**Subject:** Review and approve the Junior High Accountability Targeted Improvement Plan

**Presenter:** Angela Boyd

**Rationale:** The state accountability system evaluates performance in student achievement, school progress, and closing the gaps. Based on 2017-2018 STAAR data, the junior high school was assigned an overall rating of a D due to performing in the bottom 5% of the State in Domain III- Closing the Gaps, which required us to develop a Targeted Improvement Plan for HJHS.

Campuses that do not rank in the bottom 5% of the Closing the Gaps domain for two consecutive years and have increased a letter grade on the Closing the Gaps domain are considered as having successfully exited comprehensive support and improvement. For the 2018- 2019 school year, the JH did not rank in the bottom 5% and improved from a score of 59(D) to a 73(C). Because HJHS is in it's second year of improvement a new Targeted Improvement Plan for this school year has been developed.

**Recommendation:** Approve the Hillsboro Junior High Accountability Targeted Improvement Plan for the 2019-2020 school year.
