Re: Review of Bid Results for Franklin High School Siding– 2013 Bond

We would like to discuss the bid results for the Franklin High School siding item of the construction project at the next Building and Site Committee meeting on Tuesday, May 26, 2015.

The RFB for the construction project at Franklin High School was made available on February 17, 2015. The bid responses were due on March 12, 2015. When we presented the project in March to the Board of Education, it was decided that more information was needed for the siding item of the project and we requested samples.

On Tuesday, May 26, 2015 at the Building and Site Committee meeting Plante Moran Cresa will present the results of their evaluation to the Board of Education and provide recommendations for next steps in the process of selecting the siding vendors for the construction project at Franklin High School. As always, please let me know if there are any additional questions.
