Child Care Center Update

The "Little Eagles Early Learning Center" will provide quality child care in a safe and rewarding environment where play and interaction are encouraged. Programming will be affiliated with the school district and will offer beneficial parenting activities as well as child care services. The child care program will be offered through the District's community education program. The program will operate on a weekly fee-based payment schedule.

Interested parents are encouraged to contact the school district at awarner@unity.k12.wi.us. A contact list is being compiled for when registration and rate information becomes available. Registration will be based on a first come, first served basis.

The construction of the center is moving along as excavation will begin shortly. The plans are at the state level for consideration and approval. The subcontractor bids were due last Friday and are in the process of being awarded. It is tentatively scheduled that the construction and the placement of the facility on the foundation will occur in mid-November. There will be about another month of finish work in preparation for its opening, anticipated to be late December.
