I'm excited to join SSLAC because:

- I want to show leadership for the district and share my friends voices
- At HMS, I like how welcoming the teachers are by making the move from elementary school to middle school easier. I also like the amount of clubs there are to choose from

How's 6th Grade Going?

- I like having a lot of different teachers with different teaching styles
- I like how the day is broken up with passing periods

What I'm involved in at HMS:

- Band
- SSLAC
- Basketball & football (outside of school)
- I'd also like to see more options for 6th graders in sports

Social Media Takeover

- I liked showing a day in the life at Highland with the sights and sounds of the building
- I had to tell my classmates and friends about what I was doing but they thought it was a good idea
