ACTION

BACKGROUND INFORMATION:

The school district has been working to improve the athletic facilities at the Baseball Field and at the Softball Field. These improvements include changing the outfield and foul line fences to cut down on wind and to improve the visibility for batters, to provide handicapped seating and sidewalks, to expand the parking, and to improve the landscaping.

We are still developing the plans and they will be presented to you at Monday's meeting. We will also present you with the costs for the project, and a resolution authorizing those costs to be paid from the District's Fund Balance.

BOARD ACTION REQUESTED:

We request that the Board approve the plans and the funding resolution presented.
