### **2025 Tax Levy Final Adoption**

To present the tentative 2025 tax levy for Board of Education approval and review the timeline for final adoption. The tax levy is a large source of local revenue, and its timely, accurate completion is a primary fiduciary responsibility of the Board.

**Recommendation** The Administration recommends the Board of Education formally adopt the 2025 Tax Levy as presented.

**Summary & Background** Following our comprehensive discussions regarding the levy process over the past two months, we are now at the statutory deadline for final adoption.

- There have been no changes to the data or projections since the tentative levy was presented and approved in November. The proposal remains based on the official EAV projections from the LaSalle County Assessor's office.
- The levy request does not exceed 105% of the prior year's extension; therefore, a Truth in Taxation public hearing is not required.
- Upon Board approval, the district will file the official Certificate of Tax Levy with the LaSalle County Clerk's office to meet the final Tuesday in December deadline.
