Governing Board  
Niles Township District for Special Education #807  
Morton Grove, Illinois

In planning and performing our audit of the financial statements of the Niles Township District for Special Education #807 (the District), Illinois, for the year ended June 30, 2025, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

We do not intend to imply that our audit failed to disclose commendable aspects of your system and structure. For your consideration, we herein submit our comments and suggestions which are designed to assist in effecting improvements in internal controls and procedures. Those less-significant matters, if any, which arose during the course of the audit, were reviewed with management as the audit field work progressed.

The accompanying comments and recommendations are intended solely for the information and use of the Board, Executive Director and senior management of the Niles Township District for Special Education #807, Illinois.

We will review the status of these comments during our next audit engagement. We have already discussed many of these comments and suggestions with various District personnel. We would be pleased to discuss our comments and suggestions in further detail with you at your convenience, to perform any additional study of these matters, or to review the procedures necessary to bring about desirable changes.

We commend the finance department for the well prepared audit package and we appreciate the courtesy and assistance given to us by the entire District staff.

## CURRENT RECOMMENDATIONS

### 1. IT SECURITY AWARENESS AND MONITORING OF EMERGING RISKS

#### Comment

Recently, we have noted the increasing importance of information technology (IT) security for local school districts. While we did not identify a specific security breach during our auditing procedures, we have noted increased risks to local school districts in the following areas of IT security:

- Ransomware and Phishing Attacks – Increasingly targeted at local school districts due to limited IT staffing and valuable public data.
- Multi-Factor Authentication (MFA) – This is now considered a minimum standard of protection for access to email, financial systems and remote logins.
- Vendor and Third-Party Risk – Cloud service providers, software vendors, and contractors may present risks if not adequately monitored.
- Data Backup and Recovery – Secure, tested backups are critical to minimize downtime and financial loss in the event of an incident.
- Staff Awareness and Training – Many breaches in local school districts occur due to human error; regular training and simulated testing can help reduce exposure.

#### Recommendation

We recommend that the District continue to increase awareness around IT security issues by:

- Engaging in ongoing monitoring or cyber security trends affecting local school districts.
- Incorporating regular staff training on phishing and other social engineering tactics.
- Periodically reviewing policies for password strength, MFA, and incident response.
- Ensuring vendor contracts address security standards and data protection.
- Testing data backup and recovery plans on at least an annual basis.

By increasing awareness and preparedness, the District can reduce the likelihood of a security incident, protect sensitive constituent and financial data, and help to ensure continuity of operations.

#### Management Response

Management acknowledges this comment and will continue to monitor and strengthen IT security efforts.

## PRIOR RECOMMENDATIONS

### 1. FUND BALANCE POLICY

#### Comment

Previously and during our current year-end audit procedures, we noted that the District does not have a formal fund balance policy. A fund balance policy establishes a minimum level at which the projected end-of-year fund balance should be maintained, taking into account the constraints imposed upon the resources reported by the governmental funds. A fund balance policy assists in providing financial stability, cash flow for operations, and the assurance that the District will be able to respond to emergencies with fiscal strength.

It is essential to maintain adequate levels of funds balance/net position to mitigate current and future risks. Fund balance levels are also crucial consideration in long-term financial planning. Credit rating agencies carefully monitor levels of fund balance and unassigned fund balance in the General Fund to evaluate the District's continued creditworthiness.

#### Recommendation

We recommended the District create and adopt a fund balance policy to be in compliance with GASB Statement No. 54. The District should address fund balance reporting categories (nonspendable, restricted, committed, assigned, and unassigned) as well as review minimum fund balance policies.

#### Status

This comment has not been implemented and will be repeated in the future.

#### Management Response

Management acknowledges this comment and will work to correct it in the coming year.

### 2. CAPITAL ASSET POLICY

#### Comment

Previously, we noted the District does not have a formal capital asset policy to provide guidance on the financial aspects and stewardship of capital assets. With respect to the financial aspects, guidance should be provided on the minimum dollar amount and minimum useful life for an item to be capitalized as a capital asset. Stewardship issues include the physical custody of capital assets.

#### Recommendation

We recommended that the District adopt a capital asset policy, which addresses both financial, and stewardship issues. As part of developing the capital asset policy, a review of the current capitalization amount and estimated useful life should be performed for both financial reporting and stewardship. The capital asset policy should also establish standard depreciation methods and useful lives to be applied to specific categories of assets. With respect to stewardship, the policy should address location of assets, tagging, physical access and security and frequency of periodic inventories. Once the policy has been established, we recommended the District undertake a complete inventory and valuation of capital assets to create detail capital asset records that are in compliance with the new policy. Additionally, as part of this process we recommended land be inventoried and valued at its estimated fair value on the date donated.

## PRIOR RECOMMENDATIONS - Continued

### 2. CAPITAL ASSET POLICY - Continued

#### Status

This comment has been implemented and will not be repeated in the future.

### 3. FUNDS OVER BUDGET

#### Comment

Previously, we noted that the following funds had an excess of actual expenditures over budget for the fiscal year:

Fund	2024
General - Educational Account	\$ 463,591
General - Medicaid Account	149,413

#### Recommendation

We recommended the District investigate the causes of the funds over budget and adopt appropriate future funding measures.

#### Status

This comment has been implemented and will not be repeated in the future.

## UPCOMING STANDARDS

### 1. **GASB STATEMENT NO. 103 FINANCIAL REPORTING MODEL IMPROVEMENTS**

In April 2024, the Governmental Accounting Standards Board (GASB) issued Statement No. 103, Financial Reporting Model Improvements, which establishes improvements to key components of the financial reporting model to enhance effectiveness in providing information that is essential for decision making and assessing a government's accountability. The Statement addresses application issues related to management's discussion and analysis, unusual or infrequent items, presentation of the proprietary fund statements of revenues, expenses, and changes in fund net position, major component unit information, and budgetary comparison information. GASB Statement No. 103, Financial Reporting Model Improvements is applicable to the District's financial statements for the year ended June 30, 2026.

### 2. **GASB STATEMENT NO. 104 DISCLOSURE OF CERTAIN CAPITAL ASSETS**

In September 2024, the Governmental Accounting Standards Board (GASB) issued Statement No. 104, *Disclosure of Certain Capital Assets*, which provide users of government financial statements with essential information about certain types of capital assets. This statement establishes requirements for (1) Certain types of capital assets to be disclosed separately in the capital assets note disclosures, and (2) Capital assets held for sale, including additional disclosures for those capital assets. GASB Statement No. 104, *Disclosure of Certain Capital Assets* is applicable to the District's financial statements for the year ended June 30, 2026.
