

## Early Bird Learning Center

School Board Communications

March 2016

Week of March 1<sup>st</sup> – Happy birthday Dr. Seuss. We spent the week celebrating his birthday by reading his wonderful books. Teachers made green eggs and the kids had fun eating them. We also had a special visitor this week, Chief Collins. He came and read to the students and talked to them about always making good choices.

Week of March 7<sup>th</sup> – Space Week. The teachers taught the kids the names of all the planets, rockets ships going into space and aliens in space. Students got to make rockets with their names on it, used shaving cream to make the Earth and also made alien handprints.

Week of March 14<sup>th</sup> – Spring Break

Week of March 21<sup>st</sup> – We will start off the week with Open House and Book Fair. The teachers will make their favorite planet and put outside their door and dress up like aliens. The students and their families can come into each room and play some games before they go to the book fair. Moving right along, at the end of the week is party time, woohoo!!! Time for our spring egg hunt and Easter parties.

Happy Easter, everyone!!!

Week of March 28<sup>th</sup> – Our caterpillars should be busy at work spinning their cocoons. We can't wait for them to turn into butterflies so we can watch as we release them into this wonderful world of ours. Also, we will watch in awe as lady bug larvae transform into ladybugs as well. Spring has sprung!
