The Mineola High School Greenhand Chapter Conducting Team for FFA competed in the Area competition and won first place. This qualified them to compete at the state level.

Sherry Moore

Each year in the fall, our district must submit a Public Education Information Management System (PEIMS) report to Texas Education Agency. The preparation for this report is tedious as well as time-consuming for everyone involved. Half of the school districts in Texas were chosen to participate this year in the phase 1 implementation of new PEIMS software. As Mineola ISD was one of those schools, it made the PEIMS process even more labor intensive.

Sherry Moore is the principal's secretary at the high school. She has been through many PEIMS collections at the campus level and went above and beyond her job requirements during this fall PEIMS collection by helping those in our district who were working through the PEIMS process for the first time.
