Monthly Financial Summary
Notes on Variances and Other Comments
February 28, 2025

Notes

- 1 This month we received remaining balances in the Operating Reserve Accounts from bonds that have been paid off as well as the funds owed to ZCS from the Town of Zionsville as part of the Creekside Agreement for calendar year 2024. These have been added to the projection but were not previously anticipated for receipt in Feb. 2025.

- 2 These are normal variations in expenditures based on the ebb and flow of purchasing and payment cycles in a normal operating setting. These are not expected to have a significant budgetary impact for the entire year taken as a whole.

- 3 Monthly revenue and expenditure projections are not maintained as part of this report for the funds not included in the state budgetary process. Revenue is posted as earned and expenditures are processed as items are received and/or projects reach completion in compliance with regulatory basis accounting principals.

- 4 In a typical month, we expend more than we receipt given the nature of our funding cycle. The exceptions to this generality are the months when we receive our full property tax distributions - June and December. In this case, we received enough of a partial distribution on our property tax settlement to create a positive overall surplus for the month.
