Many thanks to Josh Jenks for planning and directing our inaugural Culture Week in Kokhanok. Your leadership and collaborative spirit are an inspiration to us all!

And thanks to all who have kindly assisted and applauded us here at the Kokhanok School as we enjoyed the good times, and stood by and guided us as we navigated more difficult times. We, the staff, look forward to working with you all next year as we strive to reach higher heights and make our little school even better than it already is.
