World's Best Workforce

All Children are Ready for School.
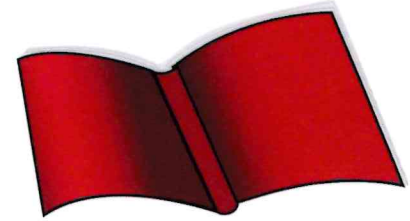

All Children Are Ready for School

GOAL :

80% of Little Rangers entering kindergarten Fall of '24 will be able to name 11 or more uppercase letters as assessed by BPS.

(Last year we were at 78%.)

WHY IS THIS GOAL IMPORTANT?

We want all children to be successful. We want to identify specific needs and strategies to help students improve their learning. This is a stepping stone to their reading career.

STRATEGIES

- Get Set for School
- Circle time
- Small groups

QUESTIONS/IDEAS FOR THE FUTURE

Should data be spring of '24 or fall of '24? If fall should we use something other than renaissance?

Is there a better screener? Maybe all 26 in mixed up order? Find better screener? Maybe just use preschool screener? Kindergarten is timed - should it not be?

What Data Will We Use To Show If We Are Making Progress To The Goal or If We Achieve The Goal?

- Kindergarten entrance data from Fall '23 and Fall '24.
- Early Childhood assessments throughout the school year '23-'24.
- Progress monitoring by Little Ranger teaching staff.
- Progress monitoring by Title 1 staff for kindergarten students.

THANK YOU!
