Re: Summer 2018 Roofing Projects

I would like an opportunity to share with the Board of Education information on Summer 2018 Roofing projects at Holmes Middle School (full roof replacement) and Franklin High School (partial), as well as the Transportation (full) and Warehouse (partial) buildings located at the Central Office Complex. As you are aware, these Sinking Fund projects are slated for Summer 2018.

Bids were received and opened on Tuesday, March 27, 2018, with post-bid interviews taking place on Wednesday, March 28, 2018. At this time, members of my team, working in partnership with Roofing Technologies Associates (RTA) and Plante Moran CRESA (PMC) continue to complete their due diligence. Scott Smith, PMC, and I will bring details of the bid results to the April 9, 2018 Committee of the Whole meeting. Please add this item to the agenda.

Please contact me if you have questions.
