35	<p><u>NCAA DIVISION I ELIGIBILITY</u></p> <p>In Division I Institutions, the NCAA (National Collegiate Athletic Association) has strict rules governing the eligibility of freshmen college athletes. Students who aspire to participate in athletics at the college and university level need to select high school courses appropriately and with great care. Only certain courses will allow a student to participate in intercollegiate sports. Alert your counselor of your ambitions and he/she will provide the necessary guidance during the course selection process.</p>	<p><u>COLLEGE ATHLETICS ELIGIBILITY</u></p> <p>Students who aspire to compete in college athletics (NCAA, NAIA, Junior College), need to communicate their intentions with their coaches and their school counselor. Students who want to participate in college athletics need to be sure they are taking high school classes that will count toward their college eligibility. The required curriculum at Lake Orion High School satisfies most of the requirements for college athletics. The school counselor will review course selections and recommend any changes needed in class selection for college athletics eligibility. It is the responsibility of the student to communicate their intentions to their school counselor.</p> <p>- College Athletics Eligibility is rewritten and replaced NCAA Division I Eligibility. The old description was too narrow. College athletics at all levels have specific requirements.</p>
