Mr. Steele stated that they would be hosting a community coffee the last Friday of each month to answer questions from community members and building staff. In addition, a QR code will be present on each construction site that will connect to a dashboard that will have updates as the projects progress. There will also be contact numbers for the project managers so that if there are issues or questions from the community, they can reach out directly to them. After their presentations, the architects and construction managers, along with the Superintendent and members of the board of education entertained questions from the audience.
