

Information item of District and Campus Improvement Plan

1. Board Goal: Creation and implementation of strategies for all Board Goals for the 25-26 school year.

2. Background:

The Texas Education Code (§11.253) requires each campus improvement plan to set measurable objectives based on student assessment data, with progress monitored periodically. District and campus improvement plans must align to state/federal accountability requirements and Board-adopted goals.

While Board approval is required for the **final** annual performance objectives, this presentation is an information item only to review the process, alignment, and timeline for development of the 2025–2026 District Improvement Plan (DIP) and Campus Improvement Plans (CIP).

3. Process:

Each July, the Board sets annual goals. Departments and campuses align strategies, draft plans, and gather feedback. Plans are reviewed, revised, and finalized for Board approval per TEC §11.253. Quarterly updates track progress, ensuring alignment with state accountability and UCISD's mission. This is an information item only.

4. Fiscal Impact:

None

5. Recommendation:

Information Item

6. Required

None
