### **Principal's General Narrative:**

Mrs. Stone and I are working on scheduling issues and everything appears to be coming together pretty well. Students will be making requests for classes for the 2006-2007 school year during the 2 weeks after spring break. I and all the members of the high school appreciate the time, effort, and wisdom that school board members give on our behalf. We recognize that without the great leadership from the school board and Mrs. Renken our direction of continued and greater success would not be possible.
