Spotlight On:

Julie Paul

This month's spotlight is on Mrs. Julie Paul. Julie is a native of IV, and loves living in it! She is an alumni of LBMS, and now works mainly with Ms. Correa and the ERC program. This is her 2nd year with our school, and she says that time has been "amazing" She's been married for 14 years and has two kids that both attend classes at LBMS. When she's not at school helping the kids and teachers however she can, she enjoys hiking and spending time with her family...Her advice to the students at LBMS is this: "Make good choices!" Sound advice, Miss Julie...we're glad to have you as part of the Lorna Byrne family!!

Dear Lorna Byrne Families,

Lorna Byrne Middle School is excited to announce change to our Parent, Teacher, Student conferencing. Our conferences, which will be held on Thursday, April 26th from 3:00 PM to 7:00 PM and Friday, April 27th from 7:30 AM to 3:30 PM, will be using a student-led conference format. This means your student or students will be presenting examples of their school work they are proud of, and sharing other academic accomplishments from this past semester. Students will be practicing to lead their conferences during their Home Base and their Home Base teacher will be at the conference to assist. Each conference will be 15 minutes in length and you will have a scheduled day and time. Your student should have brought home information about the conferences and choices for you to indicate the best day and time for you and your student. We will follow up with a phone call to confirm the day and time of your conference later this week or early next week. We look forward to seeing you at conferences!

Thank you,
Mr. Scott Polen, Principal, Lorna Byrne Middle School

Please listen to the message in its entirety, then call the school for any unanswered questions. If you have an email on file with LBMS, we often send emails as well. InTouch is also used for attendance calls. If your student has been marked absent in any class, the system will call you to make you aware of this absence. Please listen to the message in its entirety before calling the school

Spring is one of the four conventional temperate seasons, following winter and preceding summer. There are various technical definitions of spring, but local usage of the term varies according to local climate, cultures and customs. When it is spring in the Northern Hemisphere, it is autumn in the Southern Hemisphere and vice versa. At the spring, or vernal, equinox, days are approximately 12 hours long with day length increasing as the season progresses.

Spring and "springtime" refer to the season, and also to ideas of rebirth, rejuvenation, renewal, resurrection and regrowth. Subtropical and tropical areas have climates better described in terms of other seasons, e.g. dry or wet, monsoonal or cyclonic. Cultures may have local names for seasons which have little equivalence to the terms originating in Europe.
