

Curriculum Director Report

Math

We will begin our process for selecting a new K-5 Math Series on September 13,2023. Teachers will be reviewing 3 Series, Into Math, Eureka Math, and Reveal Math. These were chosen based on ratings from Ed Reports, as well as input from other schools that use these series.

State Report Card

The State Report Card will be released the last week of October. Right now we are in the process of verifying the data from ISBE.

Tour of New Elementary School

Last week staff got a tour of the New Elementary School. The staff enjoyed the tour. I want to thank Jeff Stauder, and all of the other tour guides for showing staff around. We are looking at possibly doing it again in November. We are also looking at having a 5th grade video team that Miss Hahnenkam has, being able to go out and do interviews, and provide video updates on the school.
