With temperatures soaring near triple digits, classes have taken the opportunity to cool off with some sweet treats.....

And a little reading in the shade!

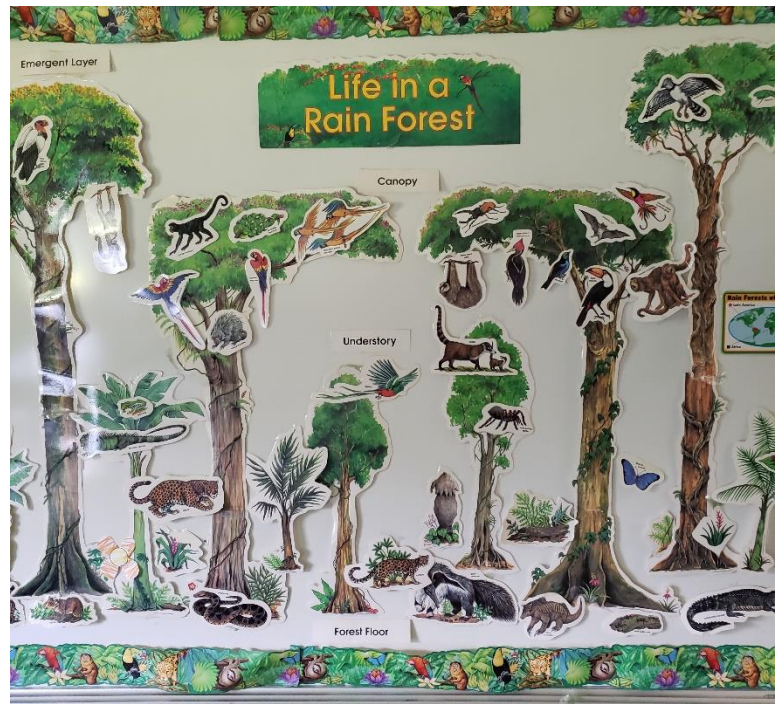

The Character Trait for the month of April was Perseverance. Perseverance is the willingness and ability to keep going when things are difficult or tough. Having Perseverance also means you give extra effort needed to do something despite how hard it is or how long it might take to reach a goal. Perseverance shows that you use your best effort, you never give up and you have a positive attitude. Students celebrated this month for their perseverance are: Camille Woods, Samanta Bauman, Cashton Coleman, Asher Breedlove, August Lehn, Kathreen Kemper, Gunner Neal, Bella Burtle, Lillian Schmitz, Paighen Miller, Will Chernisky and Lila Edwards. Congratulations to these students but also to their parents for teaching them this valuable life skill! In the month of May, we will be celebrating INTEGRITY.

In preparation for entering Kindergarten in the fall. Parents have begun logging onto our virtual screening tool to share information about their students to help us create Kindergarten class lists for 2022-2023. During registration July 18-29, ALL parents will be turning in preliminary paperwork like physicals, shot records, eye exams, etc. to be ready for the new school year.

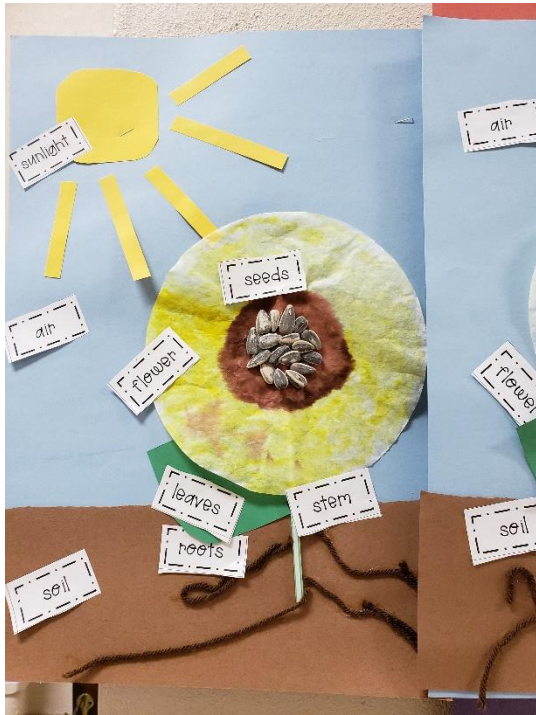

Washington School completed our final MAP testing for the year between May 2-6th

Mrs. Morrell's 2nd Grade class has been studying the Rainforest and how it effects and benefits the rest of our planet. They presented a program virtually to their parents and held an open house on May 3rd so that their parents could come and see the amazing projects they created during this learning experience. It was a wonderful family celebration culminating their learning unit. Thank you to Mrs. Morrell for creating such global awareness in our students.

As part of our science curriculum, we studied Lifecycles. The focus was on butterflies, plants, frogs and chickens! We planted flowers, watched videos of frogs in the wild, hatched chicks and ducks and released our butterflies into the wild once they came out of their chrysalis!!

We have a few more 100 Mile club additions. Added to the 25 mile club are Hunter Daniels, Aiden Denton, Jacob Cravens, Paisley Koontz, Emma Burget, Chloe Heldebrandt, Jayda Denton, Camden Malone, Blake Chrispen, Hudson Durham, and Olivia Lehn! Congratulations to each of these students who are demonstrating perseverance!

Teacher Appreciation week was May 2-6. The PTO of Washington (and Lincoln) School(s) provided a delicious meal to ALL STAFF in recognition and thanks for all the hard work done every day to benefit children. During this week, someone sent us delicious donuts for breakfast (or mid-morning snack?), DQ treats were in the freezer (Thank you!!) and teachers were presented with little containers of M&M's to remind them.....

Green is for the inspiration you give them every day.

Blue is for your patience, and showing them the way.

Orange is for your warmth and for your caring style.

Yellow is for the way that you ALWAYS make them smile!

Red is for all the lives you have touched this year.

You are a very special person, just like this jar- that is clear.

You have given knowledge to the children,

And have melted into their hearts and lives forever.

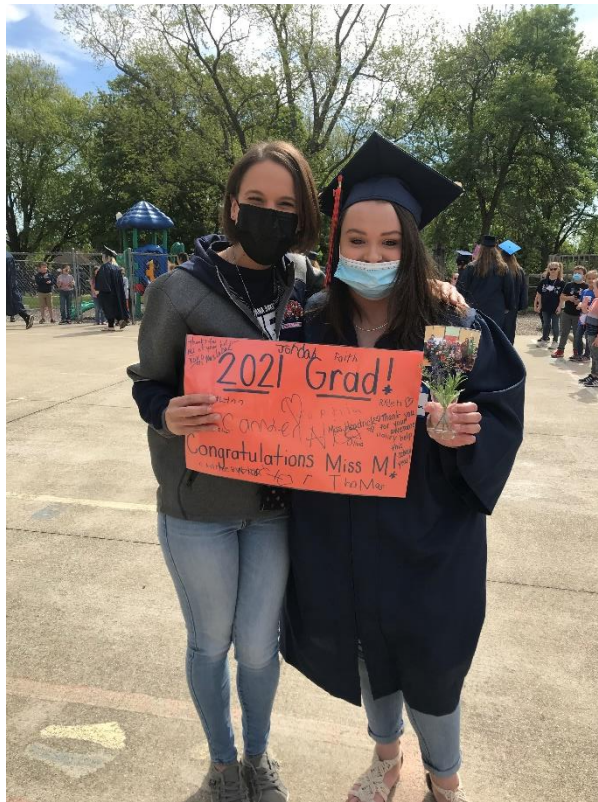

You are a "Magnificent and Marvelous" person
