Elizabeth Janowiak
Director of Technology
Geneva School District

To: Donna Oberg
From: Elizabeth Janowiak
Date: June 4th, 2012

Please submit this purchase information to the BOE for the June 11th, 2012 meeting.

A component of the first phase of the Five Year Technology Capital Outlay Plan targets replacing antiquated desktop computers in various locations throughout the district. Inventory records, including computer age, warranty, and hardware specifications, as well as the expected use of the computers systems by staff and students, have been evaluated in determining which systems present an immediate need for replacement.

These computers will be installed in three computer labs at GHS: two business education labs, and one multi-purpose lab. This purchase will also include fifteen computers that will be used to replace aging computers in multiple office areas at GHS.

As is customary, the existing computers will be reallocated to other building locations, broken down to be used for spare parts, or recycled as necessary.

Equipment	Qty	Total Amount
HP Compaq 6200	108	\$64,800
Total		\$64,800
IL State Contract Pricing provided thru Victorin / Heartland Business Systems		

Please let me know if additional information is needed.
