Hello, I'd like to receive any behavioral/conduct reports on Ms. Henderson at Stillman Valley High School for the last four years. I'd also like to receive any and all messages relating to school business that was either sent or received on Ms Henderson personal cell phone for the date of November 8th, 2024. The 4th district appellate court which has jurisdiction over Ogle County decided in City of Champaign v Madigan that any public business discourse taking place on personal devices are subject to FOIA.
