Hi Chris,

Thank you for preparing this draft. Just a couple of questions.

Is there a reason next year's first quarter ends on a Wednesday? It feels funny to have a new quarter start mid-week and then have two inservice days (Oct31-Nov1).

In any event, I can live with it.

Shelby

Good morning,

Attached is a draft calendar for the 2022-2023 school year. The attached draft calendar mirrors our current school year calendar, except that the dates have been updated.

To date, four staff members have replied with some recommendations to improve the draft 2022-2023 school calendar. If there are modifications you wish to propose to the school board for their consideration please reply to this email. I will save all replies and include in the October 27, 2021 CCSD School Board packet when the Board will be reviewing the draft calendar as a first reading.

Thanks in advance for your help with this matter.
