secretary-treasurer and vice president, twice (there are two VP positions). In addition, I have chaired the budget and finance committee, the resolutions committee, the legislative committee, and currently chair the member services committee. If I am fortunate enough to be re-elected to the TASB Board, I hope to serve the association as president-elect and then president. My serving in this way will allow me to repay TASB for the investment in training and leadership development they have made in me.

In order for me to reach my goal, I need your help. Enclosed with this letter is a copy of the endorsement form school districts can use to formally endorse a candidate for TASB's Board of Directors. My request is that your board place an item on a July or August agenda formally endorsing my candidacy; if the item is formally approved, the endorsement form can then be completed as testament to your board action and sent to the TASB office in Austin. Forms must be received by TASB on or before August 29.

As a safeguard that your district receives this request, I have sent the same letter to both board president and superintendent. I hope that you will seriously consider standing with me in this election. Together we can continue to promote the positive work of public education in Texas. If you have questions, please contact me at 817-300-8156 or faye.beaulieu@unitedwaytarrant.org. Also, see my article in the July issue of the **Texas Lone Star** magazine as an indication of my passion for public education. We have nearly 5 million students to serve in Texas this year – let's get busy!

Respectfully,

Faye Beaulieu, PhD
Board President, Hurst-Euless-Bedford ISD
TASB Vice President
