

**CONSIDERATION OF APPROVAL OF SUBMISSION OF WAIVER FOR MISSED  
DAYS DURING COVID19 SCHOOL CLOSURE**

**Action Item:**

This agenda item allows the Board to officially approve the submission of a waiver related to the missed school days due to the COVID19 school closure. This waiver may already be submitted, since the Board has previously given the superintendent the authority to submit waivers associated with the school closure, as needed. However, TEA has asked for these waivers to be given to local school boards for their retroactive consideration/approval too. As far as I know, every district across the state is submitting this waiver. (I plan to have a copy of the waiver available for your review.)

**Recommendation:**

I recommend the Board approve the missed school days waiver due to the school closure of the spring semester (2020) associated with the COVID19 crisis.
