# AI Teacher Training in W68 - JJH Planning & Prep

Here are the 5 sessions that took place this school year **at JJH** to build staff confidence and competency of generative AI tools. We began with the context of using AI for teacher planning and prep and also discussed how our knowledge of what AI can do can help start to shift our instructional practices.

Session	Progression	Context	Artifacts
Sept 2023	Intro to gen AI and prompt engineering	Explore AI prompts that elicit sophisticated responses from tools like ChatGPT and Google Gemini	☑ AI Meeting 1 - JJH ChatGPT Gemini
Oct 2023	AI's push for us to make student thinking visible	Understand the impact of AI on the future of education and what we can do now to prepare students for this evolving landscape	☑ AI Meeting 2 - JJH The Digital Learning Podcast Age of AI Explore Board
SIP Day 10/31	Holly Clark PD	AI for teachers 90 min sessions for the district-wide PD day	☑ Copy of 10/31 Junior HIgh AI ☑ Copy of 10/31 Elementary AI
Nov 2023	Refining prompt engineering skills part 1	Further our knowledge base of generative AI tools (text to image) and beginning to engage students in AI	☑ AI Meeting 4 - JJH AI Icebreaker (text to image) Magic School
Dec 2023	Refining prompt engineering skills part 2	Engineer AI prompts with a clear structure using the PREP model to help us plan and prep	☑ AI Meeting 5 - JJH 12 days of AI took place after this meeting (optional to engage)
