Non-Profit/Community Service Learning Site Application

If submitting an application for a place of worship, the service activities must provide a service that extends beyond serving members (e.g., setting up for a service). The activity must serve the community at large and not just the members of the place of worship.

What is the mission of your organization? *	
To cooperate with God in developing multiplying communities of fully	devoted followers of Christ.

What service(s) does your non-profit/community organization provide? *

discipleship, leadership training, religious education, music education, local/global missions training, after-school care, parent training, orphan care, etc.

Describe the volunteer activities students would participate in with your organization. Be specific. For example, write, "stock and organize cans in food pantry for community members" instead of "help in food pantry." *

Students lead in children's groups. This would involve play, mentoring, and teaching. The students also interact with parents and develop strategies for helping them grow and develop emotionally, socially, and spiritually.

Curriculum Connections

The activities that students complete may connect to what they're learning in school. Select the curriculum connections that your organization may reinforce. Select all that apply. (Adapted from the Maryland Student Service Alliance)
