

Technology Report

March, 2013

This month in technology we have worked on the following projects:

- Worked on the sound system at OHS Auditorium for assembly with Billy Mills for OHS and OMS students.
- Worked with Ener-tel on Fire and security Alarms. Met with them to set up Annual Fire Alarm inspections.
- Worked at OES on electronic card reading door locks. The control card was damaged and is scheduled to be replaced.
- Worked with Verizon and Elite Solutions on getting phone service connected at the new CCCCSD apartments.
- Worked with Ozona Cable to get cable hooked up at CCCCSD Apartments.
- Worked with Dish Network to get connectivity to CCCCSD Apartments.
- Worked with the interim superintendent, Larry Taylor, setting up email accounts and network access, setting up printers, etc.
- Worked with Athletic Director and coaches in setting up computer, printer, etc. in press box to host CCCCSD track meets.
- Assisted Testing Coordinator in repairing DMAC computer, planning for online TelPas testing, and getting information uploaded to state for testing.
- Assisted principals with completion of campus StarCharts, a reporting survey required by NCLB and the state.
- Worked on annual Technology Plan as required by NCLB and the State.
- Assisted Ener-Tel in replacing nonworking cameras at OHS and repairing fiber-optic connections to gym cameras at OMS. Replaced DVR in Heritage Building and reprogrammed it for recording. Inspected DVR at Field House to make sure it was functioning and recording. All cameras at OMS and OHS are now functional and recording.
- Assisted teachers with issues with programs run by district, held trainings at campuses for Mimio, Einstruction, etc.
- Worked at OMS with Istation install and troubleshooting.
- We continue to support faculty, staff, and students with issues and needs that arise.
