Good Afternoon,

Here are 2 more parent emails I have received about the late bus today. I have combined them into 1 email but have both original emails if needed.

Thank you

Subject: School board letter -late bus

To: tcain@indus.k12.mn.us <tcain@indus.k12.mn.us>

Indus School Board,

I am writing in regards to bringing back the late bus for after school and sports activities. I think it would be in the best interest for the school to have the late bus. I believe that more students would participate in after school activities, it is not easy for some parents to get off work to drive 20 plus miles to pick up their kids for after school activities. I know that I was very grateful for the "late bus". It would be great to have it back.

Thank you,

I would really appreciate the school board putting the late bus for Indus back into operation for the remainder of the school year. It is a struggle to arrange rides and get softball players back home after practice every night. Most of the girls that play do not have a driver's license this year, so they cannot get themselves home after daily practice. That means that parents need to arrange with various people to pick up kids after practice which is often a struggle for most of us.

Thank you for taking the time to address this,

Jill Hasbargen
