- Tracking goals: rolling along
- No word on Field Trip guidelines update, suggestions have been submitted
- Salt watch and mess-e updates in the staff meeting have been well received.
- Part 1 of pd had been finished, part 2 will be due February 2nd - I will send out a reminder on January 6.
- Planning for OW trip? There is no January meeting but we may want to add one for planning the trip - as of now, planning is on hold. This could also probably be done through email with finalization in February
- I have not yet started working on a Google Classroom 5th grade/middle school crossover space. - 2nd semester goal
