Topics Discussed

1. Teacher Negotiations

Superintendent Anderson presented a rough draft of the tentative agreement with teachers for 2021-22 and 2022-23. Paul Hartmann attended the meeting to discuss replacing Strength and Conditioning Supervisors with Strength and Conditioning Coaches. Mr. Hartmann will work with Amy French on a position description. The agreement is likely to be added for the March 7th board meeting.

2. Other Negotiations-Related Issues

- Principals: Superintendent Anderson shared a rough draft of the school district's Proposal 3. Some changes in the proposal will be made based on the discussion, and the Superintendent will reach out to principals to set up the next negotiations date.
- Custodians: The district reached a tentative agreement with custodians for the 2021-22 school year. The agreement is likely to be added for the March 7th board meeting. Both sides want to negotiate the next contract as soon as possible, so a closed session may be held to discuss negotiations strategy.
- Support Personnel: Superintendent Anderson shared a rough draft of the school district's initial language proposal. Some changes in the proposal will be made before being distributed to the group. Both sides can meet on March 2nd, 16th, and 23rd at 4:30 pm. If available, the meeting will be held in RWHS J110.
- Food Service: The Cooks' Association is reviewing a possible tentative agreement.
