Proposed resolution: TASB advocates for **a school finance system to provide adequate and equitable resources for all Texas Public Schools.**

Statement of reasons: Specifically, the population of students enrolled in public education has increased by more than two million over the last 20 years. Eighty percent of students new to Texas enroll in approximately 80 school districts across Texas. The construction cost index, and state and local building codes have increased significantly during this time; however, the funding formula weights in the Existing Debt Allotment and Instructional Facilities Allotment formulas have remained frozen. Districts have large amounts of deferred maintenance due to the cumulative impact of the inadequate school finance and debt funding formulas.

I hereby certify that the above proposed resolution was approved by our board on _____.
