Dear Dr. Gray and Friends of Parkrose School:

While I could not be with you today, I wanted to share my best wishes and congratulations to you on the occasion of the grand opening of the new Parkrose Middle School. This facility will not only offer a great space for kids to learn and grow, but will also provide a gathering place for the entire community.

Parkrose Middle School is an example of what can happen when a community comes together to benefit kids. From the improved library to the new wireless access points to the use of environmental design, this building was clearly built with the needs of 21st-century students in mind. I am certain that this school will continue to successfully shepherd its young people into the next phase of their education and beyond.

I congratulate all the educators, leaders, and community members who came together to make this school project a reality. Enjoy the rest of your school year, and go ~~Pacers!~~
