

SCHOOL DISTRICT ORGANIZATION

1:30 School District Philosophy

The philosophy of the District is that students shall:

- develop a positive self-concept.
- acquire academic skills as a foundation for on-going learning.
- recognize and value his/her own interests and beliefs as well as the rights of others.
- function as a responsible member of the school and community.
- develop appropriate social skills, character, and integrity.
- understand the development of our nation, government, and its underlying democratic principles.
- develop knowledge and skills in the fine and practical arts.
- develop physical abilities that promote healthy recreational activities.
- become an independent and responsible learner.
