1. Please state your proposal briefly and clearly. What do you want the board to know, discuss, or decide?

The NVHS Athletic Facilities Committee, a 501c3 non-profit, has had great success raising money to upgrade our athletic facilities. The next phase will be to provide covered bleachers and a team room for athletes. Staff would like to use payroll deduction to support the school and the Committee's efforts. We request Board approval for adding NVHSAFC as a payroll deduction option for district employees.

2. Provide history/background information on your proposal.

Employees already contribute voluntarily through payroll deduction to support Academic Masters and the TRSD Foundation. Current district procedures require that a minimum of 10 employees select the payroll deduction option to begin the process.

3. List the advantages of your proposal.

Our athletic facilities will be upgraded sooner and staff will have the opportunity to contribute, creating a partnership between parent and community supporters and the staff who work in the North Valley attendance area. Students will have use of the improved facilities

4. List possible disadvantages of your proposal.

Set up time for Payroll.

5. List possible alternatives that could also offer a solution to your proposal. Why were they not recommended?

Continue leaving the responsibility for upgrading our facilities with community donors without staff participation. Staff are interested in participating and parents on the NVHSAFC will appreciate the efforts.

6. Superintendent's Recommendation:
