

Red Wing Public Schools - Statement of Work

The following is a Statement of Work under the current Master Services Agreement between Red Wing Public Schools and i3 Works.

For the past few three years, i3 Works has supported Red Wing Public Schools by providing data and analytic services. This has included developing data collection and reporting tools to support the PBIS team. This statement of work provides a framework for i3 Works to continue this support during the 2022-2023 school year.

Specific Tasks:

1. System and Process Updates

- a. Updating existing processes and reports to work during the 2022-2023 school year. This will include updating reports in the Sourcewell Cognos V11 data platform.
- b. Troubleshoot challenges with other platforms that integrate with Synergy.

2. Reports & Analyses

- a. Update queries and reports that support the Behind the Numbers behavioral reports
- b. Build reports and analyses that meet needs associated with grades and assessments.

3. Continued Support for Managing Opt-In / Opt-Out processes using Synergy Groups.

Project Contacts:

Kevin Anderson, kevin@i3.works, Frank Norton, fgnorton@rwps.org

Estimated Fees:

i3 Works will provide services using a time and materials approach at our hourly rate of \$130/hour. We estimate that the total effort associated with the project will average no more than 20 hours per month. RWPS will be billed at the end of each month based on hours worked.

Approval:
